

Talks On Treaty For Japan

Defense Officials To Discuss The U. S. Position In Seething Orient

TOKYO, Sunday, June 18.—(AP)—Secretary of Defense Johnson and Gen. Omar N. Bradley flew in last night for momentous talks with General MacArthur on the U. S. defense position in a seething Orient.

The defense secretary and the chairman of the joint chiefs of staff planned to plunge immediately into the task with two briefings today.

The key conversations are expected to deal with the question of an early treaty for Japan and continuing U. S. bases here thereafter.

Johnson told reporters at the airport, however, that the conversations with General MacArthur and other officials this week would deal with "the entire gamut of things."

He said he and Bradley were visiting the Pacific to see how "it enters into the defense of America and the peace of the world."

Information obtained here will be evaluated at Washington by the defense department and submitted to President Truman. He indicated any recommendations probably would be ready before August.

MacArthur and other top U. S. officials met the visitors at Haneda airport outside Tokyo.

Insist On U. S. Bases

Johnson said he would hold as many conferences with MacArthur "as necessary" to learn the Japanese situation. He also will confer with Army, Navy and Air officers and visit installations.

MacArthur is expected to urge an early peace treaty on the theory the occupation is wearing out its usefulness. But he also is expected to insist that the U. S. keep bases here for the defenses of the United States and Japan against the Communist threat in the Orient.

Johnson declared there was "no argument between Secretary of State Acheson and myself such as the press indicated" on the question of a Japanese peace treaty. There have been reports that the state department agreed with MacArthur on the need for an early treaty, while the defense department wanted to go slow while considering the defense questions involved.

Johnson said there may have been disagreement between other officials on the matter but he was not involved.

K. U. Love To Rotary Convention

Kenneth U. Love, advertising manager of the Democrat-Capital, president-elect of the Sedalia Rotary club, Mrs. Love, and their son, Kenneth, Jr., 422 West Sixth street, left Saturday, by automobile for Detroit, where Mr. Love will attend the International Rotary convention. This meeting, which opens this afternoon and closes on Thursday, is strictly a delegates convention.

Love will be installed as president of the Rotary club on June 26.

Four Sedalians Are Being Sent To Boys' State

Eleventh Annual Session From June 17 to June 24

Four boys, three from Smith-Cotton high school and one from Sacred Heart high school, have been chosen by several of the civic clubs of Sedalia to represent them at the 1950 session of Missouri Boys' State, June 17 through June 24.

Those going are: for Rotary, Bill H. McCrary, 17, of Smith-Cotton, son of Mr. and Mrs. K. P. McCrary, 105½ East Sixth street; for the American Legion, which sponsors the affair, William H. Wheeler, 16, of Smith-Cotton, son of Mr. and Mrs. E. E. Wheeler, 1419 West Fourth street; for the Lions club, Elmer Van Dyke, 16, of Smith-Cotton, son of Mr. and Mrs. Frank Van Dyke, route 1, Smithton, and for the Elks club, Philip Meyer, 18, of Sacred Heart, son of Mr. and Mrs. N. P. Meyer, 516 West Third street.

Being Held at Kemper

These boys left for Boonville where Boys' State is being held at Kemper Military academy, Saturday morning at 10:30. They were taken there by E. E. Wheeler, who is a member of Legion Post No. 16.

After they arrived at Kemper the boys were given a thorough medical examination and were assigned to cities, counties and "political parties."

The vent will be operated under the exact method of state government which exists in Missouri and the boys will have to obey all the laws which are set by the officials from "governor" on down to "city councilmen." They will hold their own elections.

During the stay the boys may enroll in one of the three courses of study, which are: law, parliamentary procedure or police work. The boys who take law will be required to pass a "bar examination" to "practice law" and the other members will supervise the methods of conducting the General Assembly and policing the state grounds.

State Officials as Guests

While the boys are there many state officials will be guest speakers and ample recreation facilities are provided. Among the sports in which the boys participate are: tennis, baseball, football, basketball, swimming, golf and all track sports.

In the morning the boys arise about 6:30 o'clock after which they have city general clean ups. The cleanest city is given merits and then, before their breakfast in Kemper's large mess hall, they will have forty-five minutes of calisthenics.

Various lectures and F.B.I. demonstrations will be given through the day when the boys are not attending their classes.

To Have Elections

After the three day sessions of school the boys will hold state elections and choose the state officials, after which the General Assembly will go into session. Also during the last part of the week the courts from supreme court on down to municipal courts will be in session having on their dockets some mock trials and real trials for boys who break rules.

During the many activities of boys' state there are numerous free periods which the boys may spend in their favorite sports and in the school recreation room.

The last night of the "mock state" a talent program of the counties will be held.

The next morning after the usual routine and breakfast the boys will be officially dismissed with a full knowledge of state operation and the cost of state and American citizenship. During the entire affair the state motto will be "Democracy Depends on Me."

This is the eleventh annual Boys' State.

Gen. Chen Yi, Lieutenant Of Chiang Kai Shek Is Shot

TAIPEI, Formosa, Sunday, June 18.—(AP)—Gen. Chen Yi, once one of Chiang Kai Shek's high lieutenants, was executed today on charges of conspiring with the Communists.

The 67-year-old general, first Nationalist postwar governor of Formosa, was shot to death this morning. Chiang himself approved the death sentence yesterday.

Reduce Air Academy Sites Down To Three

Rep. Christopher Says Engineers To Analyze Them

Julian H. Bagby, a member of the state committee appointed by Governor Forrest Smith, with reference to the Air Academy location, Saturday morning received a telephone call from Congressman George C. Christopher, Washington, D. C., with information on the national committee's activities.

The Congressman told Mr. Bagby the locating committee, in Washington, had employed a firm of engineers, in Chicago, to make a survey and analyze the 300 proposed sites over the country. They are instructed to eliminate 290 of that number, then out of that ten to bring the number down to three.

This information was conveyed by Mr. Bagby to Harold Seaberg, president of the Sedalia Chamber of Commerce. At the Chamber of Commerce office it was stated the organization has contacted the engineering firm, Holabird and Root and Burgee, 180 North Wabash, and is ready to furnish any information desired.

Report 'Pressure' To Secure Bank

SPRINGFIELD, Mo., June 17.—(AP)—The Springfield News and Leader says State Bank Commissioner H. G. Schaffner was "pressured" by Gov. Forrest Smith to issue a charter to the Peoples Bank of Branson, Mo.

The newspaper says it was informed that Commissioner Schaffner had made up his mind to refuse the charter because the Ozarks resort town of 1,500 already had a bank, the only one in Taney county.

After a reported visit from Governor Smith, the newspaper says, Schaffner was said to have told friends that either he would have to issue the charter or "somebody else will."

Both Governor Smith and Schaffner have denied the report, the newspaper says in a story by Joe Cody.

It added that Jim Owen, president of the bank, also denied it. The newspaper also said that a reliable source reported a conversation with Owen in which he was supposed to have said that a \$1,000 contribution was made to Governor Smith's political treasury in connection with the charter application.

Owen, the story said, branded the purported report "a damn lie" when he was reached at Little Rock, Ark., last night. The story quoted Ben Parnell, Branson merchant and vice-president of the new bank as saying that no "undue" political influence was obtained.

The Jefferson City law firm of Hendren and Andrae was retained by the new bank for the charter application, the News and Leader said.

John Hendren is chairman of the State Democratic committee. Earlier this week in Washington William Molasky, St. Louis race wire owner, reported he had given \$2,000 to Hendren for Governor Smith's campaign in 1948. Hendren said he had turned the money over to B. E. Ragland, then assistant treasurer of the state committee.

Fatal Accidents Toll Larger

Captain O. L. Viets reports 951 accidents have been investigated by the Missouri State Highway Patrol during the first five months of 1950, in the thirteen mid-western counties outside of cities of 10,000 or more population. There were 736 accidents during the corresponding period of 1949.

Thirty-seven persons have been killed in these accidents compared to 31 for the same period in 1949. 725 persons have been injured and the property damage has been \$453,793.

In May, 1950, there were 16 accidents, none killed, 13 injured and a property damage of \$7,785, in Pettis county. In Saline county, there were six accidents, none killed and one injured. In Johnson county there were 15 accidents, none killed and 12 injured. Benton county had six accidents, one killed and four injured during the month of May.

Blanche Howard Is Recommended To Jail

KANSAS CITY, June 17.—(AP)—Miss Blanche Howard, who refused to answer questions of a federal grand jury, was recommended to jail today for civil contempt of court.

The 45-year old Jackson county employe was held in contempt after the grand jury reported she obstructed its investigation of crime by giving evasive answers as to the source of \$18,000 she deposited in various banks during a six year period.

"Dad"

He walks the floor in the middle of night
Holding his squalling infant tight,
He buys, the first year, every kind of toy
That should belong to a big girl or boy;
And as baby grows older he takes it on walks
When daddy and youngster have heart to heart talks
He makes sleds, doll houses, little wagons and things
Fixes dollies that break and puts up their swings
He gives nickles and dimes for this and for that
He wants them to have a dog or a cat,
He takes them in swimming, he takes them to shows
He carries their pictures wherever he goes,
His daughter's a beauty, his son is so smart,
He brags, just a little, on those closest his heart,
He's a wonderful man to each lass and each lad
For no other hero quite comes up to Dad.

Heavy Loss In Seals Off To A Flash Flood Investigators

Woman Drowns As Several Ohio Towns In Wake

CROOKSVILLE, Ohio, June 17.—(AP)—A flash flood rolled down a narrow southeastern Ohio valley last night, leaving one dead and damage only partly estimated at more than \$1,500,000 in its wake.

The water, piled up by a near-cloudburst, caused the explosion of a pottery kiln, destruction of the pottery by fire, failure of power for a big segment of the area and flowed into seven towns and villages.

Pottery damage is estimated at \$1,000,000. The Ohio Power Co. set damage to its substation in Crooksville at \$250,000. The mayor of Crooksville said his citizens faced loss of \$250,000.

But, these preliminary estimates did not take into account the many inundated homes and business places in other communities and on farms. Authorities said no complete accurate estimate of property damage is available.

"It was the worst thing I've ever seen around here," said Mrs. William Dalrymple of Rose farm, also known as Tropic, a village of 200 persons in the northwest corner of Morgan county.

Left Muddy Mess

An Associated Press staffer called Crooksville a "battered, muddy mess."

Druggist Edgar Souder said he and his wife were at a movie when they heard the fire siren and rushed out. Told it was a flood warning, they hurried home to change clothes before going to their store.

"In 20 minutes the water rose four feet," Souder related.

A four-hour downpour last night sent Jonathan and Moxahala Creeks out of their banks over a 25-mile square area in Muskingum, Perry and Morgan counties.

The water ran seven feet deep through this town of about 3,000 but eased to about two feet by midday.

Mrs. Alice Adrian, 55, drowned in Rose farm, a village about five miles from here. Rescuers recovered her body. Five homes there were destroyed and residents of 20 others forced to evacuate.

Other towns hardest hit by the deluge were Roseville, another pottery center; Tropic, White Cottage, Saltillo, and Fultonham. Most are mining villages.

Civics Council Elects Officers

The Sedalia Council of Civic Clubs met Friday noon at the Bothwell hotel at which time election of officers were held. Kenneth Buchholz was elected president; Maurice Hogan, vice president and Mrs. Ivan Berry, secretary-treasurer.

The remainder of the meeting was devoted to discussion of further projects.

Handicap In Mail Service Cut Brings Inconvenience Here

Since Postmaster General Donaldson's "economy" cutback in mail service has been in effect in Sedalia the past week, it is reported that some businesses have been handicapped, in addition to many complaints issued by the patrons of Sedalia, whose letters and checks come limping in hours late, etc.

Ernest O. Holst, secretary of the Missouri State Association of Letter Carriers, made the following statement: "The curtailment of order of April 18, 1950 works a hardship on the postal personnel and reduces the service to the American people out of all proportion to the amount of money saved."

"The Letter Carriers of Missouri have taken a stand against the working conditions now imposed upon them and are opposed to any

May Scan Income Tax Returns Of Many Racketeers

By John B. Owen
WASHINGTON, June 17.—(AP)—President Truman today tore the seals of secrecy off the income tax records of underworld big shots for the eyes of Senate investigators.

The action handed a powerful weapon to the inquiry committee digging into crime and corruption. At the same time Mr. Truman ordered all executive departments to cooperate with the committee to the fullest extent. He already had told Chairman Keafner (D-Tenn.) he would do everything in his power to support the investigation.

The committee can call for what it wants in the way of federal tax returns on income, excess profits, declared value, excess profits, capital stock, estates and gifts for any period up to and including 1949.

A committee official said it has "no pre-determined list of names of persons whose taxes it wishes to investigate."

Severs Red Tape

"This just cuts through the red tape and gives us access to information as we develop our cases," he said. "The names we submit will depend on the developments."

Many racketeers have been reputedly meticulous about accounting for all income since Al Capone got tripped up for income tax evasion. However, the committee's new power will lay bare the source of that income.

Although income tax returns are secured the law provides for their disclosure in certain cases. Mr. Truman recently observed at a news conference that the war investigating committee which he headed in the Senate was given the right to examine them.

This privilege came from President Roosevelt when the committee wanted to see some contractors' income tax returns. The President has the right to tell the revenue bureau to disclose a return to anybody, but this right is rarely used.

Gen. McLaughlin At Officers Meet

FORT LEONARD WOOD, Mo., June 17.—(AP)—Key officers of the 35th National Guard division of Missouri and Kansas met here today to make plans for the annual summer field training period beginning Aug. 13.

Members of the general and special staffs attended staff while regimental and battalion commanders, operations officers and separate company commanders inspected areas where their units will be quartered and trained.

Among those attending was Maj. Gen. John C. McLaughlin, Sedalia, commanding general of the division.

Three Dead In In Cloudburst In Washington

Which Snowballed Down Canyon Early Saturday Morning

POMEROY, Wash., June 17.—(AP)—Water from a cloudburst snowballed down a country canyon at 2 in the morning today. An elderly couple and their son, struggling to escape from a farmhouse, were swept away and drowned.

Three Save Themselves
The victims and the wife and two children of the son were about to leave their sturdy, two-story home when a wall of water 20 feet high struck it and knocked it off its foundation.

Herman Baden, 75, and his wife, 69, were pitched from the porch into the raging torrent. Their son, Carl, 41, jumped in after them in a rescue attempt. His body was found eight miles from the house. His mother's body was recovered in the yard. Baden's body hadn't been located hours later.

The younger Mrs. Baden was taken to the home of her sister-in-law, Mrs. Richard Waldther, who was able to piece together this story of the survivors' escape.

Piece Story Together
"They were all coming out of the house when the porch crumpled. The two older folks went down. The young Mrs. Baden and her daughter, Alice, 17, clung to each other and somehow reached the bank."

"Carl and his son, Lyle, 14, were trying to help the older folks. Lyle was knocked out and when he came to was clinging to some grass at the edge of the bank."

Lyle and Alice went back at daylight and helped in the search for their father's body.

Man Kills Self At Montserrat

Robert S. Draper, 74, of Montserrat, who had been in poor health and a despondent mood for sometime took his life Saturday afternoon at 4:00 o'clock. He had just returned from a visit with friends when he went out into his back yard laid down on a cot and shot himself in the right temple. He died instantly.

Found by Housekeeper

Mr. Draper had never married and he was found by his housekeeper of over twenty years, Mrs. Martha Miller.

"The body was taken to the Sweeney-Phillips funeral chapel in Warrensburg where the Johnson county coroner held an inquiry Saturday night. The verdict of the inquest was "the deceased died of self inflicted gun shot wounds."

Born Near Montserrat

Mr. Draper is survived by three brothers, William, Arch and George all of Montserrat. He was the son of the late William and Caroline Stuart Draper and was born December 31, 1876 northeast of Montserrat.

He was preceded in death by one brother, Charles, and three sisters, Mrs. Elsie Bethel, Mrs. Anna L. Kilburn and Miss Donna Draper.

Funeral services will be held Monday afternoon at 2:00 o'clock at the Sweeney-Phillips funeral chapel.

Burial will be in the Sunset Hill cemetery near Warrensburg.

Have Open House On 100th Birthday

BOONVILLE, Mo., June 17.—(AP)—William Henry Ellis will observe his 100th birthday next Wednesday with an open house at the farm where he had lived all but one year of his life.

The only break in his long residence at Woodland farm, where he was born, came during World War I. His sons were called into service and he was unable to care for the farm. He lived a part of the time here and part of the time in Prairie Home during that year.

He is the third William Henry Ellis—grandfather, father and son—to own the farm, continuously occupied by the Ellis family since the first William Henry came to Missouri in 1844.

Ellis quit school early and began trading in cattle. He bought up enough for a herd and drove them to land near Sedalia for grazing. He paid 25 cents a head for a six-months period. At 19 he was managing his father's farm.

The farm is now owned by a daughter, Mrs. Morton Tuttle and her husband, with whom Ellis makes his home.

His other children are Edward Ellis, Pryor, Okla.; Dr. Roy Ellis, Okmulgee, Okla.; Lance Ellis, Ponca City, Okla.; Sam T. Ellis, Kansas City; Clay Ellis, Mound City, Kas., and Graham Ellis of the home.

Councilmen In Informal Caucus

Sedalia's eight City Councilmen, all Democrats, and City Clerk J. M. Bailey, met in an informal caucus Friday night, at the business house of Earl Lashley, one of the members, 119 East Third street, at the call of the president pro tem, Elmer C. Summers, Mayor Herb Studer, Republican, had announced at the last council meeting there would be no more private caucuses, and he was not present.

The aldermen discussed street work, appointments, and other civic affairs they expect to have come up at the regular Council meeting at 7:30 o'clock Monday night.

Sixth District Demo. Clubs Meet Tuesday

Three U. S. Senatorial Candidates Will Be Here For The Picnic

The Women's Democratic Clubs of the Sixth Congressional District will hold a picnic and rally at Liberty Park, Tuesday, June 20, at which a large attendance is expected, not only from Sedalia, but from the other eleven counties in the district. The Pettis County Women's Club is acting as the hostess club to the visiting Democrats.

All Democrats Invited

Although the meeting is a Women's Sixth District gathering all Democrats have been invited to attend and hear the principal party candidates who are seeking the nominations for various offices up for election this fall. All of the Pettis County candidates are expected to be present and will also be introduced.

Three of the Democratic candidates for the U. S. Senate, Thomas C. Hennings, Jr., and Marjorie Bell Hinricks, both of St. Louis, and Emory W. Allison, Rolla, have written the local committee on arrangements. They would be present as did W. H. Holmes, candidate for re-election as State Auditor.

Hilary A. Bush Speaker

Hilary A. Bush, County Counselor of Jackson county, and whose home is in Kansas City, will deliver the principal address of the evening. William F. Brown, prosecuting attorney of Sedalia, will introduce the speaker. Mr. Bush and Mr. Brown attended law school together.

Mrs. Virginia Montgomery, Stockton, Mo., District President of the Women's Clubs will also be present at the meeting. The meeting and gathering will be at 5:00 o'clock in the evening with the picnic dinner being served at 6:00 o'clock. In case of rain the picnic will be moved indoors in the Liberty Park convention hall.

Roth 'Principal Conspirator'

WASHINGTON, June 17.—(AP)—Emmanuel S. Larsen, a defendant in the 1945 Amerasia case, has told senate investigators that in his opinion diplomat John S. Service's wartime reports from China "had a Communist slant." It was learned today.

The official transcript of Larsen's sworn testimony to a senate foreign relations subcommittee also quotes Larsen as saying, however, that he does not regard Service, a U. S. foreign service officer, as a Communist or as pro-Communist.

Larsen, a former state department employe, was before the senate inquiry group at closed sessions on June 5 and 6. Some newsmen today obtained a copy of Larsen's testimony, which has not yet been made public by the committee.

Larsen, it was disclosed, told the group that a co-defendant in the Amerasia secret documents case, former Lt. Andrew Roth, was the "principal conspirator" in the episode, which involved the alleged theft of hundreds of secret government documents. Larsen also reiterated his 1947 testimony to a house committee that Roth is a "real Communist."

Fisherman Collapsed After Hooking Fish

ALTON, Ill., June 17.—(AP)—A St. Louis fisherman collapsed and died today, apparently from a heart attack, shortly after he had hooked a 1½ pound carp at Harbor Point fishing lake.

He was August K. Mehring, 48. Companions said he was swinging the fish toward their rowboat when he was stricken.

Lost Key Found Embedded In Fire

MONROE, La., June 17.—(AP)—Bill Barney, a garage man, lost a valuable key while en route from Monroe to Jacksonville, Fla., four months ago.

Otto Cash came to the garage the other day to have a flat tire repaired. They key was crushed into the tire.

Phones Rate Hike Granted

PSC Makes It In Alloting Increase Of Three-and-Half Million Dollars

JEFFERSON CITY, Mo., June 17.—(AP)—The Southwestern Bell Telephone company was granted a rate increase of \$3,500,000 a year today by the Missouri Public Service Commission. Bell had asked a \$5,000,000 increase.

The new rates will take effect July 1. They are in addition to an increase of \$3,400,000 granted March 10, 1949, which is tied up on appeal in Cole county circuit court.

The commission noted that the new rates, added to an increase of \$780,000 from direct advertising, will yield \$4,280,000 a year. That amounts to additional net operating income of \$2,610,800 after taxes.

In its unanimous decision the commission said "increased revenues have utterly failed to keep pace with increased construction costs and costs of operation."

"While this company is noted for the excellence of its service, it must be admitted that since the war it has rendered neither adequate nor sufficient service."

The commission insisted that Bell "proceed at once to construct the necessary plant to render adequate and sufficient service to its Missouri subscribers."

Big Increase In Phones

The commission noted that the number of Bell telephones in the state rose from 592,446 in 1945 to 816,222 in 1949. During this period the company spent \$64,202,211 in additions to its plant. But at the end of 1948 it still had 15,683 applicants waiting for service and 95,552 wanting a higher grade of service.

And in the next few years, the PSC said, Bell will have to invest millions more to improve its service.

Bell will work out new rates for telephone users and submit them to the commission for approval before July 1. About half of the extra \$3,500,000 allowed will come from the St. Louis area and the rest will be spread over the state.

The new rates generally will be applied on the same basis as the 1949 increase. That first increase has been collected by the company since it was allowed, but the revenue has been impounded until litigation about it is completed.

Terms It 'Inadequate'

"The Commission's order is a step

Style Guide for today's woman
By Frances Sagaloff at Sage's

Most of you are planning your vacation now, and you are wondering what clothes you'll need. Take time out and make a list of the things you probably will be doing and decide on appropriate clothing for the occasion. Don't overlook the small items such as scarfs for your head, correct costume jewelry, adequate supply of lingerie, and perhaps an extra smart skirt and blouse.

There isn't anything that will spoil a vacation quicker than to find you don't have the right wardrobe or to run short of clothes. This particular season, when all types of clothing are less expensive than in past years, a wise shopper will be able to find a complete wardrobe regardless of budget. Simple clothes pack well and it is smart to build your wardrobe around as few sets of accessories as possible.

Remember to take along a travel iron.

'see you at... the Country Club'

After a week of very little activity at the club, we will start out again in a mild way with Sunday supper tonight. The dining room is finished as far as the painting is concerned and our new drapes will be up by Wednesday of next week. Call Myrtle this morning if you decide to come for dinner.

The living room is partly painted. Ceiling and fireplace are dark green, three walls light green and one wall a charmin' shade of rose. One other decorative note—a large frame for our mirror, white, which will pick up the white background of slip covers, lampshades and other decorations. Yummy! The dark ceiling cuts the height and makes the room so much cozier. The space is all still there, but it doesn't look so large. I hope you like it—and I know the house committee hopes so. You'll never know how hard they've worked. I think they've all gotten to the place, what with criticism and praise they say "if you don't give us cash, at least give us credit" looks to me like a job well done.

Wednesday the inter-city golf match was held at Fulton. The team from Sedalia was composed of Mayor Herb Studer, Dick Gorrrell, Charles and Gentry Patterson, Cecil Owens, Forrest Benner, John J. McGrath, Judd Grayston, John Van Dyne and Joe Benson. This was the first match of the tournament and the next match will be held at Jefferson City next Wednesday. I hate to say it, but we came in fourth. Columbia came in first, Fulton and Jefferson City tied for second and we made last place. There were only 35 points separating the first team from the last team so we're not so bad as we look! Judd Grayston was medalist with 3-A-77, a fine score for his first attempt at playing the Fulton course. Judd was also high point man for Sedalia with 31 points. There is still plenty of opportunity for Sedalia to better its position so don't get discouraged.

Mrs. Lawrence Barnett was in charge of last week's Ladies Day Golf tournament, which was a blind bogey event. Winners were first, Mrs. Leroy Hodges, second, Mrs. Fred Hulse, and third, Mrs. C. W. Mathieson. The regular Ladies Golf day will be next Tuesday at 9:00 o'clock.

The very worst moron story I've heard applies to our swimming pool. Please bear with me while I repeat it. "The moron dove into the swimming pool exclaiming, 'Gee—Wish it was the 24th.' 'How come?' asked a bystander.

Legion Team Will Play Out Of Town Today

Legion Boys Beat Teen-Age Blues In 10-Inning Game

The Sedalia Junior Legion baseball team will journey to Concordia for a regular league baseball game on the St. Paul College diamond, to start at 2:30 o'clock this afternoon.

The team will leave from the Smith-Cotton high school diamond at 12:30 o'clock this afternoon. David Johnson and Ralph Schulz will be used on the mound, with Larry Mines and Johnny Cochran behind the plate.

Tuesday night, the team will play host to the Warrensburg club, under the lights of Liberty Park. Virgil Rodgers, will get his first home assignment on the mound for the Sedalia team.

10 Inning Spectacle

The Sedalia Legion team defeated the Teen-Age Blues at Liberty Park Friday night in a ten inning spectacle which ended by a score of 6 to 5. The starting batteries for the two teams were: Legion—Barnes and Cochran; Blues—Fisher and Lees.

The Legion scored their first run in the first inning. Broadbuss, the lead-off man grounded to first base; Morgan hit a single and stole second base, after which he scored on an error. The Legion then went down without scoring again in that inning on a strikeout by Shawver and a hit on second base by Dey.

The second run for the Legion was scored in the second frame. Bartlett led off and walked, O'Bannon singled and stole second and Bartlett was picked off at home trying to steal. Cochran singled and stole second. Barnes flew to third base, Broadbuss got on base on an error which scored O'Bannon. Cochran was then picked off at third base.

Big Inning for Blues

The Teen Age Blues yielded all their runs in the fourth inning and were sparked by a triple by Watson. Lees the lead-off man flew to shortstop. Lees got on base by an error by the shortstop. Walters singled to centerfield, the center fieldman threw to second baseman who cut off Lees. B. Higgins singled and sent Walters to second, an error by the first baseman and Fisher walked filling the bases. Thomas got on base by an error of the second baseman, scoring Walters. D. Higgins got on base by an error by the first baseman, scoring B. Higgins. Watson hit a long triple into centerfield scoring Fisher, Thomas and D. Higgins. This gave them their five runs and the next man up Vaughn flew out.

The Legion team scored two more runs in the fifth inning. Morgan grounded out to the third baseman, Shawver walked, Burton walked, Shawver was cut off at home trying to score on a pass ball then Dey singled scoring Burton. Bartlett doubled scoring Dey and the last man up, O'Bannon, struck out.

Tied Up in Sixth

The Legion team with four runs tied up the game in the sixth inning with one run to make the score 5-5. Cochran struck out, Schulz singled, took second on a passed ball and stole third. Broadbuss got a base on balls and took second base on a passed ball. Morgan grounded to the pitcher and then Schulz scored on a passed ball. Shawver made the last out by hitting to the shortstop.

With the score tied the Legion team scored one run in the tenth inning to win the game 6-5. Dey the leadoff man singled and then stole second. Burton sacrificed, Dey to third base. O'Bannon singled to score Dey and the game was over.

Winner At Grandview To Play In Sedalia

WICHITA, Kan., June 17—(AP)—The National Baseball Congress today announced that it had issued a franchise for a sanctioned district championship baseball tournament at Grandview, Mo., July 3 to 9, with the winner to be certified into the 15th annual Missouri state championship tournament at Sedalia, starting July 21.

Trojans Took NCAA Track Championship

Stanford Second, Yale Third And N. C. Took Fourth

By JERRY LISKA
MINNEAPOLIS, June 17—(AP)—Southern California's well-phalanx Trojan rolled to their 14th team title and two meet records were pulverized in the 29th National Collegiate Athletic Association track and field meet today.

The defending champion Trojans scored only one first, Dick Attlesley's high hurdles triumph, but stocked up four seconds for 49 1/5 points. Runner-up was Stanford with 28.

Dark Horse Faded

Yale faded as a dark horse threat, finishing third with 27. North Carolina took fourth on a one-man show by Bill Albans, who tallied all his school's 22 points for individual scoring laurels.

Other leaders among the 48 schools which competed at the University of Minnesota's Memorial stadium were Morgan State College, only team to take two firsts, and California with 20 each; Rice with 18 and Occidental with 17.

The new records were fashioned by two-miler Don McEwen, Canadian bred University of Michigan sophomore, and by defending champion Jim Fuchs of Yale—for the second straight day—in the shotput.

McEwen made a farce of his heralded duel with Jim (Super-Chief) Newcomb of Southern California, winning by 100 yards over the Trojan sophomore in 9:01.9, seven-tenths of a second ahead of the 1939 record of 9:02.6 by Notre Dame's Greg Rice. Herb Semper, Kansas, was third.

Bettered Old Record

Muscular Fuchs, on his first of three final tosses, winged the shot 56 feet, 11 1/2 inches, topping his yesterday's record trial heave of 56-7 1/4. That had bettered Fuchs' own 1949 record of 56-1 1/2.

Four of six returned champions successfully retained their titles. Defending pole vault champion Bobby Smith of San Diego State accounted for one of five new Memorial Stadium marks with a winning leap of 14 feet, 2 1/2 inches. The other stadium marks included the shot-put, two-mile, broad jump and 880.

Beyond the feats of Fuchs and McEwen, who simply ran the high ly touted Newcomb into the ground, the meet produced only average performances. Despite chilly 60-degree weather and a 15-mile wind, a crowd of 10,608 watched Southern California's methodical triumph.

New Field Record

Morgan State's Bill Brown won the half-mile in 1:51.2, a new field record at the University of Minnesota's Memorial Stadium. Yale's George Wade, leading 880 qualifier, wound up sixth.

The other Morgan State first came on George Rhoden's 47.2 triumph in the 440 where defending champion Charley Moore or Cornell finished fourth. Jim Lonery, Drake, was sixth.

Another defending champion was dethroned in the discus, won by Montana's Dick Doyle with a toss of 171 feet, 5 inches, his first qualifying toss yesterday. Titleholder Vic Frank of Yale finished fourth.

Defending champion Don Gehrmann of Wisconsin easily retained his mile crown with an unharried 4:12.4 triumph. Gehrmann finished 20 yards ahead of Penn's Tom Kiwan for his third straight NCAA crown. Bob Karnes, Kansas, was fourth.

MINNEAPOLIS, June 17—(AP)—

Table of points in the 29th NCAA track and field meet at Memorial stadium today:
Southern California 49 1/2; Stanford 28; Yale 27; North Carolina 22; Morgan State College and California, 20 each; Rice 18; Occidental 17; San Diego State 14 1/2; Texas and Kansas State 13 each; Tulane 12; Pennsylvania and Michigan State 11 each.

Expect Biggest Golf Meet In City This Year

The Second Annual Pro-Amateur Event Opens June 26

One of the biggest golfing events ever to be held in the city of Sedalia, will be the second annual Sedalia Pro-Amateur Golf Tournament, to be staged all day, Monday, June 26 at the Sedalia Country Club golf course. Over \$500 in cash awards and prizes will be presented to the low shooters in this classic, being sponsored for the second time by the Sedalia Athletic Association.

Starts Early

The 18-hole tourney will get underway that morning at 6:00 a.m., and at the conclusion of the tourney, late in the afternoon, a golf clinic, conducted by several pros, under the auspices of the Mid-West Professional Golfers' Association will take place.

A similar clinic was held last September, during the first annual meet, and it attracted a large gallery, and proved interesting and worthwhile. Golf enthusiasts will not want to miss the clinic this year.

Although the tourney was successful last year, it is expected to be even more this year, because a bigger purse is at stake, and the earlier season, should attract more famed golfers this year.

Good Golf Reputation

This golf tournament has the reputation of being the largest event of its kind here in Central Missouri, and it is anticipated through the participation of well known pros and amateurs over the state and out-of-state, as well as local golfers, Sedalia will wind-up as a big attraction each year on the golfer's playing list.

According to Dick Sklar, tourney chairman, many professionals and amateurs from out of town have signified that they will be here to play in the tournament. Also a large number of golfers from the Sedalia Country Club and Elm Hills Golf Course, have indicated they will be in there shooting for a low score, come Monday, June 26.

Among the pros from out of town entered are: Leland Gibson of Blue Hills in Kansas City, Tom Talbot, Hillcrest; Leonard Dotson, Kansas City; "Dutch" Stamberger, Swopes Park; Grave Duvalle, Jr., Kansas City; Paul Miller of Kansas City Golf Course; Bob Black, Rockwood Club of Independence; Walter Ambo, Webster Groves, Mo.; Ray Dotson of Springfield and other leading pros.

Amateur Golfers

Some of the amateur golfers who have indicated they would be here for the meet are Jim Tom Blair III, Jefferson City, Glen Oatman, former Missouri state amateur golf champion, Independence; Mat Palacio, Jr., former state champion of California and Kansas, also Broadmoor open champion, Wichita, Kas.; Jim McKinney, Columbia; Bob Carrell, Kansas City, and Ramey Watson, Kansas City.

Sport Scraps

By D. Kelly Scruton

THE annual story on the fence sitters must come up at this time. That is, the fence and car top sitters at Liberty Park who would rather climb a fence and tear his or her pants to see a baseball game free, rather than go through the gate and donate his or her little admission, so baseball clubs can continue to operate.

Last week, when the Cubs were playing there were nearly more people either on the fence, sitting on top of their cars and trucks, than were in the grandstand. In fact a count was made and when the 100-mark was reached the counting ceased—it was too much for the ball club. The Cubs are having a hard enough time getting people inside the park, without the fans taking to the fence.

It costs approximately \$8.50 an hour to turn on the lights, it costs \$5.00 for ground keeper, it costs for the ticket seller, it costs for the advertising, and most of all the baseball cost plenty. These so-called cheap fans, who would rather sit outside the ball park and see a game for nothing, have among their numbers "ball thieves." That is when a ball goes sailing over the fence it disappears in somebody's car or pocket.

There is a Park ruling and a fine can be assessed for anyone parking within twenty-five feet of the fence, the ruling also calls for a fine for anyone crawling on top of the fence. It is bad enough for people to break this rule, but when it becomes necessary to hire police to patrol the fence and make arrests and take these people to police court—that is bad.

If the practice continues, ball club managers have decided to have the rules and the City Ordinance governing the ball park properly enforced.

SPEAKING of baseball, Sedalia has produced two of the best

teams in the amateur lot, it has had in several years in the Junior Legion and the Chiefs Ban Johnson clubs. The Cubs in the semi-pro division have had their ups and downs this year, but are coming through to provide better baseball.

The Junior Legion has been coasting through the season, winning game after game, but the competition will grow stronger and stronger as the team prepares to go into regional tournaments and into the State tournament. Then the team will have to prove its real strength. To date the local Legion team has been meeting the strongest competition in this section of the state and has always succeeded in pulling over the hump to win.

No argument—Sedalia's Junior Legion to our way of thinking is the best—but lets keep going boys, its' a long way to State Tournament time.

In the Ban Johnson League, that brand of baseball has turned into almost a College circuit. Year after year it has become a little tougher and this season it is just downright tough.

The entire circuit is studded with College players. These players have come up through Ban Johnson baseball during their high school days, gone away to College, made College teams and are still playing with their home teams in many cases.

One day a team is on top of the league, the next game in a tie, and sometimes the next down the line and back up again. Baseball in the Ban Johnson league is about as even as the leagues has ever been.

The Cubs have had their troubles, but have succeeded in holding together and have secured additional players to strengthen the team. The Cubs have announced they will be "loaded" for the Missouri State Tournament next month, and will be out to win.

Roundup Of Big Leagues On Saturday

NEW YORK, June 17—(AP)—Big Don Newcombe was near-perfect today as he pitched Brooklyn Dodgers to a 10-2 triumph over the league leading St. Louis Cardinals.

The Negro right-hander stopped the Red Birds on live hits, fanned eight and walked only one in posting his seventh victory of the season. The triumph slashed the Cards' advantage over Brooklyn to one and a half games.

Home runs by Red Schoendienst and Ed Kazak in the first and ninth innings, respectively, accounted for all of the Cards' runs.

Trio of Card Pitchers

The Dodgers pounded a trio of Cardinal pitchers for 14 hits. Jim Russell, Roy Campanella and Duke Snider led the way with home runs. Campanella's clout was his 14th of the season and his fifth in as many games. The Dodgers wrapped up the game in the first inning when they slugged Howie Pollet for four runs.

Right-hander Robin Roberts pitched the third place Philadelphia Phils to a 3-2 victory over the Cincinnati Reds. The triumph was Roberts' eight against two losses. Johnny Wyrostek homered with one on in the first to account for both Cincinnati runs.

The fourth place Boston Braves scored 10 runs in the eighth inning to crush the Pittsburgh Pirates, 15-6. Home runs by Tommy Holmes and Sam Jethroe featured the Braves' explosion that sent Hank Borowy, making his Pittsburgh debut, down to defeat.

Home Run Game

Home runs also played a prominent part in Chicago's 9-7 victory over the New York Giants. Hank Sauer, Roy Smalley and Ruben Walker unloaded for the Cubs, who got off to a running start with a five-run first inning. Wes Westrum and Hank Thompson homered for the Giants.

The Detroit Tigers widened their American league lead over the New York Yankees to two and one half games by shading Boston, 2-1 while the Yanks bowed, 7-3, to the Browns in St. Louis.

George Kell singled in both Detroit runs to give Ted Gray the nod over Mel Parnell in a battle of southpaws. Gray stopped the Red Sox on seven hits in gaining his seventh victory while Parnell allowed eight in suffering his second defeat in seven decisions.

Stubby Overmire, a former Tiger, surpassed his 1949 victory total in beating the Yanks. The little lefty, who won only one game last year, now has two conquests to his credit.

A Near Shutout

Overmire had the Yanks shut-out on five hits going into the ninth when he weakened and gave up four hits, two walks and three runs. He left with the bases loaded and two out, in favor of former Yank Duane Pillette. Pillette got pinch-hitter Gene Woodling to ground out to end the game.

Rookie Don Lenhardt led the Browns at bat by driving in four runs on his ninth homer, a double and fly ball. Fred Sanford was charged with the loss. His first in five decisions.

Indians Shaded Phils

The Cleveland Indians scored two runs in the ninth inning on a pair of errors by Kermit Wahl to shade the Philadelphia Athletics, 6-3. Bob Kuzava, a former member of the White Sox, stopped the Indians to take over third place from the Red Sox by 13 percent.

lonia Nosed Out Green Ridge 4-3

The Green Ridge softball team met defeat Friday night on their home diamond at the hands of the Ionia softballers. A powerhouse ball club of the Tri-County League, it was a 4 to 3 victory for the Ionians.

Tommy Sanders, of Sedalia, who has been the harrier for Ionia for the past three seasons held Green Ridge hitless for six and two-thirds innings, when he gave up a walk and a Green Ridge pasted one for a long drive. It was the first loss of the season for Rothenberger.

Ionia has won four and lost one so far this season and has several games to make up before the season ends, these games having been postponed due to weather.

Batteries last Friday were: Rothenberger and Durrill for Green Ridge and Saunders and Keyte for Ionia.

Green Ridge plays at Home Friday night, meeting Versailles at 8:00 o'clock.

Knights Beat Stover Here Friday Night

Sedalia Softball Team Will Be Host Twice This Week

Playing their first night game of the season on the new softball diamond at Center Park, Fifteenth street and Center avenue, the Sedalia Knights of Columbus teams defeated Stover by a score of 16 to 14 Friday night.

The rain, which came earlier in the evening, made the grass slick and caused difficulty in fielding. Both pitchers were hit rather hard. Cramer, for the Knights, gave up 13 hits and Self, Stover's hurler, was tapped for 15 safeties.

After Stover scored four runs in the first inning the Knights came back to score three in the first and six in the second and were never threatened. Stover scored seven runs in the last two innings, but the Knights held the rally short.

Circuit Drives

Ash and D. Weller hit circuit drives for the Knights and Harrell homered for Stover. The new field was unfamiliar to the teams and this contributed to the amount of hits that got through the fielders. Both teams were accreted with double plays.

The schedule calls for two tri-county league games for the Knights this week both of which will be played in Sedalia. Tuesday night Ole Camp is to be the opposers and Friday night, Warsaw will meet the Knights. Warsaw defeated the Knights in a game earlier in the season. Game time for both games is scheduled for 8:30 o'clock.

Installation Held Wednesday Night For Officers of Job's Daughters

Couple Married Sunday At Stover

Miss Arlene Stucker, daughter of Mr. and Mrs. Arthur Stucker, became the bride of Mr. Roland Kolm, son of the Reverend and Mrs. H. A. Kolm, June 11th at 4:00 o'clock at Christ Lutheran church at Stover. Reverend Kolm, father of the bridegroom, read the double ring ceremony.

The church was decorated with white gladioli, ferns and two large candelabra holding burning white tapers.

Mrs. Harry Zimmerman, organist, played the wedding music and accompanied the soloist, Mr. Harry Zimmerman, who sang "Through the Years" and "The Lord's Prayer."

The bride, who was given in marriage by her father, chose for her wedding a gown of imported white organdy with inserts of floral embroidery. It was fastened with a fitted bodice, short sleeves and matching mitts. Her bridal illusion veil was trimmed with lilies of the valley. She carried a colonial bouquet of white carnations and stephanotis, with a shower of white streamers and a delicate lace handkerchief, sent from Switzerland.

Miss Jean Stucker, sister of the bride, was maid of honor. She wore an apple green organdy gown over matching taffeta, with matching headpiece and mitts. She carried a nosegay bouquet of yellow and white carnations.

Mrs. Leon Fischer, sister of the bride, was bridesmaid. She wore a pink organdy gown over matching taffeta with matching headpiece and mitts styled identical to that of the maid of honor. She carried a nosegay bouquet of pink and white carnations.

Miss Arlene Langholz and Miss Joan Stucker, candlelighters, wore formal gowns of green and yellow organdy respectively. Each wore corsages of white carnations.

Mr. Paul Kolm, brother of the bridegroom, was best man. Mr. Richard Langholz of Russell, Kas., cousin of the bridegroom, was the groomsman. Ushers were Lester Fischer of Kansas City and Robert Hagedorn of Stover.

Mrs. Stucker, mother of the bride, wore a powder blue dress with white accessories. Her corsage was of pink carnations. Mrs. Kolm, mother of the bridegroom, wore an aqua dress. Her corsage was also of pink carnations.

The reception was held immediately following the ceremony in the church parlors with 85 guests attending. The serving table was decorated with two entwining hearts amidst lilies and burning tapers. A four tiered wedding cake with a miniature bride and bridegroom adorned the lace covered table. Those serving the Mrs. Lester Fischer, Miss Miriam Kipp, punch and ice cream were Kolm and Mrs. Edwin Eckhoff, Mrs. Richard Eckhoff and Mrs. Warren Kipp.

After the reception the couple left for their honeymoon in the Ozarks. For traveling the bride chose a brown and white dress with brown accessories. Her corsage was of white carnations.

After their honeymoon they will be at home at 926 South Main in Independence.

Out of town guests were Miss Lydia Kolm of Canton, Ohio, Mr. and Mrs. Herman Langholz and family of Russell, Kas., Mr. William Langholz of Bazine, Kas., Mr. and Mrs. Richard Eckhoff, Mr. and Mrs. Walter Eckhoff and family, Mr. and Mrs. Warren Kipp and sons and Mr. and Mrs. Lister Fischer of Kansas City.

DAR Meeting Held Wednesday In Garden at Strole Home

Osage Chapter, Daughters of the American Revolution, had its Flag Day picnic at the home of Mr. and Mrs. P. L. Strole, the "Fardin de Flores" at 1:00 o'clock p.m. June 14th. The tables were set up in the garden and the red, white and blue theme was carried out in flower and table decorations.

After the luncheon Mrs. A. L. Walter, regent, called the meeting to order. After the reading of the minutes by the secretary and the treasurer's report, the chapter gave a rising vote of thanks to Clyde Heynen for his help in getting the markers for the Memorial Drive and the Washington elm placed. Mrs. Walter told of placing the mammy rocker in the Arrow-rock tavern. This historic piece has been in the McCormick family for several generations and was

donated to the Osage Chapter by Miss Mamie McCormick. Miss Jessie Blair had given a book to the chapter entitled "History of Harlem" by James Riker, a genealogical record of New York state, in memory of Mrs. W. E. Hurlbut, mother of Mrs. Elza Berry. The book is a history of old Dutch descent in New York state

Officers installed at Job's Daughters. They are left to right: Mathryn Brown, Senior Princess; Carolyn Morgan, Honored Queen; Joan Pasley, Junior Princess and Patricia Curnutt, guide. (Photo by Lehmer.)

Job's daughters, Bethel No. 15, held public installation of officers Wednesday evening, June 14th, at 7:30 p. m. at the Masonic Temple.

The Blue Room was decorated with a garden scene background of green foliage, blooming roses and lighted tapers on each side of the dias. The installation program was opened with the lighting of the tapers in the East by Mary K. Harris and Barbara Dunn, while Joan Pasley played a violin solo, "Ah Sweet Mystery of Life," accompanied by Sally Jo Dowdy. Mrs. Hubert Smith then sang "Open the Gates of the Temple," accompanied at the piano by Mrs. Oliver Steed.

Mrs. Jerry Brown, Guardian, and George Curnutt, Associate Guardian, were conducted to the East by Donna Rae Knerl, Installing Grand Guide, and Nancy McAtee, Installing Grand Marshal, and a welcome given to those present.

The Bible Presentation and invocation were given by Maurine Hoffman, during which time the Biblical Portrayal of the Three Daughters of Job was made by Nancy, Sara and Carolee Harned, who stood in front of the form of a large white Bible. Mrs. Hubert Smith sang "The Lord's Prayer" during this presentation. The American Flag was brought in by Donna Lynn Richardson, with Donna Chambers and Janet Ragar as escorts. Bob Stanley gave the roll of drums as the flag was presented.

Miss Carolee Pile presented and gave tribute to the Bethel Flag. "Mother" Brown then called the assembly to order and introduced the following Installing Grand Officers who officiated during the entire installation of Bethel officers:

Wanda Jean White, Jr. P. H. Q., Installing Grand Guardian
Donna Rae Knerl, P. H. Q., Installing Grand Marshal
Nancy McAtee, P. H. Q., Installing Grand Secretary
Anita Isgur, P. H. Q., Installing Grand Chaplain
Winnie Graham, P.H.Q., Installing Grand Secretary
Mrs. Oliver Steed, Installing Grand Pianist.

These officers were installed for the coming term:
Honored Queen: Carolyn Joyce Morgan.

After the Honored Queen elect was presented in the East, her crown was brought in by Charles Graham on a white satin pillow. Little Charles was accompanied by his sister, Betty Graham. Johnny Hays then sang "Our Best to You" to the newly installed queen, accompanied by Bob Stanley.

The Queen's flowers were then presented to her by Betty Graham. Senior Princess, Kathryn Brown Junior Princess, Joan Pasley Guide, Patricia Curnutt Marshal—Ruthanne Zulauf was elected to the office of Marshal, but was not present for installation.

Appointive officers:
Outer Guard, Bobbie Ann Dale Inner Guard, Mary Lou Mitchell Senior Custodian, Dorothy Dey Junior Custodian, Joyce Burke Librarian, Delores Welling, Chaplain, DeAnn Rogers Recorder, Shirley Jo Wilson Treasurer, Donna Lu Rudd Musician, Sally Jo Dowdy First Messenger, Joyce Witt Second Messenger, Pat Collis Fourth Messenger, Nancy Vaughn Fifth Messenger, Donna Lynn Richardson.

Irene Moon was appointed to the office of Third Messenger, but due to illness, was not present for installation.

During installation, as each candidate was presented and installed, Janet Rager and Dolanna Mabry lighted a taper for their office.

The Honored Queen, Carolyn Morgan, then had her Pro-Tem Officers presented and installed. They were as follows: Outer Guard, Marilyn Patterson; Inner Guard, Joan Overmier; Senior Custodian, Barbara Black; Junior

OBITUARIES

Paul Bohm Dies

Paul Bohm, 45 years of age of Sedalia, route 3, died at 8:00 o'clock, Saturday night, after an illness of several months.

He was the son of the late Martha and Louis C. Bohm. His mother died in 1942 and his father died May 20 of this year.

Surviving are two sisters, Mrs. Layte Voss of Kansas City; Mrs. Lorene Eschbacher, 1101 West Second street; a brother, Herbert W. Bohm of Sedalia, route 3; six nephews and other relatives.

Funeral services will be held Tuesday afternoon at 2:00 o'clock at the Gillespie funeral home, where the body will remain until time of the funeral services.

Mr. Bohm was a member of the Baptist church.

Mrs. Augusta Eugenia Mason

Mrs. Augusta E. Mason, 94, of Ottaville died at the home of her daughter, Mrs. Edgar Roesler after a lingering illness, Friday night at 7:00 o'clock.

Mrs. Mason was born June 29, 1855 in Cooper county the daughter of the late Drydan and Sarah Starke. She would have been 95 the 29th of this month.

She was married June 29, 1875 to John Willis Mason.

She was a member of the Baptist church.

She is survived by three daughters: Mrs. Edgar Roesler, Mrs. O. L. Homan and Mrs. Nona Kuri all of Ottaville. Fourteen grandchildren, twenty-eight great grandchildren and four great-great grandchildren also survive her.

Funeral services will be held today at the Baptist church in Ottaville with Rev. A. K. Woods of the Ottaville Methodist church officiating.

Singers will be: C. A. Leach, Jeff Straten, Mrs. Ruth Zumsteg and Mrs. A. Y. Burford accompanied by Mrs. W. L. Burford. They will sing "What a Friend We Have in Jesus" and "How Fine a Foundation."

Palbearers will be: nephews. Interment will be in the New Lebanon cemetery.

D. B. Catterlin

D. B. Catterlin, 68, formerly Tulsa, Okla., oilman, died at his country home in Prairie Grove, Arkansas, Tuesday night, where he had been living since retiring in 1945 from the Gulf Oil Company, as auditor and assistant secretary treasurer.

Mr. Catterlin was a former Sedalia, living on North Prospect avenue, attended Sedalia high school, and also a graduate of Central Business college.

In May, 1909, he went to work for the Gypsy Oil firm in Tulsa, Okla. as a clerk, when the company had only 25 leases, all in the Glenn pool near Sapulpa. It grew from this development to a Gulf Oil Co. division owning thousands of leases in many states.

He was a 32nd degree Mason and a member of the Delta Ma-sonic Lodge in Tulsa.

He is survived by his wife, Alice, and a niece Mrs. Grover Kemp and a nephew, Ben Catterlin, of Tulsa, Okla.

Funeral services were held Thursday afternoon at 3 p. m. from the Stanley funeral home in Tulsa and burial was in Memorial Park cemetery in Tulsa.

Funeral Of Roy S. Kemper

Funeral services for Roy S. Kemper, secretary of the Missouri State Fair who died at a Macon hospital Wednesday afternoon, were held at the Albert Skinner funeral home there Friday afternoon. The Rev. Joseph Knierim, pastor of the Presbyterian church there, officiated.

Among the many from Sedalia attending were Rella Singleton, Mr. and Mrs. P. V. Harris, Mr. and Mrs. Fred Overfelt, Mr. and Mrs. Floyd McFarland, Mr. and Mrs. N. U. Renshaw, Mr. and Mrs. O. L. Scott, Miss Rosalie Mountjoy, Miss Ida Cruzan, Warren E. Poindexter, R. C. McVey, Harry Moore, Charles Stuart, Henry Beck, H. F. Rice, Arch L. Graham, W. D. Strader, Thomas and Austin Hurley, Miss Mary Ellen Merrell, Mrs. Ruth Swearingen.

Service Of C. S. Foster

The Very Reverend Monsignor William F. Roels, of Boonville, gave the talk at the funeral service of Charles S. "Paddy" Foster, 1902 South Ingram avenue, who died Tuesday night at St. Joseph's hospital. The requiem mass was conducted at 9:00 o'clock Friday morning at St. Patrick's church, by the Rev. Father J. P. Hamilton, acting pastor taking the place of Father J. P. Nolan, who is abroad.

Father Edward Owens, chaplain at the Boonville hospital, conducted the services at the grave, in Calvary cemetery, and the large number of religious sisters and priests attending alternated in singing the Benedictus. Two of the deceased's daughters are members of the religious order of St. Benedict, and are located at St. Scholastica convent, in Fort Smith, Ark.

In addition to relatives here to attend the funeral were the following: Rev. John Hartigan, Martinsville; Rev. John Basket, Boonville; Rev. L. N. Engeman, Pierce City; Rev. Mother Per-

ment and operating costs, as recognized by the Commission's order. The cost of wage increases alone contracted in Missouri during and since the war is approximately \$18,000,000 a year in increased rates. The last increase in our wage cost was contracted only a few days ago.

"We will make the new rates effective as ordered," Towles said, "while we study the next step." It is clear, as the Commission plainly states, that we are far from finished with the telephone expansion and improvement job in Missouri, despite the huge additions to plant—some \$110,000,000—in the last five years. In many places, including the largest cities, we are right now in serious difficulty in trying to meet the demand for service. The number of people waiting is increasing rapidly and thousands of others are demanding a different type of service.

"It is obvious that the demand for telephone service will continue unabated, considering the construction of many thousands of new residences and the deeper penetration of the residence market for telephone service that is stimulated by the low cost of service in relation either to value or to the family budget. To meet this demand many additional millions of dollars should be invested in Missouri telephone plant in the next few years. When adequate rates are finally established, telephone service still will be a bargain.

"To satisfy this demand, and to continue modernizing the service, it is clear that further rate relief must be had," Towles concluded.

New York's Water Woes Appear To Have Ended

NEW YORK, June 17.—(AP)—New York City's water woes appeared ended today, thanks to mother nature and assists, perhaps, from the city's \$100-a-day rainmaker.

Runoff of recent rains in the watershed area sent reservoirs up to 93.9 per cent of capacity, only one half of one per cent lower than the level at this time last year.

Funeral Of Willis P. Vitt

Funeral services for Willis P. Vitt, who died at Houston, Tex., Wednesday, were held at 2:15 o'clock Saturday afternoon at the Sacred Heart church the Rev. Fr. Anthony Magoni officiating.

The body arrived at noon Saturday was taken to the McLaughlin chapel where it remained until time of the services. Palbearers were H. O. Berry, Nelson Hanpeter, Leo Meyers, Joe Moffatt, Frank Schmiedeler and B. J. Bahner.

Funeral Of Ryland Swope

Funeral services for Ryland Swope, 66 years old, who died at the Bothwell hospital Thursday morning, were held at the Ewing funeral home at 3:00 o'clock this afternoon.

Rev. Walter F. Arnold, pastor of the East Sedalia Baptist church, officiated.

Mrs. J. M. Stott and Mrs. Walter F. Arnold sang, "Beautiful Isle," "Going Down the Valley" and "Abide With Me" accompanied by Mrs. Mae Moser at the organ.

Friends who served as palbearers were Bruce Claycomb, Junior Henderson, Marcel Swope, Eugene Rayl, Joseph C. Scott and Ralph Barr.

Interment was in the Swope family lot in the Hopewell cemetery.

Caroline Mars Is Ferrying Marines

PEARL HARBOR, June 17.—(AP)—The huge Caroline Mars took off late today with 144 men on a 2,600-mile flight to California. The navy said it was believed to be a world record passenger load for that distance.

The four-engined flying boat, biggest of the navy's fleet of air giants, roared down the lagoon of Honolulu airport and lifted slowly into the air at 5:20 p.m., (10:20 p.m., E.S.T.) her destination is San Diego, Calif.

The takeoff came two hours and five minutes after the slightly smaller Hawaii Mars lumbered into the air jet assisted with 106 men aboard for a 2,400-mile hop to Alameda, Calif.

The Hawaii Mars set the current record of 120 men for the Hawaii-California flight in 1946.

There is no threat to the world record for the most persons ever taken aloft. The Marshall Mars set that in May of 1949 by carrying 308 persons to San Diego from Alameda, Calif. The Marshall Mars exploded and sank off Pearl Harbor April 5.

The current flight is no mere stunt. The navy is ferrying the only company of Marine Reserve outside the continental United States to San Diego to participate in training exercises.

Each man in the reserves was equipped with a rifle, a field pack and a filled canteen.

Iowa Lawyer To Head Jaycees

CHICAGO, June 17.—(AP)—Richard W. Kemler, 35 year old Marshalltown, Ia., lawyer, today was elected president of the U. S. Junior Chamber of Commerce.

Kemler was chosen unanimously on the second ballot.

Floyd Stewart of Monett, Mo., another candidate for the post, withdrew after the first ballot and asked delegates supporting him to cast their votes for Kemler.

The third candidate, Ralph Rohweder of Chicago, then also withdrew, and Kemler was elected by acclamation.

The balloting took place on the final day of the Jaycees' 30th annual convention. Ten vice-presidents were also elected. Among them was Harry G. Wiles, St. John, Kas.

Kemler has been a Jaycee since 1939 and headed the Iowa Junior Chamber in 1949. He was a flight commander in the Air Force during the war. He is a bachelor.

Club Worked On Embroidering

The Prairie Hill Helping Hand club met with Mrs. James Eekies with Mrs. Freeflow assisting hostess. A contributive dinner was served. The afternoon was spent in embroidering tea towels and other work. There were 18 members and six visitors.

The next meeting will be July 12, with Mrs. Freeflow as hostess.

Peoples Own Fault Says Lt. Gov. Blair

JEFFERSON CITY, June 17.—(AP)—"The man or woman who won't participate in running his own government ought to keep his mouth shut about how it is run," Lt. Gov. James T. Blair, Jr., said tonight.

He drew a cheer from delegates to the Missouri War Duds sixth annual convention with that sharp statement.

He said "Missouri is in serious danger of becoming a bureaucracy rather than a democracy."

"Most of you take no interest, and most of you don't even vote," Blair is acting chief executive of Missouri while Gov. Forrest Smith is out of the state attending the national governors' conference in White Sulphur Springs, W. Va.

Picketing Bakers Threaten To Shut Down Kroger Stores

ST. LOUIS, Mo. June 17.—(AP)—Picketing bakers threaten to shut down the 87 Kroger Co. stores in St. Louis and St. Louis county.

An AFL spokesman said tonight the meat cutters and clerks employed by the food chain will not cross the bakers' picket lines after perishable goods are sold.

Mangrum Is Far Ahead In U. S. Open

Only A Near Collapse Could Deprive Him Of The Crown Today

By Gayle Talbot

NEW ROCHELLE, N. Y., June 17.—(AP)—That fly which landed on Lloyd Mangrum's ball and cost him two strokes in the National Open playoff at Merion six days ago must have made the man from Chicago mad.

In the past three days he has shot a brand of golf which breathes vengeance and tonight the unshakable star was so far ahead of his fellow professionals in the \$15,000 Palm Beach Royal tournament that they were shaking their collective heads and wondering what hit him.

A Round To Go

With only a single round to go in the rich 90-hole event, Mangrum was the far away leader with a "plus" score of 35 showing the way to his closest pursuer, Herman Barron of nearby White Plains, by a big 13 points.

Only a near collapse could deprive Mangrum of the \$3,000 first prize tomorrow night.

His medal scores was 70-70-65-68, or 15 strokes under par for the 72 holes. His fourth straight sub-par round today won him 18 points over the three companions in his foursome—Ben Hogan, Paul Runyan and Norman Van Nida. Barron, the winner two years ago, plucked up 14 points with a steady 70 today to climb from fifth into the runner up spot. Claude Harmon of Mamaroneck, N. Y., who started today in second place, fell into a third place tie with the surprising Art Bell of San Francisco, each at plus 21.

First Leader Falls

Lawson Little, the former open and amateur champion who led at the end of the first and second days dropped seven big points with a 74. That placed the veteran in sixth place with a score of plus 14.

Cory Middlecoff of Memphis, the recently deposed open champion, was in lone possession of fifth place with a plus 16 after shooting a 72 today and gaining six points.

Jimmy Demaret, whose good 70 today gave him a plus four, was the last of the players to have won more holes than he had lost. Below him, and hopelessly out of the important money, were nine others including Sammy Snead at minus one and Ben Hogan at minus 22.

Seven Soldiers Held In Assaulting Small Girl

ABERDEEN, Wash., June 17.—(AP)—Seven Fort Lewis soldiers have been charged in a Gray's Harbor justice court with the forcible rape of a 15 year old Aberdeen girl last Saturday night.

The charges were filed yesterday by County Prosecutor Stanley J. Krause. The soldiers are being held at the county jail at Montesano in lieu of \$1,500 bond each.

Named in the charges are Larry O. Spurling, 18, Angus, Neb.; Gammon J. Haskell, 18, Batist, Okla.; Marvin T. Langston, 19, Batesville, Ark.; Carl E. Hollifield, 19, Garret, Ky.; Paul LaBorde, 19, New Orleans, La.; Lawrence Nelson, 19, Aurora, Neb.; and Raymond R. Cameron, 19, Three Rivers, Tex.

Bushman, Ailing, Gorilla Back To Normal Diet

CHICAGO, June 17.—(AP)—Bushman, the ailing gorilla of Lincoln Park, is back to his normal diet, his keeper reported today.

The giant ape is packing away a daily menu of 20 pounds of vegetables, milk and fruit.

Edgar Robinson, his keeper, said Bushman's legs still bother him and he continues to rest much of the time.

Irish Horse Set World's Record

By RUSS NEWLAND

ALBANY, Calif., June 17.—(AP)—Irish bred Noor made it three in a row over mighty Citation today with a world record shattering mile and one eighth at Golden Gate Fields. The time was 1 minute 46 4/5 seconds, clipping four fifth off the old mark.

The five year old son of Nasrullah, sold by the Ali Khan to the late Charles S. Howard, proved his superiority with a tremendous stretch run after trailing the five-horse field until the far turn.

Citation had moved into second place early in the running. At the far turn, he moved up on the pace setting On Trust. The pride of the Calumet Farm, all-time money winning champion, charged into the lead as they rounded the turn for home.

Meanwhile Noor, under urging by veteran jockey Johnny Longden, was flying as they came into the stretch.

He picked up Citation and they battled head on head to the wire with Noor winning by a neck.

Roman II was several lengths back. On Trust ran fourth and Siegfried fifth and last.

Noor beat the old record jointly held by Indian Broom, Shannon III and Citation's stablemate, Coalstown.

Noor paid \$5.60 and \$2.30. Citation, the three to five favorite, returned \$2.20 for the place position. There was no show betting.

Betty Rowland Is 1950 Coed Golf Champion

COLUMBUS, O., June 17.—(AP)—Ripping four strokes off par for 15 holes, 20-year-old Betty Rowland, of Rollins College, today won the sixth Women's Collegiate Golf crown with a startling 4 and 3 victory over Grace Lenczyk of John B. Stelson.

Miss Rowland, a Rollins junior who lives in Lexington, Ky., was never behind as she swept to victory over the favored Miss Lenczyk, former American and Canadian amateur queen and 1948 collegiate champ.

Miss Lenczyk, of Newington, Conn., has reached the finals in all four attempts in the coed classic, but crashed through to victory only in 1948 although established as the favorite in each.

In 1947 she was upset by red haired Shirley Spork of Michigan State Normal, and in 1949 by Marilyn Smith of the University of Kansas.

Fines Assessed, Bonds Forfeited In Police Court

In police court Saturday morning six overtime parking bonds were ordered forfeited by Police Judge Jerry Trotter. The bonds were for one-dollar each.

Robert Stephens, 300 North Engineer avenue, was fined \$25.00 for careless and reckless driving. He was arrested at Saline street and Engineer avenue.

Lawrence Williams, 901 East Eleventh street, forfeited a \$5.00 bond for running a stop sign.

Parties Given In Honor Of Miss Garrett

Several parties have been given recently in honor of Miss Dorothy Ann Garrett, who will be married this afternoon to Mr. Robert Dean Alexander, of St. Louis.

Mrs. Bill Bodine and Mrs. Leon Swope, assisted by their mothers, Mrs. L. V. Croy and Mrs. Ross Harkless entertained with a miscellaneous shower on Friday evening, April 21st, in honor of Miss Garrett. The party was given at the home of Mrs. Bodine and the decorations were carried out in a blue and silver color theme with a table centerpiece of colorful balloons.

Guests participated in several games pertaining to a bridal theme. Miss Garrett was then asked to be seated at the dining room table, where she was told to burst the balloons in order to find written verses. These verses revealed the hiding places of the gifts which were hidden throughout the home.

Refreshments of newlywed ice cream and cake and soft drinks were served to the following guests: Miss Garrett, her mother, Mrs. Ellis G. Garrett, the mother of the groom, Mrs. Thomas E. Alexander, Mrs. C. E. Garrett, Mrs. Emma Gieschen, Mrs. William Allcorn, Mrs. Carrie Reed, Mrs. Raymond Garrett, Mrs. Leigh Allcorn, Mrs. Clay Swope, Mrs. Werner Botts, Miss Ruth Ann Botts, Mrs. John Berry, Miss Eleanor Oversby, Miss Anala Allcorn, Miss Esther Peper, Miss Stella Sperber, Miss Vivian McAtee and Miss Fay Johnson.

Unable to attend were: Miss Rae Carolyn Garrett, Mrs. G. E. Allcorn, Mrs. George Law, of Ferguson, Mrs. Henry Thomas, of Webster Groves, Mrs. G. G. Bulkley, Mrs. Emma Schaefer, Miss Patty Croy, Mrs. Clayton Perry, of Grandview and Miss Mary Ann Hildebrandt.

Mrs. Ford E. Allcorn, of Fort Leavenworth, Kansas, entertained on May 10th in the Palm Room of the Hotel Bothwell with a luncheon and bathroom shower. Guests included Miss Garrett, Mrs. Ellis G. Garrett, Mrs. Thomas E. Alexander, Miss Rae Carolyn Garrett, Miss Mary Ann Hildebrandt, Miss Vivian McAtee, Miss Eleanor Oversby, Miss Lois Green, Miss Dorothy Williams, Mrs. Bill Bodine and Mrs. Elmo Harlan.

Mrs. Leigh Allcorn and Miss Anala Allcorn honored Miss Garrett on Wednesday, May 17th with a personal shower at their home. Awards for games were presented to Miss Garrett, Mrs. Vernon Croy, Mrs. Ellis G. Garrett and Mrs. William Allcorn. In the center of the living room was a table on which was a miniature bride holding colorful streamers and flowers. A clothes line holding paper replicas of lingerie was hung across the room. Miss Garrett read the verses on the "laundry" which directed her to the hidden gifts.

Refreshments were served to the following guests: Miss Garrett, Mrs. Ellis G. Garrett, Mrs. Thomas E. Alexander, Mrs. M. O. Stevens, Mrs. Vernon Croy, Mrs. A. R. Beach, Mrs. William Allcorn, Mrs. Bill Bodine, Mrs. Emma Gieschen, Mrs. C. E. Garrett and

Memorial Service Held By Lodges

Loyal Rebekah Lodge 260 joined the Odd Fellows Friday evening at the American Legion hall, in a joint memorial service. An address was delivered by the Reverend J. W. Watts. Music was furnished by a mixed quartet. A solo was given by Mrs. Edwin Danforth. Also a solo by Mrs. Virgil Tucker.

During the business session a charter was draped for a departed member. The hall was decorated with bouquets of garden flowers.

Fortunes were made and lost in a wave of speculation in tulips in Holland and adjoining countries in the 1630s.

Now! General Electric presents a refrigerator PRE-TESTED FOR SEDALIA

This is a G-E engineer making exhaustive refrigeration tests. That specially designed test equipment you see above includes (1) kilowatt-hour meter (2) room temperature recorder (3) cabinet temperature recorder (4) door opening counter and (5) unit running-time recorder.

A refrigerator that's pre-engineered for this area, for your home!

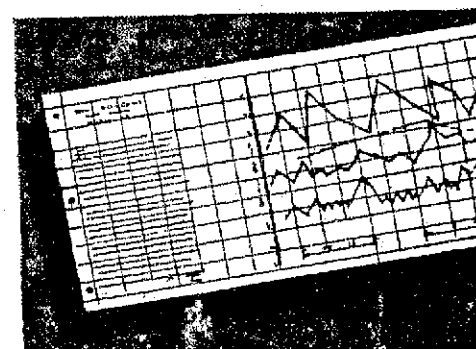

GENERAL ELECTRIC presents to you refrigerators that are *pre-tested* and *pre-engineered* for this area . . . refrigerators that are pre-tested for the varying temperature and humidity conditions in *this* climate!

Furthermore, these General Electric Refrigerators have been subjected to critical tests in a specially designed temperature and humidity room in the factory that simulates this climate!

These tests are far more severe than those encountered in your home, year after year! No wonder General Electric Refrigerators are world-famous for their **DEPENDABILITY!**

Here are two more G-E engineers out on calls. Remember: Refrigeration engineers studied refrigeration conditions and habits in various sections of this area!

This is a typical "load test" charted by one engineer as a result of his findings. Refrigerators were tested not for a few hours, but for many days, 24 hours a day. These "load tests" included precise figures on temperature, humidity, kilowatt usage . . . even the number of times the door was opened and closed under normal use!

Most of you are planning your vacation now, and you are wondering what clothes you'll need. Take time out and make a list of the things you probably will be doing and decide on appropriate clothing for the occasion. Don't overlook the small items such as scarfs for your head, correct costume jewelry, adequate supply of lingerie, and perhaps an extra smart skirt and blouse.

There isn't anything that will spoil a vacation quicker than to find you don't have the right wardrobe or to run short of clothes. This particular season, when all types of clothing are less expensive than in past years, a wise shopper will be able to find a complete wardrobe regardless of budget. Simple clothes pack well and it is smart to build your wardrobe around as few sets of accessories as possible.

Remember to take along a travel iron.

'see you at... the Country Club'

After a week of very little activity at the club, we will start out again in a mild way with Sunday supper tonight. The dining room is finished as far as the painting is concerned and our new drapes will be up by Wednesday of next week. Call Myrtle this morning if you decide to come for dinner.

The living room is partly painted. Ceiling and fireplace are dark green, three walls light green and one wall a charmin' shade of rose. One other decorative note—a large frame for our mirror, white, which will pick up the white background of slip covers, lampshades and other decorations. Yummy! The dark ceiling cuts the height and makes the room so much cozier. The space is all still there, but it doesn't look so large. I hope you like it—and I know the house committee hopes so. You'll never know how hard they've worked. I think they've all gotten to the place, what with criticism and praise they say "if you don't give us cash, at least give us credit" looks to me like a job well done.

Wednesday the inter-city golf match was held at Fulton. The team from Sedalia was composed of Mayor Herb Studer, Dick Gorell, Charles and Gentry Patterson, Cecil Owens, Forrest Benner, John J. McGrath, Judd Grayston, John Van Dyne and Joe Benson. This was the first match of the tournament and the next match will be held at Jefferson City next Wednesday. I hate to say it, but we came in fourth. Columbia came in first, Fulton and Jefferson City tied for second and we made last place. There were only 35 points separating the first team from the last team so we're not so bad as we look! Judd Grayston was medalist with 3-A-77, a fine score for his first attempt at playing the Fulton course. Judd was also high point man for Sedalia with 31 points. There is still plenty of opportunity for Sedalia to better its position so don't get discouraged.

Mrs. Lawrence Barnett was in charge of last week's Ladies Day Golf tournament, which was a blind bogey event. Winners were first, Mrs. Leroy Hodges, second, Mrs. Fred Hulse, and third, Mrs. C. W. Mathieson. The regular Ladies Golf day will be next Tuesday at 9:00 o'clock.

The very worst moron story I've heard applies to our swimming pool. Please bear with me while I repeat it. "The moron dove into the swimming pool exclaiming, "Gee—Wish it was the 24th." "How come?" asked a bystander.

Farewell Party Given Girls

Soc Page Farewell Party Coronet Miss Barbara and Joy Tweet, who will leave soon to make their home in Kansas City, were honored at a handkerchief shower at the home of Mrs. C. A. Freeberg, with Miss Norma Lee Woolery assisting hostess.

The evening was spent in playing games, the high score going to Miss Beverly Loveland and low score to Miss Joy Tweet.

The guests of honor received many nice remembrances. The guest list included Doris Green, Elsie Meyer, Joyce Kubli, Doris Schlobohm, Beverly Loveland and Jane Morgan.

"Because," said the moron picking himself up, "they put water in the pool then." Very funny! But you see—I also wish it was the 24th because it will be a big day for all of us. Water in the pool—too. A style show, golf and good food. Plan to spend the day.

Reminds me of another story. Do you mind? A young man returning from a date with his girl friend wrote her a letter. "There is nothing I would not do to reach your side, I would climb the highest mountain, cross the trackless desert, swim the widest ocean to be near you, my dear!" Then he added "P. S. I'll see you Saturday night, if it doesn't rain." That is the danger of great shining generalities. We become so enamored of a situation that we don't take advantage of our opportunities. We've got a great club. Take advantage of it.

Parties Given June Bride

Several nuptial parties were given honoring Miss Mary Elizabeth Wellman, of La Monte, who was married to Mr. Donald Dean Ricky, of Lincoln, Neb., on Sunday, June 11.

A 6:00 o'clock dinner was given by the bride's mother preceding the rehearsal at which there were 24 guests.

Mrs. Lemmer Backstrom entertained with a miscellaneous shower in Lincoln, Neb., and a shower, also miscellaneous, with the gifts packed in picnic hampers, was given by Mrs. C. E. Carroll, with Mrs. Arthur Perkins assisting hostess.

Shower Honoring Miss Norton

Mrs. John H. Dillard of Kansas City, entertained with a bridal shower for Miss Marian Norton, while in Kansas City on her way home from Philadelphia, Pa. The centerpiece was a garden bridal scene and the refreshments were miniature bride and bridegroom ice cream molds and individual cakes with wedding bell decorations. Pictures of the evening were presented to the bride to be.

Nearly all the guests were former Sedalia girls and friends of Miss Norton. They were, Miss Mary Frances McGaw, Miss Margaret Lawson, Miss Dorothy Sullivan, Mrs. Ann Dailey, Mrs. Ed Walters, Mrs. Joe Hanshen, Miss Ruth Scott, Mrs. George Scott, Mrs. Bob Scott, Miss Mary Ellen Brosnan, Mrs. John Brosnan, Miss Eileen Keane.

Miss Margaret Romig Bride of Rex Lane

Miss Margaret Romig, daughter of Mr. and Mrs. Francis E. Romig, of near Ottaville, became the bride of Mr. Rex Lane, son of Mrs. A. L. Lane, 1201 South Stewart

avenue. Dr. Golder Lawrence read the single ring service at the parsonage of the Methodist church in Harrison, Ark., at 11:00 o'clock Saturday morning, May 27, before a large fireplace in the living room.

The bride selected for her wedding a navy suit with which she wore navy and pink accessories. Her corsage was three pink orchids and she carried a white prayer book, the gift of the bridegroom.

Miss Emmale Chappell, of Forrest City, Ark., was the bride's only attendant.

Mrs. Lane is a graduate of Smith-Cotton high school in the class of 1937, and is now employed at Town and Country Shoe, Inc., of Sedalia.

Mr. Lane is a graduate of Windsor high school in the class of 1938 and is employed by a jewelry firm in Kansas City.

Mr. and Mrs. Lane will make their home at 900 South Stewart avenue in Sedalia.

Knob Noster Couple Married Last Sunday

Miss Margie Lee Kile, daughter of Mr. and Mrs. Jesse Kile, and Mr. Glenn Johnson, son of Mr. and Mrs. J. L. Johnson, both of Knob Noster, were married at 1:30 o'clock Sunday afternoon June 11 at the county home where they will live, eight and one-half miles southeast of Knob Noster. The Rev. J. L. Thorup, pastor of the Knob Noster Baptist church, read the double ring service.

The bride chose for her wedding day a gray sharkskin suit and her corsage was of red carnations.

Miss Marian Ginn, of Knob Noster, the bride's only attendant, wore a gray gabardine suit and her corsage was of red carnations.

Mr. Robert Anderson, of Knob Noster, served as best man.

Linen Shower for Miss Firsick

Miss Lillian Staley, 228 South Stewart avenue, was hostess at a linen shower given Wednesday evening at her home in honor of Miss Dorothy Firsick, who will be married soon.

The evening was spent playing games and taking pictures.

Eddie Hall, won the award in a game and Miss Firsick, Mrs. Hall, Mrs. Francis Mergen, Miss Dorothy Aldredge, Miss Clarice Mettler and Miss Helen Heisterberg won in Canasta.

After the bride opened her gifts refreshments were served to the guest of honor, her mother, Mrs. M. J. Firsick, her sisters, Mrs. Eddie Hall and Mrs. Lyle Estes, her aunt, Mrs. C. F. Mettler and daughter, Clarice, Mrs. Barney Taylor, Mrs. Francis Mergen, Miss Dorothy Aldredge, Margaret Henderson and Miss Helen Heisterberg.

Mrs. Margaret Kipping assisted her daughter in serving the guests.

Miss Mary Holman Weds Arthur Gillespie

Miss Mary Holman, daughter of Mr. R. S. G. Holman, of Kansas City, formerly of Ottumwa, and Mr. Arthur Gillespie, son of Mr. and Mrs. Eugene Gillespie, of Shawnee, Kas., were married at the home of the bridegroom's brother, Mr. Lester Gillespie and Mrs. Gillespie in Shawnee, Kas., at 7:00 o'clock Friday night, June 9. Ferns and baskets of tea roses before the fireplace in the living room formed the setting for the ceremony.

The double ring service was read by the Rev. Mr. Waring, of Shawnee.

The bride selected for her wedding a navy blue sheer suit with which she wore white accessories and her corsage was of white carnations with tiny red rosebuds. She carried a handkerchief that was over one hundred years old.

Mrs. Robert Gillespie, the bride's only attendant, wore a sheer orchid dress with a corsage of pink and white carnations.

Mr. Robert Gillespie served as best man.

The mother of the bridegroom wore a sheer print dress with pink carnation corsage.

A reception was held following the ceremony.

A three-tier wedding cake centered the dining room table and was served with punch and other refreshments.

Guests were Mr. R. S. G. Holman, Mr. and Mrs. J. H. Bente and daughters, of Raytown; Mr. and Mrs. Eugene Gillespie, of Shawnee; Mr. and Mrs. Frank Loomes, Mr. and Mrs. Robert Gillespie, Miss Lucille Schenlen, all of Kansas City, Kas.; Mr. and Mrs. Bernard Zau, Mr. and Mrs. Ralph Zau and family, Mr. and

Marriage Solemnized at LaMonte Christian Church

Miss Mary Elizabeth Wellman, daughter of Mr. and Mrs. Glenn M. Wellman of LaMonte, became the bride of Mr. Donald Dean Ricky, son of Mr. and Mrs. O. L. Ricky, of Lincoln, Nebr., at the LaMonte Christian church at 3:00 o'clock Sunday afternoon, June 11. The marriage was solemnized by the Rev. Wesley Hampton, of Warsaw, formerly of LaMonte.

Preceding the ceremony Mrs. William Hall, LaMonte at the piano, played the nuptial music and as the candles were lighted by Mrs. Emil Jaska and Miss Helen Ruth Kouns, both of Lincoln, Nebr., and wearing gowns of pink marquisette with white carnation halos, Mrs. Hall played: "Holy, Holy, Holy."

Miss Philomene Bergmann, of

Mrs. Stanley Durwood, all of Kansas City; Mr. and Mrs. Bud Blake and family, Mr. Roy Gillespie of Shawnee; Miss Florence Blanton, George and Russell Blanton, Overland Park, Kas.

The following Sunday they came to the home of the bride's sister, Mrs. Eldon Brubaker, in Ottumwa, where a wedding dinner was served to the bride's father, brothers and sisters.

They left on a short wedding trip through the Ozarks and will be at home in Merriam, Kas. after June 19. For traveling the bride wore a melon colored silk shantung suit with white accessories.

Sedalia, sang: "Because" and "Calm As the Night" with Mrs. Hall as accompanist. Mrs. Hall also played the "Bridal Chorus" from Lohengrin as the processional and Wagner's "Wedding March" as the recessional.

The bride, whose father gave her in marriage, wore a gown of white organdy over white taffeta styled with lace yoke and long lace sleeves. Her veil of illusion net was lace edged and fell from a coronet of seed pearls. Her shower bouquet was centered with a large orchid of lavender shade. She wore a platinum and diamond studded pendant on a platinum chain, which was a gift of the bridegroom, and for something old she wore a small pin which belonged to her maternal grandmother, the former Mrs. Frank Crawford, of LaMonte.

Miss Peggy Knott, of Lincoln, Nebr., as bridesmaid, wore a pink organdy gown over taffeta with a halo arrangement of blue carnations in her hair and carried a bouquet of blue carnations.

Kaichen and Barbara Wellman of Ames, Ia., nieces of the bride, wore floor length dresses of white organdy over white taffeta and carried white satin baskets with pale pink roses.

Mr. Marvin Spaur, of Lincoln, Nebr., served Mr. Ricky as best man.

Mrs. Glenn Wellman, mother of the bride wore a navy sheer dress with navy accessories and her corsage was of white carnations.

The new pastor of the LaMonte Christian church, the Rev. Mr.

Moore and Mrs. Moore, received the guests at the church. A reception was held following the ceremony at the home of the bride's parents.

The wedding cake was served by Miss Ruth Bergmann and Miss Erma Lee Dixon, of Sedalia, and presiding at the punch bowl was Mrs. Elmer Winfrey and Mrs. Ed Rittman assisted by Mrs. Walter Crawford and Miss Nancy Reavis. Mrs. Arthur Perkins had charge of the bride's book and Mrs. Edgar Carroll assisted in receiving the guests at the home.

Out-of-town guests for the wedding were Mr. Frank A. Wellman and children, Jimmie, Karen and Barbara, of Ames, Ia., and Mr. William A. Wellman, of Dayton, O., both brothers of the bride; Mr. and Mrs. Walter Crawford, of Parsons, Kas., uncle and aunt of the bride; Mr. and Mrs. John Taylor, Sedalia, Mr. and Mrs. Elmer Winfrey, Ottumwa, Mrs. Mamie Scott and daughter, Margaret, of Houstonia; Mr. and Mrs. Melvin Crawford, of Sweet Springs, Mr. and Mrs. Kenneth Forsythe, of Knob Noster, and Mr. and Mrs. Emil Jaska, of Lincoln, Nebr.

Legion Team Will Play Out Of Town Today

Legion Boys Beat Teen-Age Blues In 10-Inning Game

The Sedalia Junior Legion baseball team will journey to Concordia for a regular league baseball game on the St. Paul College diamond, to start at 2:30 o'clock this afternoon.

The team will leave from the Smith-Cotton high school diamond at 12:30 o'clock this afternoon. David Johnson and Ralph Schulz will be used on the mound, with Larry Mines and Johnny Cochran behind the plate.

Tuesday night, the team will play host to the Warrensburg club, under the lights of Liberty Park. Virgil Rodgers, will get his first home assignment on the mound for the Sedalia team.

10 Inning Spectacle

The Sedalia Legion team defeated the Teen-Age Blues at Liberty Park Friday night in a ten inning spectacle which ended by a score of 6 to 5. The starting batteries for the two teams were: Legion—Barnes and Cochran; Blues—Fisher and Lees.

The Legion scored their first run in the first inning. Broadbuss, the lead-off man grounded to first base; Morgan hit a single and stole second base, after which he scored on an error. The Legion then went down without scoring again in that inning on a strikeout by Shawver and a hit on second base by Dey.

The second run for the Legion was scored in the second frame. Bartlett led off and walked, O'Bannon singled and stole second, and Bartlett was picked off at home trying to steal. Cochran singled and stole second, Barnes flied to third base, Broadbuss got on base on an error which scored O'Bannon. Cochran was then picked off at third base.

Big Inning for Blues

The Teen Age Blues yielded all their runs in the fourth inning and were sparked by a triple by Watson. Lees the lead-off man flied to shortstop. Lees got on base by an error by the shortstop. Walters singled to centerfield, the center fieldman threw to second baseman who cut off Lees, B. Higgins singled and sent Walters to second, an error by the first baseman and Fisher walked filling the bases. Thomas got on base by an error of the second baseman, scoring Walters. D. Higgins got on base by an error by the first baseman, scoring B. Higgins. Watson hit a long triple into centerfield, scoring Fisher, Thomas and D. Higgins. This gave them their five runs and the next man up Vaughn flew out.

The Legion team scored two more runs in the fifth inning. Morgan grounded out to the third baseman. Shawver walked, Burton walked, Shawver was cut off at home, trying to score on a pass ball then Dey singled scoring Burton. Bartlett doubled scoring Dey and the last man up, O'Bannon, struck out.

Tied Up in Sixth

The Legion team with four runs tied up the game in the sixth inning with one run to make the score 5-5. Cochran struck out, Schulz singled, took second on a passed ball and stole third. Broadbuss got a base on balls and took second base on a passed ball. Morgan grounded to the pitcher and then Schulz scored on a passed ball. Shawver made the last out by hitting to the shortstop.

With the score tied the Legion team scored one run in the tenth inning to win the game 6-5. Dey the leadoff man singled and then stole second, Burton sacrificed, Dey to third base. O'Bannon singled to score Dey and the game was over.

Winner At Grandview To Play In Sedalia

WICHITA, Kan., June 17—(AP)—The National Baseball Congress today announced that it had issued a franchise for a sanctioned district championship baseball tournament at Grandview, Mo., July 3 to 9, with the winner to be certified into the 15th annual Missouri state championship tournament at Sedalia, starting July 21.

C. C. Salyer of Grandview was named district commissioner to supervise the event, his appointment having previously been approved by Gene Kurash of Kansas City, N.B.C. Missouri state commissioner.

Trojans Took NCAA Track Championship

Stanford Second, Yale Third And N. C. Took Fourth

By JERRY LISKA

MINNEAPOLIS, June 17—(AP)—Southern California's well-phalanx Trojan rolled to their 14th team title and two meet records were pulverized in the 29th National Collegiate Athletic Association track and field meet today. The defending champion Trojans scored only one first, Dick Attlesley's high hurdles triumph, but stocked up four seconds for 49 1/5 points. Runner-up was Stanford with 28.

Dark Horse Faded

Yale faded as a dark horse threat, finishing third with 27. North Carolina took fourth on a one-man show by Bill Albans, who tallied all his school's 22 points for individual scoring laurels.

Other leaders among the 48 schools which competed at the University of Minnesota's Memorial stadium were Morgan State College, only team to take two firsts, and California with 20 each; Rice with 18 and Occidental with 17.

The new records were fashioned by two-miler Don McEwen, Canadian bred University of Michigan sophomore, and by defending champion Jim Fuchs of Yale—for the second straight day—in the shotput.

McEwen made a farce of his heralded duel with Jim (Super-Chief) Newcomb of Southern California, winning by 100 yards over the Trojan sophomore in 9:01.9, seven-tenths of a second ahead of the 1939 record of 9:02.6 by Notre Dame's Greg Rice. Herb Semper, Kansas, was third.

Bettered Old Record

Muscular Fuchs, on his first of three final tosses, winged the shot 56 feet, 11 1/2 inches, topping his yesterday's record trial heave of 56-7 1/4. That bettered Fuchs' own 1949 record of 56-1 1/2.

Four of six returned champions successfully retained their titles. Defending pole vault champion Bobby Smith of San Diego State accounted for one of five new Memorial Stadium marks with a winning leap of 14 feet, 2 1/2 inches. The other stadium marks included the shot-put, two-mile, broad jump and 880.

Beyond the feats of Fuchs and McEwen, who simply ran the highly touted Newcomb into the ground, the meet produced only average performances. Despite chilly 60-degree weather and a 15-mile wind a crowd of 10,608 watched Southern California's methodical triumph.

New Field Record

Morgan State's Bill Brown won the half-mile in 1:51.2, a new field record at the University of Minnesota's Memorial Stadium. Yale's George Wade, leading 880 qualifier, wound up sixth.

The other Morgan State first came on George Rhoden's 47.2 triumph in the 440 where defending champion Charley Moore of Cornell finished fourth. Jim Lonery, Drake, was sixth.

Another defending champion was dethroned in the discus, won by Montana's Dick Doyle with a toss of 171 feet, 5 inches, his first qualifying toss yesterday. Titleholder Vic Frank of Yale finished fourth.

Defending champion Don Gehrmann of Wisconsin easily retained his mile crown with an unburied 12.4 triumph. Gehrmann finished 20 yards ahead of Penn's Tom Kiwan for his third straight NCAA crown. Bob Karnes, Kansas, was fourth.

MINNEAPOLIS, June 17—(AP)—Table of points in the 29th NCAA track and field meet at Memorial stadium today:

Southern California 49 1/2; Stanford 28; Yale 27; North Carolina 22; Morgan State College and Occidental 20 each; Rice 18; Occidental 17; San Diego State 14 1/2; Texas and Kansas State 13 each; Tulane 12; Pennsylvania and Michigan State 11 each.

Kansas University, Michigan, Denver, Loyola of Los Angeles, Montana and Wisconsin 10 each; Ohio State, New York University and UCLA 8 each; San Jose State and Rhode Island State 6 each; Cornell University, Georgetown, Indiana and Minnesota 4 each.

Bradley 3 1/2; University of California at Santa Barbara, Oregon State and Tennessee 2 1/6 each; Albright, Miami of Ohio and Pittsburgh 2 each; Auburn, Drake, Missouri, Oregon, Penn State and St. Thomas of Minnesota, 1 each; Baldwin-Wallace, Illinois and Nebraska, 3/5 of a point each.

Expect Biggest Golf Meet In City This Year

The Second Annual Pro-Amateur Event Opens June 26

One of the biggest golfing events ever to be held in the city of Sedalia, will be the second annual Sedalia Pro-Amateur Golf Tournament, to be staged all day, Monday, June 26 at the Sedalia Country Club golf course. Over \$500 in cash awards and prizes will be presented to the low shooters in this classic, being sponsored for the second time by the Sedalia Athletic Association.

Starts Early

The 18-hole tourney will get underway that morning at 6:00 a.m., and at the conclusion of the tourney, late in the afternoon, a golf clinic, conducted by several pros, under the auspices of the Mid-West Professional Golfers Association will take place.

A similar clinic was held last September, during the first annual meet, and it attracted a large gallery, and proved interesting and worthwhile. Golf enthusiasts will not want to miss the clinic this year.

Although the tourney was successful last year, it is expected to be even more this year, because a bigger purse is at stake, and the earlier season, should attract more famed golfers this year.

Good Golf Reputation

This golf tournament has the reputation of being the largest event of its kind here in Central Missouri, and it is anticipated through the participation of well known pros and amateurs over the state and out-of-state, as well as local golfers, Sedalia will wind up as a big attraction each year on the golfer's playing list.

According to Dick Sklar, tourney chairman, many professionals and amateurs from out of town have signified that they will be here to play in the tournament. Also a large number of golfers from the Sedalia Country Club and Elm Hills Golf Course, have indicated they will be in there shooting for a low score, come Monday, June 26.

Among the pros from out of town entered are: Leland Gibson of Blue Hills in Kansas City, Tom Talbot, Hillcrest; Leonard Dotson, Kansas City; "Dutch" Stamberger, Swope Park; Grave Duvalle, Jr., Kansas City; Paul Weller of Kansas City Golf Course; Bob Black, Rockwood Club of Independence; Walter Ambo, Webster Groves, Mo.; Ray Dotson of Springfield and other leading pros.

Amateur Golfers

Some of the amateur golfers who have indicated they would be here for the meet are Jim Tom Blair III, Jefferson City; Glen Oatman, former Missouri state amateur golf champion, Independence; Mat Palacio, Jr., former state champion of California and Kansas, also Broadmore open champion, Wichita, Kas.; Jim McKinney, Columbia; Bob Carvell, Kansas City, and Ramey Watson, Kansas City.

Sport Scraps

By D. Kelly Scruton

THE annual story on the fence sitters must come up at this time. That is, the fence and ear top sitters at Liberty Park who would rather climb a fence and tear his or her pants to see a baseball game free, rather than go through the gate and donate his or her little admission, so baseball clubs can continue to operate.

Last week, when the Cubs were playing there were nearly more people either on the fence, sitting on top of their cars and trucks, than were in the grandstand. In fact a count was made and when the 100-mark was reached the counting ceased —it was too much for the ball club. The Cubs are having a hard enough time getting people inside the park, without the fans taking to the fence.

It costs approximately \$2.50 an hour to turn on the lights, it costs \$5.00 for ground keeper, it costs for the ticket seller, it costs for the advertising, and most of all the baseballs cost plenty. These so-called cheap fans, who would rather sit outside the ball park and see a game for nothing, have among their numbers "ball thieves." That is when a ball goes sailing over the fence it disappears in somebody's car or pocket.

There is a Park ruling and a fine can be assessed for anyone parking within twenty-five feet of the fence, the ruling also calls for a fine for anyone crawling on top of the fence. It is bad enough for people to break this rule, but when it becomes necessary to hire police to patrol the fence and make arrests and take these people to police court—that is bad.

If the practice continues, ball club managers have decided to have the rules and the City Ordinance governing the ball park property enforced.

SPEAKING of baseball, Sedalia has produced two of the best teams in the amateur lot it has had in several years in the Junior Legion and the Chiefs Ban Johnson clubs. The Cubs in the semi-pro division have had their ups and downs this year, but are coming through to provide better baseball.

The Junior Legion has been coasting through the season, winning game after game, but the competition will grow stronger and stronger as the team prepares to go into regional tournaments and into the State tournament. Then the team will have to prove its real strength. To date the local Legion team has been meeting the strongest competition in this section of the state and has always succeeded in pulling over the hump to win.

No argument—Sedalia's Junior Legion is on our way of thinking is the best—but lets keep going boys, its a long way to State Tournament time.

In the Ban Johnson League, that brand of baseball has turned into almost a College circuit. Year after year it has become a little tougher and this season it is just downright tough.

The entire circuit is studded with College players. These players have come up through Ban Johnson baseball during their high school days, gone away to College, made College teams and are still playing with their home teams in many cases.

One day a team is on top of the league, the next game in a tie, and sometimes the next down the line and back up again. Baseball in the Ban Johnson league is about as even as the leagues has ever been.

The Cubs have had their troubles, but have succeeded in holding together and have secured additional players to strengthen the team. The Cubs have announced they will be "loaded" for the Missouri State Tournament next month, and will be out to win.

Roundup Of Big Leagues On Saturday

NEW YORK, June 17—(AP)—Big Don Newcombe was near-perfect today as he pitched Brooklyn Dodgers to a 10-2 triumph over the league leading St. Louis Cardinals.

The Negro right-hander stopped the Red Birds on five hits, fanned eight and walked only one in posting his seventh victory of the season. The triumph slashed the Cards' advantage over Brooklyn to one and a half games.

Home runs by Red Schoendienst and Ed Kazak in the first and ninth innings, respectively, accounted for all of the Cards' runs.

Trio of Card Pitchers

The Dodgers pounded a trio of Cardinal pitchers for 14 hits. Jim Russell, Roy Campanella and Duke Snider led the way with home runs. Campanella's clout was his 14th of the season and his fifth in as many games. The Dodgers wrapped up the game in the first inning when they slugged Howie Pollet for four runs.

Right-hander Robin Roberts pitched the third place Philadelphia Phils to a 5-2 victory over the Cincinnati Reds. The triumph was Roberts' eight against two losses. Johnny Wyrostek homered with one on in the first to account for both Cincinnati runs.

The fourth place Boston Braves scored 10 runs in the eighth inning to crush the Pittsburgh Pirates, 15-6. Home runs by Tommy Holmes and Sam Jethroe featured the Braves' explosion that sent Hank Borowy, making his Pittsburgh debut, down to defeat.

Home Run Game

Home runs also played a prominent part in Chicago's 9-7 victory over the New York Giants. Hank Sauer, Roy Smalley and Ruben Walker unloaded for the Cubs, who got off to a running start with a five-run first inning. Wes Westrum and Hank Thompson homered for the Giants.

The Detroit Tigers widened their American league lead over the New York Yankees to two and one half games by shading Boston, 2-1 while the Yanks bowed, 7-3, to the Browns in St. Louis.

George Kell singled in both Detroit runs to give Ted Gray the nod over Mel Parnell in a battle of southpaws. Gray stopped the Red Sox on seven hits in gaining his seventh victory while Parnell allowed eight in suffering his second defeat in seven decisions.

Stubby Overmire, a former Tiger, surpassed his 1949 victory total in beating the Yanks. The little lefty, who won only one game last year, now has two conquests to his credit.

A Near Shutout

Overmire had the Yanks shut-out on five hits going into the ninth when he weakened and gave up four hits, two walks and three runs. He left with the bases loaded and two out, in favor of former Yank Duane Pillette. Pillette got pinch-hitter Gene Woodling to ground out to end the game.

Rookie Don Lenhardt led the Browns in bat by driving in four runs on his ninth homer, a double and fly ball. Fred Sanford was charged with the loss. His first in five decisions.

Indians Shaded Phils

The Cleveland Indians scored two runs in the ninth inning on a pair of errors by Kermit Wahl to shade the Philadelphia Athletics, 8-7. The victory enabled the Indians to take over third place from the Red Sox by 13 percent-

Ionia Nosed Out Green Ridge 4-3

The Green Ridge softball team met defeat Friday night on their home diamond at the hands of the Ionia softballers, a powerhouse ball club of the Tri-County League. It was a 4 to 3 victory for the Ionians.

Tommy Sanders, of Sedalia, who has been the hurler for Ionia for the past three seasons, held Green Ridge hitless for six and two-thirds innings, when he gave up a walk and a Green Ridge pitcher pasted one for a long drive. It was the first loss of the season for Rothenberger.

Ionia has won four and lost one so far this season and has several games to make up before the season ends, these games having been postponed due to weather.

Batteries last Friday were: Rothenberger and Durrill for Green Ridge and Saunders and Keyte for Ionia.

Green Ridge plays at Homer Friday night, meeting Versailles at 8:00 o'clock.

Knights Beat Stover Here Friday Night

Sedalia Softball Team Will Be Host Twice This Week

Playing their first night game of the season on the new softball diamond at Center Park, Fifteenth street and Center avenue, the Sedalia Knights of Columbus teams defeated Stover by a score of 16 to 14 Friday night.

The rain, which came earlier in the evening, made the grass slick and caused difficulty in fielding. Both pitchers were hit rather hard. Cramer, for the Knights, gave up 13 hits and Self, Stover's hurler, was tapped for 15 sacrifices.

After Stover scored four runs in the first inning the Knights came back to score three in the first and six in the second and were never threatened. Stover scored seven runs in the last two innings, but the Knights held the rally short.

Circuit Drives

Ash and D. Weller hit circuit drives for the Knights and Harrell homered for Stover. The new field was unfamiliar to the teams and this contributed to the amount of hits that got through the fielders. Both teams were accredited with double plays.

The schedule calls for two tri-county league games for the Knights this week both of which will be played in Sedalia. Tuesday night Cold Camp is to be the opposers and Friday night, Warsaw will meet the Knights. Warsaw defeated the Knights in a game earlier in the season. Game time for both games is scheduled for 8:30 o'clock.

age points. Larry Doby and Jim Hegan homered for Cleveland. Washington scored five runs in the first inning and went on to defeat the Chicago White Sox, 6-3. Bob Kuzava, a former member of the White Sox, stopped his old mates on nine hits to post his second victory.

Sedalia Cubs Vs. Redbirds Here Today

Semi-Pro Game To Start At 2:30 P. M. At Liberty Park

The Sedalia Cubs, semi-pro baseball club, will be out to avenge a 11-0 score they suffered at the hands of the Jefferson City Redbirds last week, when they face the stinging tribe this afternoon at 2:30 o'clock at Liberty Park.

The Cubs stand a good chance to beat the Redbirds today, as their team has been strengthened with a number of players. When they played the Jeff City squad last Tuesday night, they played without three of their regular players.

Team Settles Down

The Cubs have improved their playing considerably since the start of the season, and are getting settled down to play some good baseball. At the start of the season, the team was minus a good pitcher or two, and each game they played, were short of players, thereby causing the regular line-up to be juggled around from one position to another.

Now the club has two good pitchers. Bob Newbill, 21 year old right-hander, who has a lot of stuff on the ball, and should give any visiting teams a good pitcher's duel. The other pitcher is Bob Rapp, who is also a

Store Sales up The Past Week

ST. LOUIS, June 17.—(AP)—Department store sales in the smaller cities of the Eighth federal reserve district were up 13 per cent last week, as compared with the same period a year ago.

Dollar volume was up one per cent for the district as a whole, the Federal Reserve Bank of St. Louis reported.

But sales were down three per cent in St. Louis, one per cent at Memphis and four per cent at Little Rock.

Total department store sales for the year are running two per cent below those of the same period in 1949, but aggregate sales in the smaller centers are up five per cent for the year.

What It Means: The New Japanese Independence

By Russell Brines

TOKYO—Japanese pride and gullibility, massaged by Communist propaganda, have raised a threatening problem for the United States. The issue is whether American military bases will be maintained in Japan after a formal peace treaty is negotiated.

Six months ago, only the Communists opposed post-treaty bases. The rest of the Japanese wanted the Americans to stay to guarantee protection against external attack or internal troubles. Now, however, the country is debating the point.

It was discussed by a committee of 264 of the country's leading educators, then by political parties opposing the present administration. The educators apparently sincerely believe their contention that Japan can be spared another war merely by declaring neutrality. The politicians seem primarily interested in embarrassing the administration, which consistently supports American policy.

The people themselves seem bewildered. Most of them want to avoid involvement in another war, but they lack the ability to discern the flaws in arguments that they can remain neutral merely by saying so. American military authorities say that bases in Japan will be essential indefinitely, both for the protection of Japan and of the United States. They do not want a treaty without clear rights to maintain the bases now held under the occupation.

On the other hand, they say they could not continue to occupy these installations against a majority of Japanese opinion. This apparently is what the Communists are trying to arouse.

The Russian member of the Allied Council for Japan recently jumped into the battle with an official letter to General MacArthur, contending maintenance of present bases violated occupation policy. MacArthur rejected this as "provocative impertinence," but that did not dispose of the question as far as the nervous, gullible Japanese are concerned.

Some Americans cite this as one of several reasons for concluding an early peace treaty with Japan. The government today could put across the policy of granting post-treaty bases, but it might not be so easy in another year or two. The Japanese are showing increased desires for independence and international equality. So far, this is neither aggressive nor militaristic. It signifies, however, that in its fifth year, the occupation has reached a declining curve in the effect of its policies and perhaps in its welcome.

General MacArthur said in 1945 that any military occupation be-

gins to lose its influence after three to five years.

Recently Japanese politicians by-passed an important local tax bill despite the most positive type of indirect occupation pressure for it. In the past they have delayed or sabotaged several reform measures, but this is the first one they have refused outright.

Not long ago a group of influential industrialists presented American officials with a virtual list of demands for far eastern trade. "These men," said one Japanese official sadly, "do not understand that the world has not forgotten the war. They think they are welcome everywhere and that the world depends upon Japanese goods."

There is little similarity between the bustling Japanese of today and the listless, humble, shoddy people who met the first occupation troops in 1945. In those days they were eager to be told what to do and usually tried to do it. Now they clearly want to run everything themselves as quickly as possible.

The Germans shipped tons of Dutch bulbs and bulb soil to Germany during the war, apparently intending to take over the industry.

Eight Counties Fill Bonds Quota

With four of the nine weeks of the independence drive passed, Missourians had purchased a total of \$7,860,258 in series "E" bonds. This represents 37.5 per cent of the state's quota of \$21,000,000. The latest reports also revealed that eight Missouri counties had exceeded the goals set for them. They are: Carter, 251%; Shannon, 226%; Washington, 186%; Morgan, 131%; Worth 125%; Wayne, 119%; Benton, 109% and Mercer, 104%.

R. E. L. Hill, secretary of the Missouri Bankers Association and state chairman of the Savings Bonds Organization, commenting on the current report, said: "Although as of June 10, our state was somewhat behind schedule, I am sure future reports will reflect the fine work that it being done by our chairmen and their committees."

Mr. Hill continued: "Our bankers, newspapers, radio stations and local civic, fraternal, veterans' and women's groups have all pledged their full support. I am certain that Missouri will get the job done before the drive has been completed."

Dismiss Charge Over Tavern

KANSAS CITY, June 17.—(AP)—A charge that gamblers were permitted on the premises of the Last Chance Tavern, which Charles Binaggio and Charles Gargotta left for their doom April 5, was dismissed Thursday by the city director of liquor control.

Fred R. Johnson, the director, said he could not see that a case had been made against Mrs. Israel Goulding, owner of the tavern. It is located on the Missouri and Kansas state lines.

Johnson held hearings May 26 and yesterday. He filed the case against Mrs. Goulding after receiving a sworn statement from John Dehoney, Versailles, Mo., a former night manager of the tavern. Later Dehoney changed his story.

Binaggio and Gargotta left the tavern the night they were slain

as of June 10, sales of series "E" bonds in this county amounted to \$42,047 or 38.5 per cent of quota.

The chairman said: "With five more weeks left before the end of the accounting period, I am sure the citizens of four county will again purchase savings bonds, not only to the amount of our quota, but more too, for everyone recognizes these bonds as the safest possible investment."

Grant Authority to Purchase Toll Line
JEFFERSON CITY, June 17.—(AP)—Southwestern Bell Telephone Company was authorized by the Missouri Public Service Commission Friday to buy 125.9 miles of toll line from the Ozark Central Telephone Company of St. Louis. The selling price is \$18,000.

The line runs through Texas, Phelps, Maries and Osage counties. It extends from Cabool to Linn junction, five miles north of Westphalia.

A federal grand jury said in an interim report recently the tavern "is notorious throughout the area for persistence with which various gamblers have, from time to time, utilized these premises to evade the law."

Installation Held Wednesday Night For Officers of Job's Daughters

Officers installed at Job's Daughters. They are left to right: Mathryn Brown, Senior Princess; Carolyn Morgan, Honored Queen; Joan Pasley, Junior Princess and Patricia Currutt, guide. (Photo by Lehmer.)

Job's daughters, Bethel No. 15, held public installation of officers Wednesday evening, June 14th, at 7:30 p. m. at the Masonic Temple.

The Blue Room was decorated with a garden scene background of green foliage, blooming roses and lighted tapers on each side of the dias. The installation program was opened with the lighting of the tapers in the East by Mary K. Harris and Barbara Dunn, while Joan Pasley played a violin solo. "Ah Sweet Mystery of Life," accompanied by Sally Jo Dowdy. Mrs. Hubert Smith then sang "Open the Gates of the Temple," accompanied at the piano by Mrs. Oliver Steed.

Mrs. Jerry Brown, Guardian, and George Currutt, Associate Guardian, were conducted to the East by Donna Rae Knerl, Installing Grand Guide, and Nancy McAtee, Installing Grand Marshal, and a welcome given to those present.

The Bible Presentation and invocation were given by Maurine Hoffman, during which time the Biblical Portrayal of the Three Daughters of Job was made by Nancy, Sara and Carolee Harned, who stood in front of the form of a large white Bible. Mrs. Hubert Smith sang "The Lord's Prayer" during this presentation. The American Flag was brought in by Donna Lynn Richardson, with Donna Chambers and Janet Ragar as escorts. Bob Stanley gave the roll of drums as the flag was presented.

Miss Carolee Pile presented and gave tribute to the Bethel Flag. "Mother" Brown then called the assembly to order and introduced the following: Installing Grand Officers who officiated during the entire installation of Bethel officers.

Wanda Jean White, Jr. P. H. Q., Installing Grand Guardian; Donna Rae Knerl, P. H. Q., Installing Grand Marshal; Nancy McAtee, P. H. Q., Installing Grand Marshall; Anita Isgur, P. H. Q., Installing Grand Chaplain; Winnie Graham, P. H. Q., Installing Grand Secretary; Mrs. Oliver Steed, Installing Grand Pianist.

These officers were installed for the coming term:

Honored Queen: Carolyn Joyce Morgan; After the Honored Queen elect was presented in the East, her crown was brought in by Charles Graham on a white satin pillow. Little Charles was accompanied by his sister, Betty Graham. Johnny Hays then sang "Our Best to You" to the newly installed queen, accompanied by Bob Stanley.

The Queen's flowers were then presented to her by Betty Graham. Senior Princess, Kathryn Brown; Junior Princess, Joan Pasley; Guide, Patricia Currutt; Marshal—Ruthanne Zulauf was elected to the office of Marshal, but was not present for installation.

Appointive officers: Outer Guard, Bobbie Ann Dale; Inner Guard, Mary Lou Mitchell; Senior Custodian, Dorothy Dey; Junior Custodian, Joyce Burke; Librarian, Delores Welling; Chaplain, DeAnn Rogers; Recorder, Shirley Jo Wilson; Treasurer, Donita Lu Rudd; Musician, Sally Jo Dowdy; First Messenger, Joyce Witt; Second Messenger, Pat Collis; Fourth Messenger, Nancy Vaughn.

Fifth Messenger, Donna Lynn Richardson; Ilene Moon was appointed to the office of Third Messenger, but due to illness, was not present for installation.

During installation, as each candidate was presented and installed, Janet Rager and Dolanna Mabry lighted a taper for their office.

The Honored Queen, Carolyn Morgan, then had her Pro-Tem Officers presented and installed. They were as follows: Outer Guard, Marilyn Patterson; Inner Guard, Joan Overmier; Senior Custodian, Barbara Black; Junior

Couple Married Sunday At Stover

Miss Arlene Stucker, daughter of Mr. and Mrs. Arthur Stucker, became the bride of Mr. Roland Kolm, son of the Reverend and Mrs. H. A. Kolm, June 11th at 4:00 o'clock at Christ Lutheran church at Stover. Reverend Kolm, father of the bridegroom, read the double ring ceremony.

The church was decorated with white gladioli, ferns and two large candelabra holding burning white tapers.

Mrs. Harry Zimmerman, organist, played the wedding music and accompanied the soloist, Mr. Harry Zimmerman, who sang "Through the Years" and "The Lord's Prayer."

The bride, who was given in marriage by her father, chose for her wedding a gown of imported white organdy with inserts of floral embroidery. It was fashioned with a fitted bodice, short sleeves and matching mitts. Her bridal illusion veil was trimmed with lilies of the valley. She carried a colonial bouquet of white carnations and stapanotis, with a shower of white streamers and a delicate lacy linen handkerchief, sent from Switzerland.

Miss Jean Stucker, sister of the bride, was maid of honor. She wore an apple green organdy gown over matching taffeta, with matching headpiece and mitts. She carried a nosegay bouquet of yellow and white carnations.

Mrs. Leon Fischer, sister of the bride, was bridesmaid. She wore a pink organdy gown over matching taffeta with matching headpiece and mitts styled identical to that of the maid of honor. She carried a nosegay bouquet of pink and white carnations.

Miss Arlene Langholz and Miss Joan Stucker, candlelighters, wore formal gowns of green and yellow organdy respectively. Each wore corsages of white carnations. Mr. Paul Kolm, brother of the bridegroom, was best man. Mr. Richard Langholz of Russell, Kas., cousin of the bridegroom, was the groomsman. Ushers were Lester Fischer of Kansas City and Robert Hagerdom of Stover.

Mrs. Stucker, mother of the bride, wore a powder blue dress with white accessories. Her corsage was of pink carnations. Mrs. Kolm, mother of the bridegroom, wore an aqua dress. Her corsage was also of pink carnations.

The reception was held immediately following the ceremony in the church parlors with 65 guests attending. The serving table was decorated with two entwining hearts amidst lilies and burning tapers. A four tiered wedding cake with a miniature bride and bridegroom adorned the lace covered table. Those serving the cake, punch and ice cream were Mrs. Lester Fischer, Miss Miriam Kolm and Mrs. Edwin Eckhoff. Mrs. Richard Eckhoff and Mrs. Warren Kipp.

After the reception the couple left for their honeymoon in the Ozarks. For traveling the bride chose a brown and white dress with brown accessories. Her corsage was of white carnations.

After their honeymoon they will be at home at 926 South Main in Independence.

Out of town guests were Miss Lydia Kolm of Canton, Ohio, Mr. and Mrs. Herman Langholz and family of Russell, Kas., Mrs. William Langholz, of Bazine, Kas., Mr. and Mrs. Richard Eckhoff, Mr. and Mrs. Walter Eckhoff and family, Mr. and Mrs. Warren Kipp and sons and Mr. and Mrs. Lister Fischer of Kansas City.

DAR Meeting Held Wednesday In Garden at Strole Home

Osage Chapter, Daughters of the American Revolution, had its Flag Day picnic at the home of Mr. and Mrs. P. L. Strole, the "Fardin de Flores" at 1:00 o'clock p.m. June 14th. The tables were set up in the garden and the red, white and blue theme was carried out in flower and table decorations.

After the luncheon Mrs. A. L. Walter, regent, called the meeting to order. After the reading of the minutes by the secretary and the treasurer's report, the chapter gave a rising vote of thanks to Clyde Heynen for his help in getting the markers for the Memorial Drive and the Washington elm placed. Mrs. Walter told of placing the mammy rocker in the Arrow-rock tavern. This historic piece has been in the McCormick family for several generations and was

in which Mrs. Hurlbut's family is mentioned. Mrs. Berry accepted the gift in memory of her mother. Miss Nina Harris, program chairman, introduced Miss Udolph Phillips of Clinton, sister of Mrs. Tom Mullay of Sedalia. She gave an interesting talk on "The Stars and Stripes Forever." She brought out how the pledge to the flag was written. About 40 years ago, Mrs. Homer Hendrick, a teacher in Cherryvale, Kas., and a member of the D. A. R. offered an award to the pupil writing the best "Oath of Allegiance." A 17 year old boy won, Frank Bellamy,

and later when President McKinley asked for a new oath, it was submitted and again won. It is the Oath of Allegiance we repeat today. Mrs. Walter expressed her thanks to the members for their cooperation during her regency and pledged her help to the new regent Mrs. Roy Coplen. She turned the gavel over to Mrs. Coplen, who closed the meeting. Hostesses for the afternoon were, Mrs. P. L. Strole, Mrs. Frank S. Leach, Mrs. Charles Bliss, Miss Tracy Berry, Mrs. Charles Handley, Mrs. Harry Lindstrom, Mrs.

Fake Poise by Girls Anxious to Become Models

By Hal Boyle
NEW YORK—(P)—Thousands of beautiful girls try each year to get a foothold in the glitzy business of modeling.

And you could flush Fifth avenue with the tears of those who fail. What is the thing that defeats most of them?

"They come in wearing nine hats and three pairs of gloves," say Joan and Tony Webster, a young couple who operate the Society of Models, Inc., a talent agency.

This is their way of saying the girls act Phoney, instead of acting themselves.

"They have stylized walks and stylized hair-dos that make them all look alike," said Tony, a former radio writer who flew an artillery cub scouting plane in Europe during the war.

"If Groucho Marx is making money, every comedian wants to grow a moustache. It's that way in this business. The girls work too hard trying to look the way they thing a professional model ought to."

The result? They become stilted caricatures. They gain a fake poise and lose their own real poise.

"The photographers are inundated with pretty girls of this type," Tony continued. "When they see a girl with real individuality and charm, they pounce on her. It's her naturalness that pays off."

There's an old wisecrack that you can tell a man who's out of work because he dresses so neatly. It's that way in modeling, too.

"One of the top girl models—she makes up to \$500 a week—comes to work wearing glasses and with her hair in curlers," said Tony.

"And the girls who aren't working—they come in wearing nine hats," chimed in Joan, herself a successful model.

Met at Rest Camp
She was a Red Cross girl in a Riviera rest camp when Tony met her on leave at war's end. They were married there.

Last January they bought the model agency so they could have the same working hours.

"We bought it on Monday, saw it on Tuesday, and fainting on Wednesday," laughed Joan. "The place was rather rundown-looking."

But thirty of the models—who earn \$15 to \$30 an hour—volunteered to help them repaint the offices. They got the job done over week-ends. The whole experiment has left Webster dazed.

"What amazes me most is the number of women who want their children to be models," he said. "Some of them write to us from the maternity wards."

Their agency now has 100 models, including an 85-year-old grandmotherly type who was discovered working in the powder room of a night club. It also has two trained dogs and cats. But the Websters aren't too fond of animal models.

"Soon after we started, we got a call for a cat model," explained Joan. "When we checked, we found the cat had moved."

"Isn't that a silly situation—chasing all over New York looking for a cat that didn't have

Parks of the City are Drawing Crowds, Pools Very Popular

Attendance figures so far this year at Sedalia's five parks clearly predict that this is destined to be the biggest year in the history of the parks' existence.

In relation to the city's size the park system is far in advance of the population's requirements. The land area of the five parks total over one hundred acres on which the park commission last year spent \$22,295 for upkeep and improvements.

The parks in many nearby cities fail to equal those of Sedalia in regard to both facilities and conveniences offered. One city with an equal population has two large parks but persons living in the city who wish to use the parks must travel as far as five miles to reach one of them. In comparison, Sedalia is fortunate in having its parks so located that even the most distant residents of the city are within a convenient distance of at least one of them. The parks have been logically planned and each is placed in the more densely populated areas of the city. Although they differ in size each offers equal facilities with the exception of swimming pools and night lighting for ball games.

The largest of the parks are Liberty and Hubbard. Liberty park, with the greatest land area, has a 46-acre tract, while Hubbard has 26 acres. The other three parks are confined to smaller acreages.

Liberty park, located at Third street and Park avenue, provides the most extensive program. An attractive lagoon is situated near the picnic grounds which is complete with tables, barbecue pits and a shelter house. The picnic area, which is in constant use during the afternoon and evening, is well shaded and provides space for large parties. It is frequently used for family reunions and other similar celebrations.

A recreational area of shaded land has been provided for the adults and a children's playground complete with swings and other equipment is in operation. During the summer an eight-week recreational program for children has been set up at Liberty park where the children are permitted to play under guided supervision. A convention hall and a formal garden are continually being used for varied social events.

Other Entertainment

For the sports-minded individuals there are tennis courts, a grandstand lighted for night baseball, a quadrangular softball area, a skating rink and even horseshoe pitching courts. For the model airplane enthusiasts the park has provided a cleared area in which the model builders can fly their planes unhindered.

Two new additions to Liberty park this year are the swimming pool which was opened this spring and a new pony ride area. The pool has a modern bathhouse, diving facilities and wading section. Capacity crowds have been filling the pool since opening day. The pony riding concession, which is scheduled to open this week is located north of the swimming pool and is to be operated by L. E. Pettit of Sedalia. Four ponies will be used in the enclosed riding area. P. A. Sillers is in charge of both pools.

The park also has three concession stands which provide the crowds with soft drinks and other refreshments. The road to the north of the park has been repaired recently and the baseball diamond has had a hundred lights installed, doubling the previous lighting power and thereby improving the facilities for night baseball. The lagoon, besides adding to the beauty of the park, is also available for those who visit the park and wish to fish. This summer crowds of between two and three thousand have been using the park's facilities.

Hubbard Second in Size

Second in size to Liberty park is Hubbard park, which is situated on north highway 80. This park has opened its newly constructed swimming pool this year and has had a very favorable attendance. A concession stand

serving soft drinks is operated in connection with the pool, the baseball diamond and the grandstand. A shaded area has been set aside for adult recreation and a playground for children is another outstanding feature.

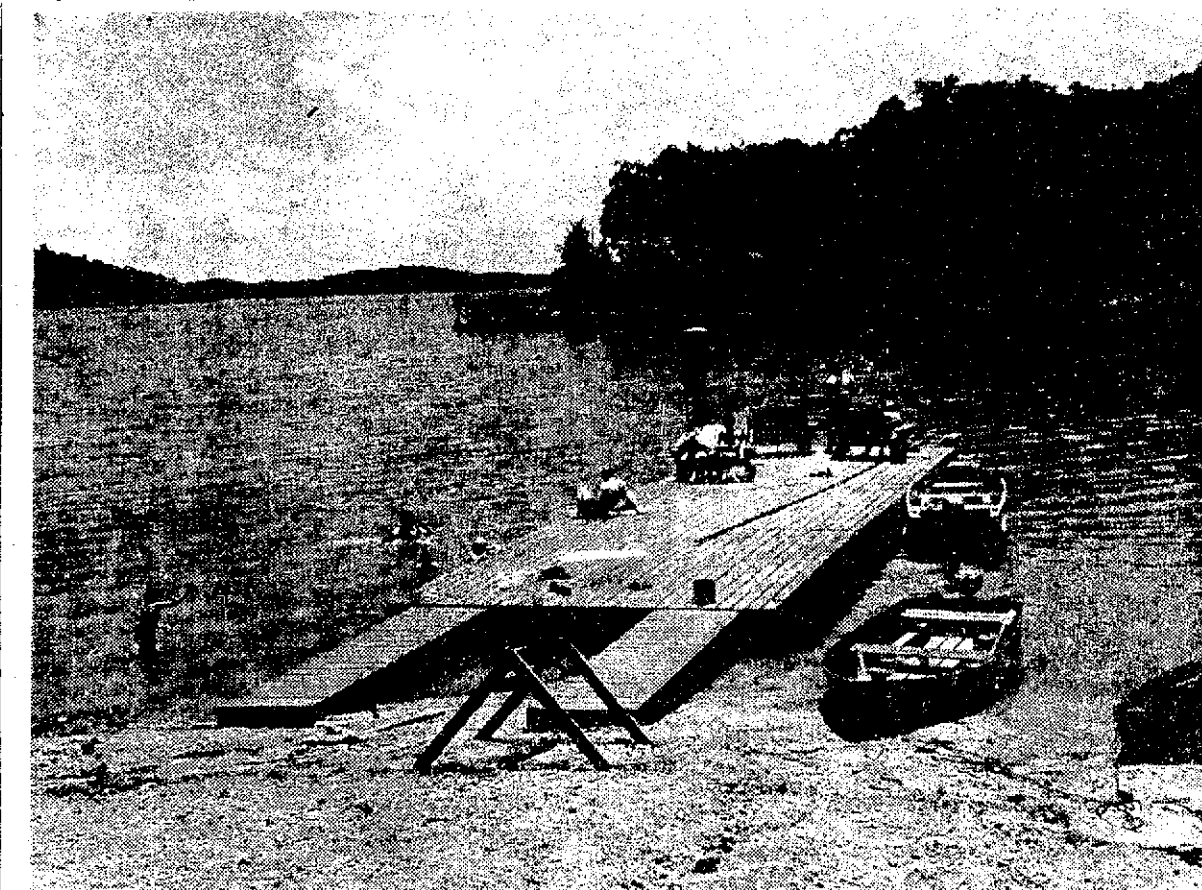

Washington park on east Broadway is what was once the site of the Missouri-Kansas-Texas railroad hospital. The land is owned by the railroad and is leased to the city for the rental charge of one dollar a year. The park has an excellent softball diamond, along with croquet courts, tennis courts and an area for adult recreation. The picnic area is equipped with tables and barbecue pits located in a shaded spot convenient for use during the day. The occupants of the park are served refreshments from a centrally located concession stand.

For Softball Games

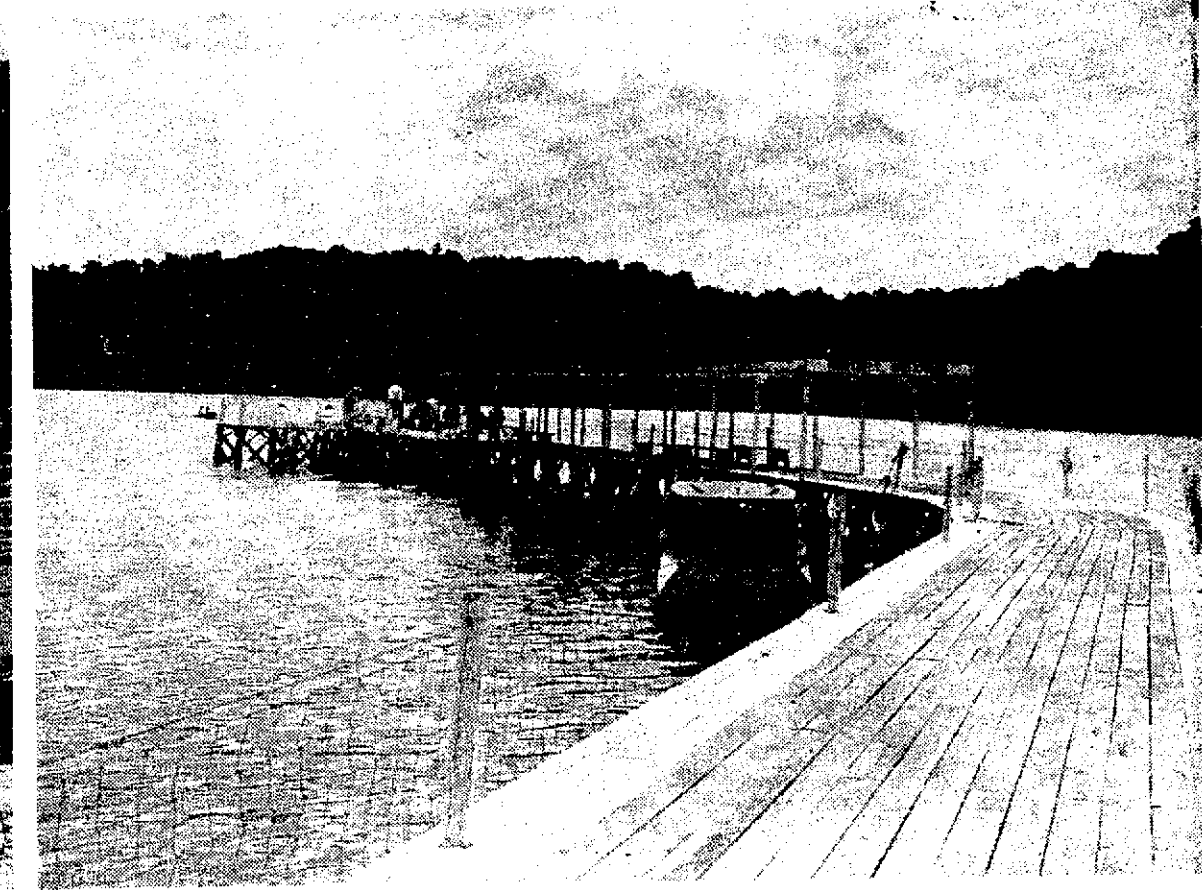

Center park, Fifteenth street and Center avenue, is being provided with lighting facilities on the ball diamond, thus making it possible for the process of formation, to play many of their games at night. An open play area with a concession stand is also offered to those visiting the park.

Housel park, formerly known as the Coal Chute diamond, is located at Engineer avenue and the Missouri Pacific railroad tracks. The park has a baseball stand and diamond. Like the other parks a section has been turned into a children's playground and an adult recreation area has been created from another section of the park.

Miss Carole Meyer, Stanley, Wis.; Miss Mary Ann Kuhlman, 222 East Fourth street, Sedalia, and Miss Virginia May, St. Louis, students of Fontbonne College, St. Louis, on the steps of the school's administration building, looking over views of places of religious and historic interest they will see on their pilgrimage to Rome for the Holy Year.

Miss Mary Ann Kuhlman, the daughter of Mr. and Mrs. Fred Kuhlman of 222 East Fourth street, Sedalia, will sail on June 19 for a Holy Year pilgrimage to Rome in a tour sponsored by the National Federation of Catholic college students. She is a student of Pontbonne college, St. Louis, and will be accompanied by two of her fellow-students, Miss Virginia May of St. Louis and Miss Carole Meyer of Stanley, Wisconsin.

Their party, made up of thousands of instructors and students of Catholic colleges, who have chartered the S. S. Roma, will spend several days in Paris, Lourdes and other cities in France, and in Florence, Perugia, Assisi and other centers in Italy before

Cape Girardeau Interested In Sedalia's Park Operation

Cape Girardeau, located in the southeast part of Missouri, is interested in Sedalia's operation of its park system, as was shown in a letter received some time ago by the secretary of the Park Board, Cline Cain. The letter, written by James Blue, of The Southeast Missourian, published in Cape Girardeau, asked for information on Sedalia's system, its operation, etc. Cain replied at once, and shortly thereafter the following article appeared in The Southeast Missourian:

"In the past four years, more than \$63,000 has been spent on Sedalia's parks, including the purchase of ground for two new recreation areas, and many improvements on physical play facilities.

"The facilities are administered by a five-member board, with members serving two-year terms each on a staggered basis. Appointments are made by the mayor with the consent of the City Council and all members, acting in an advisory capacity—with their advice strictly needed—serve without pay.

"Duties of Board
"The board is charged to oversee the parks of Sedalia, and to properly spend all the monies appropriated for the parks by the City Council."

"As in the case elsewhere, a certain tax levy is allotted to the

Recreation Program Has Been Renewed

Supervised Play For Children At Liberty Park

For the first time in four years a summer recreation program has been opened for the children of Sedalia. The eight week program, stopped in 1946, is open to children from the ages of 6 to 18 years and is under the sponsorship of the Sedalia Teen Town Board, the Kiwanis club, Rotary club and the Chamber of Commerce.

Approximately 200 children have attended each day since the program was inaugurated. The program began on June 5 and will close on July 29. It is open Monday through Friday from 9:00 a. m. until 11:30 a. m.

Due to the financial situation with which the program is faced it has been forced to confine its activities to the Liberty park playground. The children who attend are placed under supervisors and are guided by them in their play. Directing the program is Howard Glavin, who is assisted by Miss Virginia Williams, Miss Carol Lee Johnson and Walter Wiley.

All the facilities of the park are placed at the disposal of the children with the exception of the swimming pool. The tennis courts, when conditioned, will also be used. Croquet and softball are among the other games offered. A fly casting contest is planned for both adults and the younger group.

In connection with this program is the two-light baseball league, composed of six teams and another league is working toward formation. This latter league will be made up of the various civic clubs.

The continued existence of this post school recreation program will be based on the success of this year's activities and on the interest shown by the children.

Howard Glavin, director of the program, resides at 1001 South Montgomery avenue at the Forth home.

being laid out for spring opening of the parks.

The superintendent, by custom, places before the board president, a written list of matters needing attention. This list is then passed along to all members along with other matters, before a meeting is called so all will be familiar with its content and can consider it beforehand.

"Each member of the park board is expected to pay special attention to the park nearest his home. Mr. Cain explained in this way the member is apt to know conditions of that part of the city and any special requests that citizens of that area are referred to him for investigation.

"Members make frequent inspections of all parks and last year when the lagoon in Liberty Park clouded with algae, two board members spent their time from the close of the business until dark for more than a week treating the

Catholic Community Center

Aerial photograph of the Catholic Community Center, south of Sedalia, including the lake, dance floor and concession stand at the extreme right and the tenant house at the lower center... (Photo by Eickhoff-Meyer, Aerial Photographers of Cole Camp.)

The Catholic Community Center, beginning its third year as a private recreational spot, provides its members with a wide range of diversified outdoor activities.

The Center was acquired by Sacred Heart church three years ago, a gift from Fred Sheets. It consists of over 20 acres of land, including a large, two acre lake. The Center is located seven miles south of Sedalia on the waterworks road. Mr. Sheets resides on the land and is the Center's supervisor during the active season.

The lake is used for both swimming and fishing. Swimming docks and a bathhouse have been constructed for the convenience of the swimmer. It has also been well stocked with a variety of fish. Additional facilities for boating were added this year.

Various private clubs and organizations have used the grounds for picnicking and private parties. A large oven is located on the picnic grounds for use by the picnickers.

Concessions

A large concrete floor has been constructed for dancing parties which are anticipated as a part of

the Center's future activities. In connection with this is a concession booth which will supply refreshments for those attending. Later the Center plans to organize a weekly entertainment program to permit full use of the facilities offered.

The Catholic Boy Scout troop plans to build a log cabin on the grounds sometime this summer. Beginning June 25 Red Cross swimming and life saving classes will be conducted for those interested. The classes will be conducted by Henry Sutton.

Ruth Ann Yunker

Chas. F. Walch

Miss Ruth Ann Yunker, 20-year-old daughter of Mr. and Mrs. Harold G. Yunker, 1214 South Carr avenue, Miss Yunker will major in piano at Interlochen, but will also take a little music theory, musical literature and musical appreciation. Miss Yunker was graduated from Christian college this spring where she has been studying with Franklin B. Launer, chairman of the Christian music department. She plans to enter the Eastman School of Music in Rochester, N. Y. this fall. Eastman's fall term will open about August 29th.

The national music camp at Interlochen, Mich., is now entering into its twenty-third season and Sedalia will have representation with two instrumentalists, Miss Ruth Ann Yunker and Charles F. Walch. Miss Yunker has gained considerable and favorable comment with her piano recitals and Charles has stepped into the foreground in Smith-Cotton high school music departments. He plays the baritone horn as well as violin in the school orchestra. The camp is composed of four chief departments: Music, Art, Speech and Dance. The major musical organizations are: Symphony orchestras, including university, high school, broadcasting, studio, concerto, intermediate, junior and festival. Bands, univer-

sity, high school, studio and intermediate. Choirs, university, high school, intermediate, junior and festival. Opera workshop, university. String orchestra, high school. The music classes include: Acoustics (electronics) band arranging, conducting, composition, ensembles, music literature, music theory, orchestration, piano repertoire, piano ensemble, piano tuning and repair, violin making and repair. There are also beginning classes in harp, piano, percussion and all band and orchestra instruments. Private lessons in piano, voice, organ, composition and all band and orchestra instruments are also available to those who desire them.

Roadside Park West of City

A roadside park, one of Sedalia's contributions to the vacationist and traveler, was brought into existence through the efforts of the Council of Sedalia Garden clubs.

The park, located about two miles west of Sedalia on Highway 50 was created under the Club's Committee on Roadside Beautification headed by Mrs. Herbert Seifert, State Chairman, and Mrs. R. T. Phelan, both of Sedalia. It is part of a nationwide project sponsored by the Garden Clubs.

A drive leads from the highway and to a cleared area where picnic tables and ovens have been set up for the visitors. A barbecue pit also has been constructed. The park was dedicated in August of 1949 and opened in October. The site was purchased by Pettis county and is maintained by the Missouri State Highway Department under the direction of F. W. Sayers, of Sedalia.

Informative Books on Travel At Sedalia Public Library

Planning your vacation? Information on all sections of the United States, Canada, Alaska, Mexico and many other vacation spots can be found at the Sedalia public library.

The library has a special vacation section devoted to books which will serve as an excellent guide to the prospective vacationer. During the vacation months the library will introduce a new service which will enable vacationers to take books from the library and keep them during their entire vacation. These books will be automatically renewed each time the rental date expires thus giving the traveler an opportunity to take read material with him without fear of the books becoming overdue.

Will Add to Enjoyment
The vacation section provides

background material on the various vacation areas, permitting the vacationer to familiarize himself with the territory and thus add to enjoyment and appreciation of the area.

There is also a file at the library on the Lake of the Ozarks, a book on national parks and several editions of Holiday magazine.

One of the principal features of the library's vacation guide section is a set of books edited by Look magazine in collaboration with experts on the different regions of the country. The books are mainly pictorial, but the pictures are accompanied by correlating data. The books also contain a list of the many social and recreational events that are outstanding in the sections, giving the time and place of each. The

books in this series deal with the southwest, the central northwest, the south, the far west, New England and New York City. Another book, Ann Carnahan's The Vatican, will be helpful to anyone planning a pilgrimage to Rome.

For Library Patrons
This information is at the disposal of all the library patrons and additional information from the files will be provided on request. The books will not only give the vacationer a general idea of what to expect in the region he plans to visit, but it will tell him how to get there, what to do and what to see.

Montserrat Park Popular

A popular place for a day's outing in the Sedalia region is the Knob Noster State Park, commonly known as Montserrat park. Ten miles east of Warrensburg on Highway 50 it is used quite extensively by the Boy Scouts and Girl Scouts for camping purposes and other Scout activities.

The park provides modern group camps complete with concrete swimming pools which are supplied with chemically treated

well water. A number of electrically lighted picnic areas give the visitor secluded spots for picnics and parties during the day or at night.

Miles of foot and nature trails give excellent settings for hikes and similar outdoor activities. The area is heavily forested and contains a large lake and some small streams.

Summertime Programs Are Underway

Popular Not Only In Sedalia But Over the Nation

Summer music programs are gaining popularity and in importance in Sedalia, as well as on a national basis. Many years ago summer music projects were a rarity, but now they are becoming annual events that assist greatly in the construction of strong musical organizations.

Smith-Cotton high school's summer music program has now opened and has been in operation a little more than a week. It is under the direction of Miss Geraldine Teufel, director of music in Sedalia's public schools. According to Miss Teufel the summer work will consist of ten weeks of band, string, bass, woodwind and percussion classes. All of these sections are divided into elementary and advanced groups to give the various grade students advantages that they otherwise would not have if the classes were mixed. The ages range from about eight years of age to and through eighteen.

How Section Is Broken Down
The brass, for instance, will be broken down into trumpet, French horn, trombone, baritone, etc., classes and the students on each of the respective instruments will receive class instruction and assistance from Miss Teufel. These sectional rehearsals are very beneficial to the students for they give them the advantage of ensemble playing as well as a more direct and intensive instruction.

The band, says Miss Teufel, is well balanced in instrumentation, but there are vacancies in the bass and bassoon sections. The band has about fifty students and most of them are enrolled in the instrument classes.

Miss Teufel is entirely alone with the instruction and direction duties. The classes start at 9:00 o'clock every week-day morning and close at noon, with the exception of Tuesday and Thursday afternoons. Miss Teufel said she felt that the class periods would have to be carried over into other afternoons as well, since there are so many varied classes and groups to be tutored.

The band rehearsals are being held in the gymnasium and all instrument classes are being conducted in room eight.

Guest Conductors
The Harjak Music company, 420 1/2 South Ohio avenue, has opened its first annual summer band program with guest conductors from surrounding towns and colleges in charge of the rehearsals. The bands, beginner and advanced groups, will meet in a large rehearsal hall on the third floor of the building at 418 South Ohio avenue.

The company is operated by co-owners Harry Trotman and Marion "Jake" Siragusa. According to Trotman and Siragusa there will be a small fee charged for the entire summer program, to cover music materials and expenses.

The beginners band with a signed membership of about forty music students will rehearse on Tuesday nights and the advanced group of about fifty will meet on Thursday nights. Instrument classes will also constitute a part of the program and instructors

How to Stay Alive While Boating

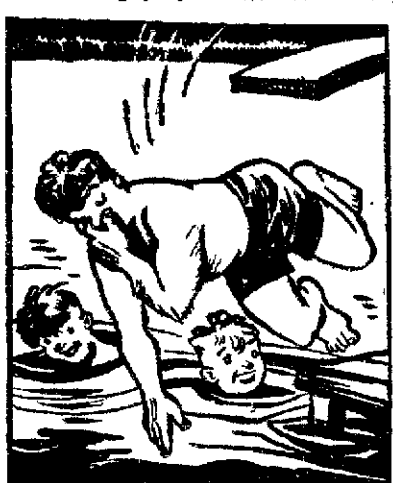

Summertime is boating time, and boating can be a lot of fun or it can be a prelude to tragedy if you're not careful. Here are some tips, by Coast Guard experts, on keeping boating safe.

DON'T OVERLOAD. Know your boat, how many it will carry. Take only that many.

AVOID HORSEPLAY. Many deaths annually result from playfully rocking the boat.

In these departments include: Harry Trotman, trombone; Jake Siragusa, string bass; Bill Jesse, woodwinds; Bob Cummins, trumpet; Mary Beth Rigen, drums, and John Towner, who will assist in all classes.

Graded on Ability
The students will be graded on their ability and placed in the proper class. The ages will start about eight and will range on up. Trotman said the Harjak music program will not in any way conflict with the summer band program at Smith-Cotton high school. In fact, most of the students taking the Harjak instruction are also enrolled in the public school program.

Present plans call for several concerts this summer by both groups. The program will run throughout the summer months and up in to September. At the present time the students enrolled represent all of Sedalia's surrounding communities and more are expected before the project gets in full stride.

For the first time in the history of C. C. Hubbard high school, there will be a full summer band program, with classes for the various instruments. The entire summer work will be under the direction of Charles Moten, Hubbard music instructor.

The Hubbard plans call for classes in all band instruments and strings. The band will rehearse every week day at 11 a.m. with Moten conducting. The brass section is the largest with woodwinds, percussion and strings following in that order.

Prof. J. B. Hyllick said he felt

that since this was the first real opportunity for the Hubbard students to take advantage of this program and all of them should be encouraged to do so.

Sedalia Gun Club Has Many Members

The most recent addition to the growing number of sporting organizations here is the Sedalia Gun Club, which is located about one-half mile west of Gasoline Alley on Highway 50.

The club was organized by Philip Pfeiffer in 1947, later to be incorporated by W. O. Wilson and Robert Cain. In 1949 the club was turned over to E. C. Wollet who added lights, making it possible for night shooting and constructed concrete shooting stations for trap shooting. With the new lighting system the members of the club can now shoot both skoot and trap at night.

Has Club House

In 1948 a number of the members built a club house which is still in use. Every Thursday night the club is open to the 35 or 40 members and to out-of-town guests. The facilities of the club are not restricted to members alone, but are open to the public with no membership required.

Last Thursday the club had as its guest Dr. E. K. Guynn, of Clinton, one of the leading professional skeet shooters from this area.

Teams from the Sedalia club have participated in the Lebanon zone shoot, held in Lebanon, Mo., and shoots in Springfield, Mo. Today a Sedalia team plans to attend a shoot at Booneville.

W. O. Wilson is president of the club, W. A. Greer, vice-president, and Robert Cain, secretary-treasurer.

How to Swim

Kicking From The Hip

Kicking Drill — Hold on to the side of the pool with one hand on top of the other. Point the fingers of the lower hand down. Press on the lower hand and draw the chin toward the top hand. Kick from the hips, not the knees, and keep the toes pointed. At the beach a child may learn to kick in shallow water by resting on his hands.

M. Burke (Written Especially for AP Newsfeatures.)

The heroic, but totally unsound method of teaching children to swim by throwing them overboard, is a thing of the past. Children can be taught to swim without difficulty so that they are completely at home in the water.

The methods we will describe are those we have developed over a period of years and found to produce excellent results with children of faculty members at Yale.

Our first lesson for the beginner is the kick.

The beginner must learn to kick from the hips and not from the knees. This does not mean that the legs are kept rigid. The toes are pointed and the knees naturally will bend slightly. But the action must originate from the hips.

Learn to kick properly before actually attempting to swim. Hold on to the side of the pool and practice with the kick until it becomes second nature. Remember: Once you learn to swim with a knee-kick instead of a hip-kick, it is extremely difficult to correct the mistake.

Children who are at a beach or lake (instead of in a pool) can practice in shallow or knee-deep water by resting on their hands.

During these first lessons, the child should have the support of a small, inflated tube, water-wings or float-cans. At Yale we use ordinary one-gallon paint cans with the cover sealed and strapped around the child's middle. (See picture).

If kick-boards are available, the beginner can support his arm and hands on the board and continue his kicking practice. A large inflated tube also can be used. This exercise provides a good test to see if the beginner has developed the proper kick. The child with the hip-kick will move smoothly and easily through the water, but the child with the knee-kick will produce plenty of splashing and will not be moving forward as fast as he should.

Once the beginner has a good mastery of kicking from the hips, he proceeds to the dog-paddle. The dog-paddle is strictly a

technique for instruction and is not a stroke used in competitive swimming or in regular water sports. We at Yale teach the beginner the dog-paddle because it is easier to do than the regular overhand stroke at a period when the child needs to feel at ease in the water. In addition, the child keeps his head above water during the dog-paddle and enjoys the sensation of floating without worrying about getting a noseful or mouthful of water.

In the land-drill for the dog-paddle, the beginner stands with his feet firmly set and his body bent slightly forward. Cupping his hands, palms down, he rotates them alternately about six inches apart as if digging sand. In the water drill, the child still has the water-wings or float-cans as he dog-paddles in shallow water. As important note: If the beginner, in doing the dog-paddle, starts kicking from the knees instead of from the hips, return to kicking drills described in yesterday's lesson. In fact, return to the basic kicking exercises at any time during the course of instruction when the beginner is kicking improperly.

Next step in the dog-paddle is

Lean forward with hands at sides for the beginner's crawl.

2 One arm is extended, the other drawn back. Leg position is unimportant.

3 Press down firmly with palm of hand. The other hand is brought back past the thigh.

4 When left arm is lifted forward, it should be brought past the ear.

to remove water-wings or float-cans. This is the child's first experience without such aid, but the instructor should hold his hand under the child's chin, while the youngster kicks and dog-paddles.

The child is now ready to swim by himself. He should be encouraged to take a few strokes without the aid of the instructor who stands in the water only a few feet away. Then the instructor moves away from the child, first 10 feet and later 15 feet. The child should not swim farther than 15 feet at this point as swimming for distance is not the object during these early lessons.

The instructor should always take a step forward toward the child, holding his hands out above the water to stimulate confidence. He should never step backwards.

since this violates the unspoken agreement with the child.

After the beginner learns the kick and dog-paddle, he advances to the crawl.

From the basic dog-paddle the arm stroke gradually lengthens. The child reaches farther forward and brings his arm farther backward than in the dog-paddle. The head is still kept above the water and the legs kick from the hips.

The next step is to have the arms break the surface of the water for the first time as the child reaches forward.

At this point, the beginner should combine land drill with water drill to learn the proper arm movements. First, lean forward, hands at side. Extend one arm forward and at the same time draw the other arm back.

Pressing down firmly with the palms of the hand, bring the outstretched arm back past the thigh, while lifting the other arm forward and bringing it past the ear. (See pictures).

These alternate hand movements are continued until the arms are rotating smoothly.

The beginner now is ready to use the crawl in water. Kick the legs vigorously and use the arm motions practiced on land. Remember! The child's head is still kept above the water at all times at this stage.

Turn the head each time the arm is drawn back and raise from the water and look back at the hand as it lifts from the water. The complete stroke is now made with the head out of the water.

Scouts Look Forward to Big Jamboree

Prepare to Attend National Affair At Valley Forge

The sixty-one Scouts from the Lake of the Ozarks Council who will attend the National Jamboree at Valley Forge have had their meeting and organized themselves into two troops with the respective leadership.

All of the boys will camp in Section 19 and part of them will compose Troop 12 while the other group will be part of Troop 15, along with a group of boys from Kansas City. Wayne Rhling of Hermann, was elected to the high office of senior patrol leader of Troop 12. Peter Gor of Lake Ozark, was elected quartermaster. Jon Cunningham of Jefferson City, was elected assistant scoutmaster and Bill Charles Healey of Jefferson City will serve as Scribe. Patrol Leaders in this troop consist of Ronald Miller, David Mitchell and Mike Quigg of Jefferson City and Jerry Harvey of Eldon.

Scoutmasters
The scoutmaster for this troop will be C. Bud Keane. Assistant scoutmasters are Harold Busch and Lt. Kenneth K. Johnson. All are from Jefferson City.

The senior patrol leader for Troop 15 is Jackie Lyon of Marshall. Other troop officers will be chosen from the group of boys from Kansas City. The patrol leaders for the three patrols are as follows: Dan Duggins of Marshall, Crosby Brown of Sedalia, as assistant patrol leader; Jack Farmer, Jr., of Camdenton, as assistant patrol leader; James Phelps of Sedalia and Jim Frisbie of Versailles, as assistant patrol leader.

The scoutmaster for this troop is Harry N. Lambirth of Sedalia with Owen "Scotty" Thompson of Marshall, serving as assistant scoutmaster. The other adult leader will be Bill Pugh of Kansas City.

The boys will entrain on Monday morning, June 26, and will spend two days in Washington, D. C., sightseeing before they go to the Jamboree. At the conclusion of the camp at Valley Forge, they will go to New York City for two more days of sightseeing after which they will arrive home on Sunday, July 9.

Parks of the City are Drawing Crowds, Pools are Very Popular

(Continued from Page 1)

The parks provide suitable facilities for family outings and serve as convenient spots for relaxation during the hot summer months. To make the parks more enjoyable, improvements are constantly being made and the crews which maintain the parks have been enlarged. Additional playground equipment is being considered in this year's park program. This, combined with the many other features which are being added each year, will eventually make the Sedalia park system an outstanding work of progress, for not only Sedalia, but central Missouri as well.

The Park Board
The park board is composed of Joseph W. Reid, chairman; Cline Cain, secretary; Leo Bopp, treasurer; H. F. Rapp and Lindsey Hayden.

Cruisers In Background

The three Cris-Craft cruisers pictured in the background are docked at the Gatlin Boat Yard, 13 miles south of Versailles. One of the largest such plants on the lake dock service and repair all types of water craft. During the winter season the Gatlin buildings store over 100 boats ranging in size from the large 30-foot cabin cruisers to the swift racing hydroplanes. During the summer surfing and water skiing are included among the activities around the yards. The docks are owned by H. O. Gatlin of Gravois Mills. (Photo by Bill Padgett)

Two Golf Courses Will Have Numerous Summer Activities

For the first time in several years Sedalia has two golf courses operating on an active basis. The Sedalia Country Club, a private organization was formed in 1907 and has been in operation since.

The Elm Hills golf course, public links which were reorganized and reopened recently, has been in existence since 1932. Both courses are on south highway 65. The Elm Hills course was opened in 1932 by a group of Sedalians. During the depression years it was allowed to depreciate and since then has never existed actively for any length of time. In 1949 Elmer Heerman, now the club's president, and Ernest Martin, vice president, purchased the club and formed a corporation.

Since purchasing the club they have added a driving range, complete with lights for night use, improved the links, installed a locked room and remodeled the club house. Caddies and golf supplies are available to players. The club occupies 120 acres and has a 3235 yard, nine hole course. It is open to the public seven days a week and on Wednesdays ladies are admitted free. During the week-ends the attendance has been registered at between 40 and 60 persons.

Hostess at the club is Mrs. Mary Palmer, who has had over fifteen years experience in such work. Maintaining the links is Charles Shafer, of Sedalia.

To Have Tournaments

In the future the club plans to sponsor a number of tournaments at the course and will participate in the Sedalia Open tournament which will be held at the Country Club on June 26. The Wilson's Sporting Goods Company plans to send a pro from Cincinnati, some time during the summer, to give lessons for those who desire them.

Country Club Activities

Activities at the Sedalia Country Club golf course this summer will include two local tournaments and the inner-city tournament.

Each Sunday a handicap tournament is held for the club members.

The local matches include the Sedalia open tournament on June 26, in which all golfers from the Sedalia area are eligible to participate. Another tournament, to be held on the Fourth of July, will be limited to members of the Club. The inner-city match will begin on June 28 and will include teams from Columbia, Jefferson City, Fulton and Sedalia. The four matches of the tournament will be played on each of the four city's Country Club links.

The pro at the Country Club is Norman Scotlen.

Germans Get Foreign Names

BERLIN—(P)—One of the sociological effects of Germany's occupation becoming increasingly noticeable here is those foreign names being given to Berlin babies. Little Maureen Schultzes, Jack Schmids, Billy Schwabs and Judy Schaeffers are popping up all over the birth registers. The Maurens and Morles may be attributable to foreign movies now being shown here again. But the Jacks and Bills may often be assumed to have foreign fathers, registrars say. A survey of the registers shows also that many old German names have gone out of fashion.

Sedalia Has 24 Ball Teams, Games Nightly

Chief Sporting Activity During Summer Season

The chief sporting activity in Sedalia at this season of the year is, without a doubt, baseball and softball. There is seldom a night passes without a ball game being played in Sedalia.

Sedalia has far more baseball and softball teams this season than last year. Many softball teams have been formed, due to three softball leagues playing games in Sedalia, the Central Missouri, Twilight and Tri-County leagues.

Fans in this city have their pick of 24 baseball and softball teams to follow. Some like to see the Sedalia Cubs, a semi-pro team play. Others like to attend the Ban Johnson games, while others are interested in Junior Legion games.

Softball Teams

The softball fans have their pick of the Knights of Columbus, who play in the Tri-County League, the Levis, who participate in the Central Missouri League, or the 11 softball teams which play in the Twilight League. This league was recently organized under the new recreational program at Liberty Park. There are two girls' softball teams in Sedalia, the Lady Levis and the Burton Blues.

Tournament in July

One of the biggest baseball attractions in Sedalia this season will be the Missouri semi-pro tournament, to be held at Liberty Park July 21-28. Twenty of the best semi-pro teams in the state will compete for the first place prize of between \$1200 and \$1500. The meet was last held in Sedalia in 1948 and was staged in Jefferson City last year. The local semi-pros are endeavoring to strengthen their team prior to the big meet.

The Ban Johnson Sedalia Chiefs have been playing heads-up ball all season and now lead the Southern Division in their respective league. The Chiefs are

made up mostly of players who have outgrown the Junior American Legion play.

Undeclared This Season

The local Junior American Legion Post 16 team, sponsored jointly by American Legion Post 16 and W. A. Smith Motors, are undeclared thus far this season. They stand an excellent chance of coping the state tournament later on in the season.

The Sedalia Teen-Age Blues, and Sedalia Moose are new teams. Other baseball teams in Sedalia are: Sedalia Junior Legion Post 98, Sedalia Blues, Sedalia Flyers and Town and Country.

The softball teams participating in the Sedalia Twilight League are: Junior Chamber of Commerce

GERMAN REDS ARE BUG-EED—Moscow recently charged—and Washington denied—that the U.S. was experimenting with bacteriological warfare by dropping thousands of potato bugs on Soviet-controlled East Germany. The German Communist weekly "Deutschlands Stimme" purports to prove the accusation with the front-page layout shown above. The headline reads: "Potato Bugs Dreamed Up? Our Reporters Followed the Trail of an American Pilot." The map is alleged to show the route of the bug-bombing plane. Other pictures show peasant women who say they saw the plane and a place where Reds claim bugs were dropped.

Proper Breathing Essential

(Continued from page 5)

the eyes straight ahead. The legs and arms have already started to synchronize automatically with this full stroke.

We at Yale believe that the breathing lessons should come only after the child has learned to use his arms and legs — all with his head above the water.

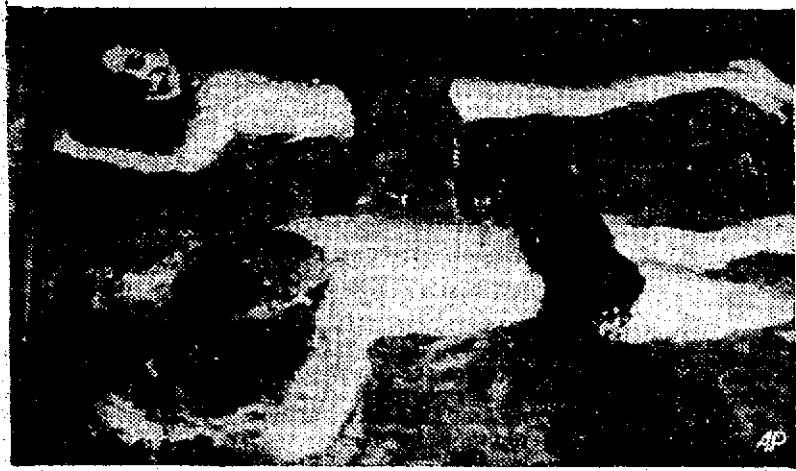

One nasty experience in breathing at the early stage can ruin the child's enthusiasm for swimming. A noseful or mouthful of water at the wrong time will upset a child's confidence and prolong the time needed to teach him how to swim.

For this reason, we believe that the child should first acquire skill with his arms and legs and then

son for the beginner and it is the dive. No diving should be attempted until the beginner can swim reasonably well and is completely at ease underwater.

Some youngsters, in their first attempt at diving, get up enough courage to make the plunge only to end up doing a humiliating "belly-whopper." These "belly-whoppers" are caused by the diver raising his head as he plunges into the water. He must learn to keep his head down. To do this, the beginner should raise both arms above his head, clamp them tightly right over his ears and lock his thumbs.

Another aid in keeping the head down is to have the chin pressed down against the breastbone and to keep it there until the dive is completed.

Breathing — Hold on to the side of pool. Breathe out through the nose under water. Then turn the face to other side and inhale through corner of mouth. When a full breath is taken, turn head under water and exhale through nose. This exercise can be done even out of water. It should be practiced daily.

will be in a more favorable position to learn proper breathing.

First, practice by holding on to the side of the pool. (See picture). Breathe out through the nose under water, then turn the face to the side and inhale thru the mouth. The side which is preferred will vary with different persons and is of no importance.

When a full breath is taken thru the mouth, turn the head under water and exhale thru the nose.

This exercise should be done from 10 to 20 times, repeated every day for a long time until the technique is mastered. Many persons, including adults, can be observed at bathing resorts swimming with little or no idea as to proper breathing. They gulp down a breath of air at any point and may even stop their swimming motion to do so.

The beginner can now start swimming. Kick vigorously all the while and take four strokes while exhaling through the nose underwater. As the hand opposite the breathing side hits the water, turn the head and inhale through the mouth. The outstretched arm sustains the balance as the head is turned.

The face is turned back into the water as the other arm comes forward and the swimmer begins to blow the air out during another series of four strokes. Then repeat the entire sequence.

The beginner must remember not to get panicky and not to rush. Take it easy! You are synchronizing arms, legs, and head, and each should be moving properly. Make believe you are swimming slow motion before you try to speed up.

We come now to our final lesson

Now with the head position taken care of, the beginner is ready for the first lesson. He starts from a sitting position and works up to the standing dive.

First, the child sits on the edge of the pool, arms and head in the position described above. He has his eyes fixed on a spot in the water where he intends to enter. This should be a reasonable distance out so that he will not go straight to the bottom. He reaches out with his hands and rolls forward into the water.

After he enters the water, he straightens his entire body, raising the arms and head toward the surface, still keeping his thumbs locked. The head must be fully underwater before he starts this upward motion. With this dive, the child will feel the lifting power of the water and will come to the surface with little or no effort.

In the second stage, the child kneels on the edge of the pool, instead of sitting, and repeats the rolling dive he did from the sitting position.

Next, he is on one knee with the other foot forward with toes gripping the edge. He rolls forward as before, but just as he loses balance, he pushes from the toes. In the fourth stage, he is in the standing position with the knees slightly bent, one foot a short distance behind the other.

The child then stands up on one foot, the other lifted and extended backward with the toes pointed. This position helps to develop the skill of entering the water properly. He leans forward keeping one leg raised and pushes from the forward foot.

Finally, the completed dive. The child stands with the feet three or four inches apart, toes pressed against the edge of the pool, knees bent, arms outstretched and locked firmly above the ears. He leans forward and pushes. While standing at the edge of the pool, he chooses a spot to enter the water and keeps his eyes on it.

Girl Scouts together, that is our song: Winding the old trails, rocky and long.

Learning our motto, living our creed, Girl Scouts together, in every Good Deed.

This song will be on the lips of the Girl Scouts who will be starting off for a week's camping at Camp Sakajawea as the buses leave the Smith Cotton High School at 8:30 on Monday morning. You will see the girls dressed in shorts, slacks, sun dresses and wearing dark glasses with their sack lunches in their arms. As the bus pulls out you can hear the excited voices greeting their sister Scouts. In a short time the busses pull up to the beautiful camp grounds and the girls scramble out eager to begin the day's activities. The Scouts are divided into six units according to age groups and the task of set-

ward into the water.

Classes in Nature, Weaving, Knot-tying and Games will be part of the morning activities. Mr. Jack Reed of the Missouri State Conservation Service will teach some of the Nature Classes.

Noontime is here, the board is spread. Thanks be to God Who gives us bread.

This table prayer is sung simultaneously by the entire camp as they gather to take part in the sack lunch which each girl brings from home. The Commissary operated by Mrs. Summers is open for all wishing to buy milk, soft drinks and candy for one hour after lunch.

After the lunch hour silence falls over the entire camp grounds while each unit takes part in the rest hour which is compulsory by camp rules.

The remainder of the afternoon is spent in handicraft classes. Classes in Photography, Weaving, Textile Painting, Aluminum Etching, Oxalid Printing and Plaster Molding are offered to all campers.

All too soon it is time to break

Kroencke's Band Enters 52nd Season

Weekly Concerts In Sedalia; Smithton Band Concerts Also

Kroencke's Concert Band will enter its 52nd consecutive season this summer with weekly concerts in two of Sedalia's parks, Liberty and Washington. The band has a total membership of 30 musicians.

H. H. Kroencke

The band will go to Columbia again this year to play for the Missouri Farmers' convention to be held there August 6, 7 and 8. This will be the eleventh year the band has appeared at the convention.

The rehearsal room for the organization is located at 210 1/2 South Ohio avenue and rehearsals are held every Monday night with the 84-year-old Mr. Kroencke directing.

The group presented its first concert of the season Thursday night in the bandshell at Liberty park. There are 12 concerts scheduled this summer and all of them are made possible by the recording and transcription fund, American Federation of Musicians, and the Sedalia park board, each of them paying for six concerts.

The Smithton Summer Concert band will present weekly concerts in the Smithton park under the direction of Harry Trotman. The band will have slightly enlarged personnel this season.

The group will meet in rehearsals in the auditorium of the Smithton high school on Wednesday night of each week and the concerts will be on Friday nights. Trotman has been the music in-

structor in the Smithton high school the past year.

up camp and the Units must be put in order for the next day.

Day is done, gone the sun, From the lake, from the hill, From the sky, All is well, Safely rest—God is nigh.

All Day Meet By Extension Club

Nine members of the Lovelace Extension club met in an all day session at the home of Mrs. Elmer Curtis on June 8. Three visitors and six children attended the meeting as guests.

At noon a contributive luncheon was served before which the group recited the club's collect. After lunch, following the resignation of the president, Mrs. Carl Ellis, the vice president, Mrs. Elmer Curtis, took charge of the meeting.

Those answering roll call did so by giving their middle name. Mrs. Curtis read an article on Dogwood. Plans were made to attend the Home Management meeting in Sedalia June 22.

Several songs were sung and afterward the hostess opened her gift, which was a table lamp. Before adjournment plans were made to hold the next meeting at the home of Mrs. Pollard Wood on July 13.

Poison Is Removed

Tapioca comes from the cassava plant, which contains deadly hydrocyanic acid. The heating process used in making tapioca kills the poison.

Better Process

Electric furnaces are used in the making of highest quality steels since no outside impurities are introduced by a fuel and more precise control of melting conditions is possible.

The day of the old-fashioned coming to an end. The year 1948 saw the advent of cabooses equipped with incandescent lighting. Six lamps are generally used. A sealed lamp beam on front and back of the caboose provides a work and safety light.

Of destructive birds, crows probably cause more crop damage than any other. They even will pull up young shoots of corn to get at the still available seed kernel.

Crossroads Comment

by G. H. S.

A caucus is a meeting of leaders of a party
or faction to decide on the policies or candidates
for office to be supported by their followers.

Holding of "caucuses" by Sedalia mayors
and councilmen prior to regular meetings is a
practice of many years standing. Often items
of routine business are discussed and agreement
reached concerning their final disposition.

Uncertainty exists about the origin of
"caucus" but the first known instance of the
printed use of the word was by John Adams in
a Diary reference in 1753:

"This day the caucus club meets . . . in the
garret of Tom Dawes, the adjutant of the
Boston regiment."

There is some satisfaction in knowing that
Sedalia councilmen never have to meet in a
garret, or a cellar. Their most recent meeting
was Friday night but without benefit of the
mayor's attendance. Mayor Studer two weeks
ago declared against "caucus" procedures for
council business. He proposes to bring every-
thing out on the floor in open council meeting.

Monday night the mayor and council will
meet again. Indications are that there will be
a packed house of citizens anxious to hear the
proceedings. Seats are limited in number.

If public interest in council meetings con-
tinues at the rate it has perhaps some arrange-
ment can be made for a loud speaker to broad-
cast the proceedings to other rooms in city hall
and outside.

It's a healthy condition for Sedalia when the
citizens turn out on a hot evening to find out
how their money is spent. Of course the evening
might turn out not to be so hot.

—O—

As one Pettis County Democrat puts it: "Why
in the world do they have to bring out all that
stuff about Binaggio and Molasky during an
election year?"

That's the query Republicans made when
Teapot Dome started whistling.

—O—

Some of our Soviet-minded state department
workers, chemists, scientists and educators
ought to be asked to work out a formula re-
vealing how much atomic explosive is required
to blast apathetic American people out of their
Rip Van Winkle siesta into an awareness of
the murky atmosphere that's beginning to
asphyxiate them.

—O—

Regardless on which side your sympathies lie
in the continuing stalemate between the mayor
and council over city appointments, the fact is
the contending parties cannot possibly concen-
trate on more important municipal business
while they remain in this cul-de-sac.

—O—

Just in case this mayoralty-councilmatic im-
passe could drag on through the summer and
fall, this verse may be apropos:

"End of autumn.
The hop of a wild rabbit
Scuttling through dead leaves."

By then, no doubt, all Sedalians will be af-
flicted with tularemia. There is evidence that
some have already been bitten by the wild
rabbit—or squirrels.

—O—

Plumbers get their name from the Latin
"plumbum," meaning lead. Now don't all the
wisecrackers speak up at once.

—O—

For small dinner parties Hotel Bothwell has
a delightful new Magnolia room so named for
the decorative effects—magnolia trees. This par-
ticular tree has its name from Pierre Magnol,
a French botanist of the 17th century.

—O—

Adam gave the first rib to Eve, and woman
ever since has been ribbing man.

—O—

There are approximately 25,000,000 cats in
the United States—animals that is.

—O—

Sedalia and towns all over the country are
mystified over the unexpected decrease in
population shown by preliminary census re-
turns. But there's nothing mysterious about it
when we are told that to the unofficial figures
of each town will be added the names of those
who are now registered from Washington, D.C.
Maybe the people will finally come awake to
the tremendous drift of population to our na-
tion's capitol where government bureaus require
ever increasing man power.

—O—

Judging from reports, some Sedalians are
chronically careless about disposal of their
garbage. They dump it in alleys or cart it out
into the country discharging it in first one place
then another along roadsides.

On the other hand ants establish garbage
piles in or outside the nest, to which they carry
all household refuse, according to the Encyclo-
pedia Britannica.

How far are we ahead of the ants?

—O—

Wild dogs only howl. Only after they were
domesticated did they learn how to bark. Which
proves, old man Hen Peck says, that the first
wild dog was tamed by a woman, and both
have been barking ever since.

The dozens of administration ghost writers
ought to call a convention the Fourth of July
and formulate a policy of whether they want
President Truman, Secretary of State Acheson
and other leaders to stress "peace" or "war"
in their speeches. Up to now there has been
much too much free-lancing in ghost writing
so that the public finds many important public
speeches full of contradictions.

—O—
Generous contributors to political election
funds, when disappointed in the results, have
such a nonchalant way of embarrassing the
recipients.

—O—
Jefferson City's population should show an
increase, at least over the week-end, with the
strategy boys from all over the state pouring
into the capital city to determine how to ac-
count for all that campaign money that didn't
go through the bookkeeping department.

—O—
Washington, D.C., may have its "red her-
rings," but Jefferson City has its "red faces."

—O—
The most remarkable phenomenon of the late
1940's aside from flying saucers is the aere-
gymnastics of the "crying suckers."

The Washington Merry-Go-Round

Democrats would broaden probe to include Chicago Tribune.

By Drew Pearson

WASHINGTON.—Several Democratic Sena-
tors are giving unadvertised support to the
Republican proposal for a separate committee
to investigate the Justice Department and the
Amerasia case.

The Democrats don't want their strategy
known to the Republicans, but what they are
planning to do is broaden the Justice Depart-
ment probe to include other wartime cases
which were hushed up, particularly the mys-
terious shushing of the Chicago Tribune prose-
cution for giving aid and comfort to the Jap-
anese following the battle of Midway.

So far the Justice Department has never given
an explanation as to why a grand jury, called
to indict the Chicago Tribune for a serious
breach of wartime secrecy, suddenly was
called off.

The Democrats also have in mind probing
another mysterious case involving the Chicago
Tribune when it published on Dec. 5, 1941—
two days before Pearl Harbor—a sensational
story about American mobilization showing that
the United States planned to build up an army
of 10,000,000 men. The story was documented
by confidential memos exchanged between the
president and the secretaries of war and navy,
making it obvious that the Tribune had got
hold of one of the most important military
secrets in the nation.

The New York Daily News and the Washing-
ton Times-Herald, owned by the Tribune, pub-
lished identical stories, and some members of
the administration urged prosecution at that
time.

The matter was dropped, however, and Demo-
cratic Senators now believe that it would be a
good idea for the public to know why.

They feel that these two cases against the
Chicago Tribune are identical with the Amerasia
case in which State Department secrets also
were disclosed.

Japan's Secret Code

The battle of Midway disclosure by the Chi-
cago Tribune was considered even more dam-
aging to the national security. At that time
Stanley Johnston wrote a story for the Tribune
that the U.S. Navy knew the complete strength
of the Japanese fleet in advance, and the fact
that it was headed for Midway island. The
Tribune even published the exact number of
Jap ships and gave their names.

Obviously the Navy's possession of this ad-
vance information was due to superior intelli-
gence work. In fact, it became known after the
war that the Navy's amazing knowledge was
because we were breaking Japan's secret code.

This permitted the Navy to bring ships and
planes from all over the Pacific two weeks in
advance of the battle and concentrate them at
Midway. The west coast of the U.S.A. was left
almost unguarded.

Had the Japs become aware of what was
happening and shifted their tactics, the cities
of Los Angeles, San Francisco, Seattle, etc.,
would have been defenseless.

But the American system of breaking Jap-
anese codes worked so perfectly that the U.S.
Navy knew two weeks in advance, the name of
every ship in the Japanese fleet which was
steaming to Midway.

Vital Secret Battled

Result of that battle is well known. The Japs
took a terrific licking and the tide of the Pacific
war was turned. Not so well known, however,
is the manner in which the Chicago Tribune's
Stanley Johnston revealed the Navy's secret.

Johnston had been aboard the ill-fated Lex-
ington which sank in the battle of the Coral
sea, was taken aboard another ship which
rushed north to participate in the battle of
Midway. While on this ship he learned that the
Navy knew in advance the Japs were preparing
to attack.

After landing in the United States where he
was not under the Navy's eye, Johnston wrote
a story regarding this, giving the complete list
of Japanese ships. The Navy immediately hit
the ceiling, and Admiral Ernest King, com-
mander of the fleet, called at the White House,
demanded that the Chicago Tribune be closed.
He pointed out that as a result of the Tribune's
story the Japs were sure to change their code
and thus we would lose one of our most price-
less wartime assets.

Unexplained Mystery

Secretary of the Navy Knox, owner of the
competing Chicago Daily News, was against
prosecution. So was Roosevelt. He felt prose-
cution of the Tribune would look like an attack
on his severest newspaper critic. The Navy,
however, insisted. So William D. Mitchell, Re-
publican attorney general under Hoover, was
selected to present the case to a Chicago grand
jury.

What finally happened during the trial has
never been revealed. In the middle of the grand
jury hearing, Mitchell suddenly called off the
prosecution. To this day no explanation has ever
been given as to why a federal grand jury was
convened to indict the Chicago Tribune, but
dropped the case like a hot potato.

SMEAR CAMPAIGN

By Edwin Rutt
Copyright 1950 by NEA Service, Inc.

THE STORY: Bill Jarvis, spend-
ing a week at a swank vacation
front as guest of the parents of
Bev Coulter, his fiancee, is engaged
by a smear campaign directed
against Hilda Sands, a pretty
young woman also at the resort.
Bill meets Hilda and finds her at-
tractive, but very dejected over
the talk that her father went to
prison. The following day Bill,
Bev, Dick Trevan and Caroline
Marc are swimming. Bev sends
Bill in after her bag, but Caroline
follows him and snatches the bag
out of his hands.

VI

BILL JARVIS stared at Caroline
Marc who had snatched the
handbag out of his hand. "I wasn't
going to eat it," he said.

"That one's mine, idiot," Caro-
line said, panting. "You would
get it all messed up. And, but for
me, you'd do the same to Bev's.
This is hers." She bent and fished
up a contrivance apparently iden-
tical with the one she already held.

"Was there a sale on 'em?"
asked Bill. "How do you tell 'em
apart?"

"The zippers are different col-
ors," Caroline fumbled in a bag
bringing forth sunglasses. "Here!
Take them to Bev."

"My gosh! Did you chase me
just over these dumb bags?"

The flush had died in Caroline's
cheeks. Now her blue eyes spark-
led. "I chased you, chum, be-
cause you wanted to race. And
you only won by cheating."

"Okay, Neptune's daughter,"
Bill grinned. "Coming back?"

"Later. I told you that I had to
get something. It's sun oil. In my
bathhouse. Besides, I've got a
trick knee and I want to rub it
with liniment. That's there, too."

Caroline tossed the bags back
to the dock and went off toward a
row of bathhouses discreetly half
hidden by trees. Bill turned, in-
tending to pass the time of day
with Mrs. Fasker. But that forth-
right female appeared sleep-mor-
tified. Her head had fallen against
the back of the chair. He decided

against disturbing her and re-
turned to the boat.

IN Bill's absence Bev and Dick
Trevan had conferred. "This
lad," Bev indicated Dick, "has a
neat idea. A boatride to Bluejay
Island tonight, and a picnic sup-
per."

"Sounds swell," Bill said.
"Where's Bluejay Island?"

"Halfway down the lake. It's
fun, building a fire and cooking
hamburgers and things. Dick's
driving over to Haltonby this at-
ternoon for the stuff."

"Shall do," Dick arose. "Well,
take back your gal, Bill. I'm div-
ing some more."

"Who's going on this junket?"
Bill asked presently.

"Oh, the usual gang," Bev rat-
tled off names.

He hesitated. As a newcomer,
it wasn't up to him to make sug-
gestions. But Bev, possibly, had
just been thoughtless.

"Listen," he said cautiously,
"that redhead I saw playing ten-
nis seems included out of every-
thing."

Bev turned her head, so that a
small pointed chin denied the firm
flesh of one shoulder. Something
like amusement lurked in her
black eyes. "Oh, yes. I've been
meaning to speak about that. For
a big Newfoundland-dog type,
Bill, you get around surprisingly
fast."

He blinked. "Now who on earth
told you?"

"Just," she was palpably enjoy-
ing herself, "someone who hap-
pened to pass you—could I say,
rendezvous?—and saw you. Heads
together, as I got it. Oh, Bill,
you're killing me. No sheep ever
looked more sheepish."

"Now see here!" he exploded.
"You know darn well it wasn't a
rendezvous or heads together
either. And somebody had little
to do running to you with it. I
didn't say anything because—I—I

merely bumped into the girl and
talked to her."

Bev crammed fingers into her
ears. "Darling, stop roaring! I
didn't accuse you of anything."

"Well, there wasn't anything,"
"No? Looks like you're quick
getting to golf courses, but re-
tarded after you get there."

"Oh, for cat's sake," groaned
Bill.

She touched his arm lightly.
"Now, Bill, I was only kidding.
Seriously, though, I'm not includ-
ing Hilda Sands out. The crowd
doesn't like her."

"Yes," he said. "She told me
something about it. And it's pretty
rugged for her. Same age as all
of us, here to have a good time,
but sort of—of ostracized."

"I'm sorry for her. If you want
to ask her along tonight, go ahead.
Only, I don't think she'll have
much fun."

BY lunchtime, however, he had
virtually abandoned the idea.

After all, this wasn't his party
and where did he get off issuing
invitations? As Bev's fiance, it
would hardly do for him to carry
a torch for Hilda.

But in mid-afternoon, when Bev
was taking a nap, he wavered
again. Hilda was in a garden
chair on the terrace.

Bill came up slowly. "I—I was
sort of looking for you."

Her eyes, flashing to his, were
indeed gray and clear by day-
light. "You shouldn't be, you
know."

There was too much meaning
in the remark. Bill flung out a
hand, almost exasperatedly. "Oh,
forget that!" involuntarily, he
plunged. "Listen! I've been ap-
pointed a committee of one to
enroll you for a boatride and bar-
becue thing tonight. How's about it?"

He finished aware that his fin-
geres compared unfavorably with
that of a bulldozer.

Hilda smiled. "You're very
sweet and—" her tone sobered,
"—maybe your Bev is too. But I
can't. I've something important I
must do tonight."

Bill didn't like her expression
—a faint overlay on smooth,
healthily pink cheeks.

(To Be Continued)

Democratic Senators now believe that, along
with the Amerasia case, the Justice Department
should be called upon for an explanation, plus
a further explanation of failure to prosecute
the Tribune for its Dec. 5, 1941 disclosures of
U.S. mobilization plans in case of war.

Rent-Control Hysteria

Reporters missed a flurry on the edge of the
Senate floor after rent control was extended.
A disappointed landlady, anticipating a chance
to raise rents, charged past guards, screaming
hysterically: "Oh, what have you done to us!"

The guards gave chase, caught her before
she reached any of the Senators. As she was
escorted out, she flung a parting insult over
her shoulder at Senator Myers of Pennsylvania,
who voted for rent control.

"That fat slob Myers!" she yelled.

The lady was from Philadelphia.

NOTE—The man who engineered the rent
control bill through the Senate was South
Carolina's efficient Burrell Maybank, who
helped pioneer for better housing when he was
mayor of Charleston, S.C. He didn't make any
loud speeches, but worked behind the scenes
lining up southerners whose inclination was to
vote against rent control. Maybank even got
Senator George of Georgia to promise not to
oppose the bill "actively." However, George
double-crossed Maybank after strong pressure
from the real estate lobby.

Few Blemishes Mar Record

Airplanes are still crashing into the sea with
tragic loss of life. Against that backdrop, it's
useful to examine the overseas flying record
of the U. S. airlines, which have not been in-
volved in these recent accidents.

A government report the other day noted
that American commercial craft have been fly-
ing across the oceans for 12 years on a regular
basis. In that span, they have made more than

61,000 separate flights. And there were only
five major accidents in that 61,000.

This is a performance worthy of America's
high standards of public transportation safety
and efficiency. It demonstrates, too, that over-
water flying is no riskier than overland. In fact,
some experts argue that weather conditions and
air currents are far worse on land because of
mountains and other disturbing factors.

It's probably a more dangerous venture to
pile into your car and drive 500 miles to visit
your family than to hop to London in a four-
motored transport.

Phil. 4:5, 8-9; Jas. 1:3-4, 19, 22; 2:20
VIRTUES MAY BECOME VICES

Ephesians 2:10 could be translated, "We are God's poem." If so, then the poem must be rhythmical, each part balanced against the other, the virtues harmonized by right emphasis. For instance, if there is nothing but self-effort you are weak, and if there is nothing but God-dependence you are weak. But where the two are blended in a higher synthesis, producing a person who works as if the whole thing depended on himself and who trusts as if the whole thing depended on God, then you have a person who has caught the rhythm of "receptivity and response," "receptivity and response"—the alternate beats of a single heart.

One's firmness, a virtue, can become stubbornness, a vice. A minister said, "I am opinionated, and I call it conviction." Over to the United States Senate Chamber goes a one-track subway, going and coming. I remarked to a friend, "Now I see why so many of these senators have a one-track mind; nothing that is said ever changes them—they come and they go on one track." Seriously, many of us are like that—we get an idea and hang on to it as a dog hangs on to a root. Strong convictions may degenerate into stubborn opinions. A Scottish theologian remarked, "God grant that I may always be right, for I never change." The person who is always right and never changes is always wrong.

Sensitivity rooted in selfishness is touchiness, but sensitivity rooted in thought for others is life.

One may emphasize the material or the spiritual and make it into a vice—a materialist or a spiritualist is a part-person. But one who puts his spirituality into material relationships is really strong. One can be so righteous that he is unapproachable, or so loving that he is sentimental. To be righteously loving or lovingly righteous is true strength.

When a man's right leg is too long—longer than the other—he is lame. When one good quality is long in proportion to his other good qualities, a man is morally deformed.

O Jesus, we see in Thee the perfect Man, all Thy virtues so blended that we cannot tell where one ends and the other begins. Thou art everything we want to be and are not. But Thou hast us—chip us here, mold us there; eliminate here, add to there, until one day we wake in Thy likeness. Amen.

NOTE TO READERS: We are advised by our feature service that with the coming of summer the wave of interest in religious features has passed its peak and that present plans call for dropping the E. Stanley Jones feature, "Abundant Living." A substantial vote of all clients is required to keep this feature in the newspapers.

The only way we have of finding out whether the Democrat-Capital readers want this feature continued is to have a substantial number of them vote "Yes." So let's hear by return mail from you readers of "Abundant Living."

Music Modes

DUE to the fact there is such an abundance of musical material in the vacation section of today's paper, this column will be cut short. It is apparent to most of Sedalia's music people that the summer months are slack as far as orchestra and music club activities are concerned.

With this in mind, these weekly comments on music, musicians and Sedalia's varied musical organizations will be dealing with things that are important to Sedalia. Perhaps when the music season resumes it's movement the discussions in this column will be of some constructive value. That's basic of all arts. Things must be creative or constructive or their worth is lessened greatly.

The summer band program that is being promoted in Smith Cotton by Miss Teufel, in Hubbard by Charles Molten and at Harjak music company are all creative and constructive. The fruits of the summer classes and studying will be evident this fall when the school hands organize and plan their respective concerts.

It has been brought to the attention of this column that many of the pianos that are more or less part of the furnishings in some of the public meeting places and in assembly rooms, where groups often meet and use the piano, are in deplorable condition, both mechanically and visually. It should be the responsibility of the owners of such pianos, and it should be to their interest, to keep the instruments in top form and in playable condition.

"Why, some of them (the pianos) are an insult for even a novice to play," commented one lady. It must be conceded that when you reach for a fifth and get something varying from a quarter tone to a half an interval off, something should be done—to the piano. Well, B. E. it's up to them now. There are several piano tuners in Sedalia, active and looking for instruments to ply their trade on, too.

HEY KIDS, BE CAREFUL!

It is not always the motorist's fault when his car runs into a bicycle. Plenty of youngsters wheeling around the streets don't know that they risk injury or death by stunts, careless riding and failure to give the proper signals. Study the pictures above, learn the hand signals and use them.

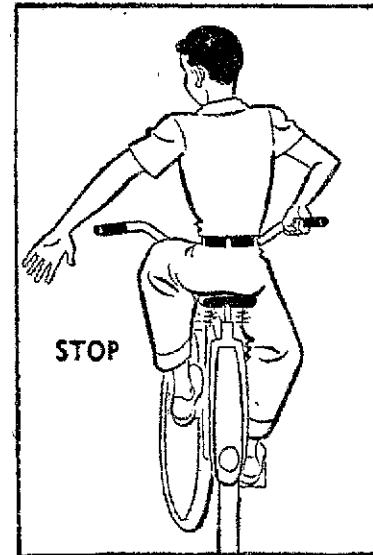

Bike Crashes Grow; Parents Are Cautioned
Police yesterday issued emphatic warnings to forestall another major outbreak of accidents involving children on bicycles.
Cycling accidents reached a peak Saturday, when 10 out of 19 persons injured in traffic were children on bicycles.
Parents must take the initiative in counseling children on traffic safety if another death and injury wave is to be forestalled, the police accident investigation unit advised.
Between 1:30 and 7:30 p. m.

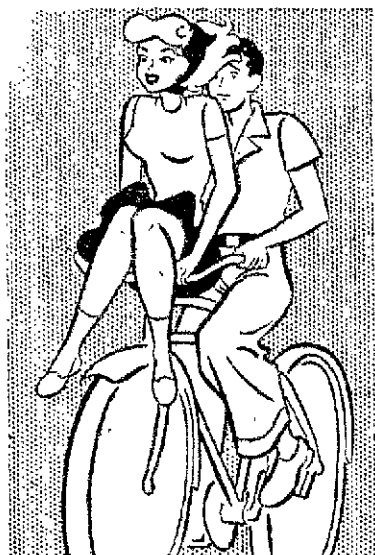

Signal left turn by pointing and turning head to left. Avoid sharp turns.

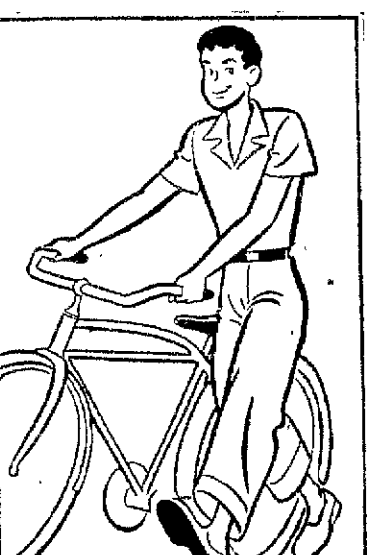

Signal for right turn. Note arm angle and open fingers. Don't wave your arm.

Signal stops like this. Note angle of arm and open palm. Avoid sudden stops.

Don't ever do this. It obscures vision, makes steering hard, and makes balancing difficult.

Always walk bike across heavy traffic. A dozen steps may save an ambulance ride.

LISTEN!

Jim Carson

Among the highlight Sunday programs on KMBC are two early afternoon features of particular interest. At 11:30 p.m. each Sunday KMBC presents the LP Record Parade, a half-hour of some of the finest in popular and classic recordings, with Harry Marble as commentator. At 1 o'clock, KMBC presents The Choraliers, under the direction of Eugene Lowell. This choral group is particularly outstanding, and we're sure you'll like them. And, Lucille Ball stars in My Favorite Husband at 5 p.m. Sundays on KMBC. Tonight's episode finds husband George enrolled in a dancing school.

While we are on the subject of Sunday features, there are two KMBC features we'd like to mention. At 12:10 p.m. each Sunday KMBC's special Washington correspondent Walter Cronkite is heard with his area report on events of significance to the Heart of America. At 9:45 p.m. Sunday night, Cronkite is heard in another special feature of interest to Kansas City area residents. Both of these programs are commentaries on the week's events in the National Capital, with emphasis on area news and personalities. We'd like to invite you to tune in on both of Cronkite's programs, and we believe you'll enjoy their content.

Monday evening at 8, Radio Theatre's presentation will be that riotous comedy "John Loves Mary," with Ronald Reagan and Patricia Neal in the starring roles. It's a full-hour program of laughs and entertainment you'll want to hear.

The Jack Smith-Dinah Shore-Margaret Whiting show, at 10:15 p.m. weekdays evenings on KMBC is one of the most delightful nighttime quarter hours Old-time favorites, together with popular hits, are featured, with music by Frank Devol and his orchestra.

Caroline Ellis and her Happy Home continues to rate high with listeners in the Heart of America. Her Monday through Friday feature is heard at 9:30 a.m., and the multiplicity of subjects, plus Caroline's philosophy and home commentary, makes for highly interesting radio listening. Caroline's fan mail is amazing, and many of her listeners are masculine, according to the letters she receives. We'd like to invite you to tune in on Caroline's program, and after you've heard a couple of her programs, we believe you'll be steady listeners.

"Music With the Girls," heard over KMBC at 2 p.m. each Saturday afternoon, is a sparkling half-hour of top entertainment. The girls, 35 former servicewomen, are talented musicians and have traveled coast-to-coast in personal appearance tours. They'll feature Gershwin songs among their selections on next Saturday's program.

Socialists Say Reds Wrong PWs
BERLIN — (AP) — Germany's Socialists allege that the Russians have adopted a new trick to keep tens of thousands of German prisoners of war in prolonged forced labor in the Soviet Union five years after the war.

The Socialists assert the Soviet process is to convict the prisoners as "criminals" on trumped up charges and sentence them to labor camps for as long as 25 years instead of sending them home. Often they are said to be taken off repatriation transports to face courts.

"At first the charge of food theft held first place in this operation," says the Socialist "Compliment." "Later were added 'insulting Soviet institutions,' sabotage, attempted escape and refusal to work. When these grounds did not prove fruitful enough, espionage for America was added and, finally, the charge of 'treason'."

Guns Are Rewards For Catching Reds

CALCUTTA — (AP) — Four shotguns with ammunition have been awarded to four young villagers by the government for having apprehended a fugitive Communist leader near here. A government circular said rewards in cash and kind also were awarded to 150 other villagers for "the successful termination of operations against subversive elements in the area."

"Joke" Causes Bus Crash

CALAIS, France — (AP) — An excursionist's "joke" caused 25 people to be injured in a bus smash near here. Six buses were returning from a day's outing, when someone in the leading vehicle had the bright idea of waking his sleeping companions with a shout of "Fire!" The driver, alarmed, braked suddenly and the second bus of the line crashed into the back of the first. Twenty-five of the 51 passengers were taken to hospitals.

School By Telephone Planned
ST. LOUIS—(P)—Children unable to attend classes may soon be going to school by telephone in St. Louis. School-to-home telephone service for shut-in students will be set up on an experimental basis at several public schools here. A compact speaker-receiver is installed at the student's bedside. A school amplifier enables the student's voice to be heard throughout the classroom. A portable speaker is mounted near the teacher.

Eighteen public school teachers here are teaching 82 handicapped children in their homes at this time. The most instruction any child receives in six hours a week.

With the new service, the shut-in child would keep almost normal school hours. The child would answer the morning roll call, recite in turn and participate in many worthwhile activities.

City Benefits By Tourists Going to Lake

Resorts Attract
Vacationers From
Far and Near

Individuals in many parts of the country spend several weeks each year making preparations for their vacations; some find that it is a comparatively simple task, while others discover that the places they want to visit are so distant that the greatest part of their vacation time will have to be spent traveling between their home and the selected vacation spot.

Sedalia, however, find not only vacation region within easy driving distance, but one which ranks among the nation's major resort centers. This is the Lake of the Ozarks.

The Lake of the Ozarks is not visited by Missourians exclusively. The vastness of the region and the recreational potentialities it offer have attracted thousands of vacationists from over the entire country. This has not only given Missouri valuable publicity, but the resulting tourist trade has brought to Central Missouri many financial benefits.

Largest Man Made Lake

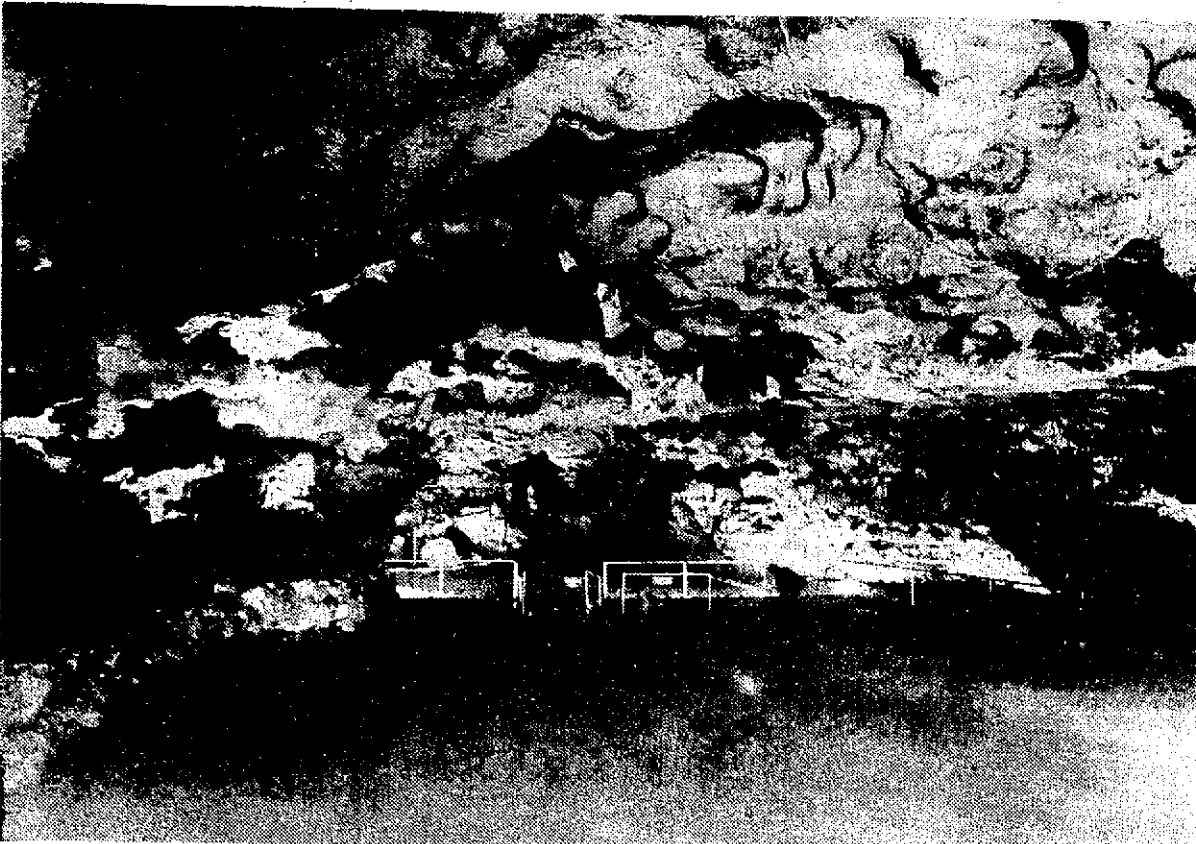

The Lake of the Ozarks is the largest of the man made lakes, being over 129 miles long with a winding shore line of 1375 miles. The area is covered with forests and many impressive rock formations. It is located in almost the exact center of the United States and has a system of major highways running to it. Several landing strips have also been constructed for use by light airplanes.

Over 250 resorts occupy the various scenic locations supplying ample accommodations for the many sportsmen and vacationists who visit the area. The accommodations range from camping grounds and rustic cabins to the most elaborate resort hotels. Dancing, boating, golfing and tennis are offered by many of these resorts. It offers all the active sports for those desiring them and still provides facilities for the vacationists who desire rest and the less energetic activities.

Water Sports

Every type of water sport is available from canoeing to lake excursions and regattas. Sailing,

Scenes at Jacob's Cave

One of the more unusual sites at the Lake of the Ozarks is Jacob's Cave pictured above in interior and exterior views. Visitors at the entrance to the cavern are: Mr. and Mrs. M. G. Fuhr and daughters, Judy, Patty and Mava, of Kansas City, Mo. The fossilized remains of many animals now extinct have been unearthed by those exploring the cave preparatory to its opening to the public. Bones of the wild hog, or Peccary, fossilized teeth, skulls and skeleton parts of other animals have been uncovered along with claws belonging to the great bears which once inhabited the region. Many of these fossils were turned over to the museum section of the Missouri State Capitol. The cave is owned by Russell Hall, of Versailles, and is on Highway 5, six miles south of Versailles.

Hoover Speaks To Jaycees Convention

Borrowing to Meet Deficit "Is Road Disaster" He Says

CHICAGO, June 17—(AP)—Herbert Hoover said Friday that further government borrowing to meet deficits "is the road to disaster for every cottage in the land."

The 76 year old former Republican President spoke before the 30th annual business meeting of the U. S. Junior Chamber of Commerce. The Jaycees have been supporting the proposals for government reorganization suggested by the Hoover Commission.

Mr. Hoover, in an address prepared for the Jaycee's main dinner meeting, posed the question: "Can We Reduce Expenses?"

"Can we reduce (governmental) expense?"

"To that, the answer is 'yes' Mr. Hoover stated emphatically.

His address was on a subject requested by the Jaycees themselves, the relation of government expenditures, deficits and taxes, to jobs and to national life.

"Financing government deficits by borrowing," Mr. Hoover said, "if continued long enough, has only one end—inflation."

That has been proved by a dozen nations.

"We ourselves have already decreased the purchasing value of the dollar by about 50 per cent and we are still creeping along that road. The five cent telephone call and the five cent fare have already gone, and the five cent candy bar has shrunk."

"A new round of inflation is

now appearing in direct or indirect wage and salary increases and rising commodity prices.

"If we keep on this road, we are certain to reach the President's ideal of \$4,000 a year to every family. But it will not have \$4,000 purchasing power."

"To this question of further government borrowing to meet deficits, my answer is that is the road to disaster for every cottage in the land."

Mr. Hoover asserted that a "holiday in new government services" would help overcome the national deficit.

"No doubt many things the government can provide are desirable. Most every family would like to add desirable things to its living."

"But getting them by borrowing money is the way the old home-stead was lost."

Cut Out Waste Spending
The former President suggested that "cutting out of waste in government on the lines proposed by the 'Hoover' reorganization commission" would reduce deficits.

He also said that the "non-war part of the government has increased expenditures 400 per cent in 17 years, and 50 per cent in

the last three years." Mr. Hoover, the most recent Republican party

Dulles Confers With MacArthur

TOKYO, Saturday, June 17—(AP)—John Foster Dulles arrived today for talks with General MacArthur to determine "if it is wise at this time to proceed with a peace treaty" for Japan.

The state department republican advisor was ahead of two other top officials who will take part in the talks next week.

Secretary of Defense Johnson and Gen. Omar N. Bradley, chairman of the joint chiefs of staff, are due tonight from Okinawa.

Dulles left after an hour and a half stop-over for south Korea. He will return Tuesday to join Johnson and Bradley in the discussions.

As the hour for the top-flight conferences neared, reliable sources said Japan's leaders were fearful lest the talks on a peace treaty will produce a formula difficult to sell to the Japanese. They referred to what they believe is rising Japanese opposition to the U. S. maintaining bases in Japan

after a treaty is signed.

Dulles told reporters he was interested in political, economic and social factors in Japan bearing on the treaty question, not "primarily with military matters." He left those to Johnson and Bradley.

He came here at the request of President Truman and Secretary of State Acheson.

Sheriff Meredith Rhule said

Passes Bad Checks Gives Himself Up

SPRINGFIELD, Ill., June 16—(AP)—The sheriff said a young man walked into his office Friday and told him he got \$350 by forging checks when "I blew my top" in Corpus Christi, Tex. The stranger had a nickel left.

Rhule said Horton called it "a disgusting escapade" and said he wants to go back "and take my punishment."

The sheriff said the young man gave this account:

He left Corpus Christi about ten days ago, went to Fort Worth by bus, and to Austin by airplane. There he rented a cream colored 1950 car. He traveled 5,000 miles to Arizona, and then to Missouri. In Springfield, Mo., he left his 17 year old estranged bride of one

month with her parents. He gave her name only as "Joann."

He got the \$350 by forging a laundry company official's name on checks in Corpus Christi. He gave no motive.

Red Cross Corner

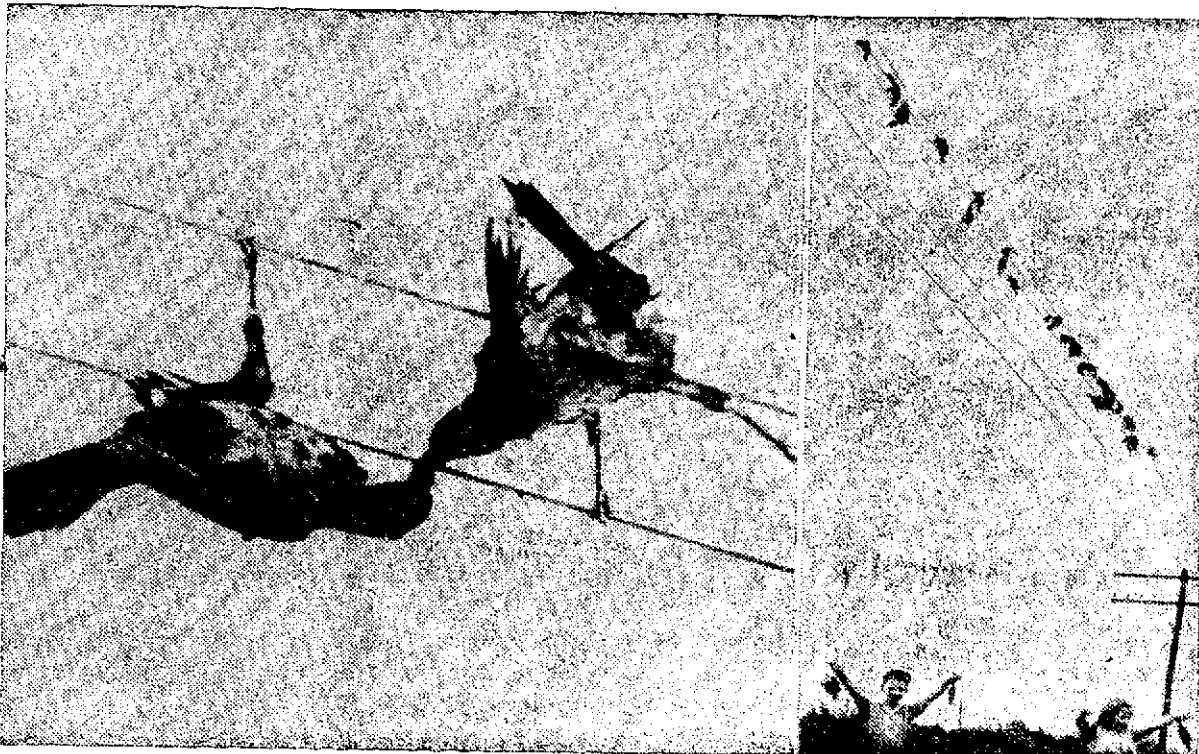

The American Red Cross looks into the future, distant as well as immediate, and prepares for it. This preparation takes the form of Training Course for Juniors, courses which stress the importance of working together, playing together, and sharing common experiences and problems. Last Monday, our Junior Red Cross chairman, Miss Margaret Egan, announces Ruthanne Zulauf and Donald Potter, Junior representatives of the Pettis County Chapter, left here to attend the 1950 Leadership Training course, which is being held at Petit Jean State Park, Morrilton, Arkansas. About 120 girls and boys from the Midwestern Area are in attendance at this Junior Red Cross convale, from large cities, rural communities, large and small schools. ARC has definite plans for her Juniors, plans that take in both the national and international picture. We fully expect our boys and girls from Pettis County and Sedalia to enter into both pictures.

Carrying out the plans suggested by Area office and Bothwell Hospital a short time ago, the Gray Ladies have entered upon their duties at the hospital. Last Monday, Mrs. A. A. Ferguson and Mrs. Lawrence Geiger were on duty; Friday Mrs. Edward Hoffman and Mrs. Joe Menefee; Saturday, Mrs. Roy Bowers and Mrs. C. D. Demand. These same volunteers will serve each week at the hospital, and we sincerely hope other Gray Ladies will report to the chairman of their willingness to assist at a designated time.

'Kiss of Death'

(NEA Telephoto)
A seemingly harmless kiss between the two starlings in the left photo proved to be a "kiss of death" for more than 200 other birds in Okawville, Ill. The starling flock settled on two electric wires. Their weight caused the wires to sag and the two decided to kiss. As they touched beaks, it caused a short and the birds were electrocuted. The right photo shows two children, Gene and Shirley Briankman, picking up some of the birds that fell to the ground.

Aide, assisted at the X-ray clinic, Bothwell Hospital last Friday. This is a weekly service.

Michael Wolfe, chairman of First Aide, has informed us that W. E. Bruce will organize and instruct a Junior and Standard First Aid class at Striped College, beginning Monday evening at eight o'clock.

Our Water Safety Chairman, Henry Sutton, reports much activity at both municipal pools this summer. At the Liberty Park pool Red Cross swimming classes are held three mornings each week, with the same instruction being given at the Hubbard pool two afternoons a week. The swimming instructors are Robert Booth and Rene Bohon.

Talk On Insects Before Club

The June meeting of the Maplewood Extension club was held at the home of Mrs. Emil Kasak with Mrs. T. E. Thompson assisting. A luncheon was held to which all contributed. Mrs. John Fowler led the group in singing "My Faith Looks Up to Thee" and rendered a prayer for the devotional. Roll call was answered with 23 members and eight visitors telling "Why I think a vacation is necessary." Visitors were: Mrs. Bill Hains, Mrs. Hilda Brown, Mrs. Betty Elliott, Miss Emily Banning, Miss Doris Nelson, Miss Betty Hansen, Mrs. Raymond Lane and Mrs. John

Kelly. Mrs. Elliott and Mrs. Kelly became members of the club. James Ellis, a 4-H club member, gave a talk and demonstration on "Insects." After the business meeting the hostess was honored with a shower of gifts for her new home by the club members.

ST. LOUIS CLO. CO. - SECOND FLOOR

Miss Elaine Nelson, daughter of Mr. and Mrs. George Nelson, route 5, Sedalia, and Mr. James Starke, 1601 East Ninth street, son of Mrs. Mayne Starke, 1210 East Tenth street, were married in a double ring service at 2:00 o'clock Sunday afternoon, June 11, at the Epworth Methodist church. The ceremony was read by the Rev. Ralph Emerson Hurd, pastor of the church, before an altar setting of arrangements of spring garden flowers and white candelabra entwined with honeysuckle vine.

Preceding the ceremony Mrs. C. C. DeLozier, played a program of organ music and accompanied Mrs. F. O. Withers, who sang, "Always" and "Because."

As Mrs. DeLozier played, "One Alone," Miss Betty Hanson, of Wausa, Neb., wearing a pale blue dress and Miss Ethyl Karl Starke, of St. Louis, niece of the bridegroom, wearing a lime green dress, lighted the candles.

The bride, who was given in marriage by her father, wore a white sharkskin suit with navy and white accessories and her corsage was of pink carnations.

The bride's only attendant was her sister, Miss Doris Nelson, who wore a pink suit with accessories of white and her corsage was of white carnations.

Mr. Bob LeRoy Starke, nephew of the bridegroom, served as best man and ushers were Mr. J. W. Starke and Mr. Robert Rapp.

Mrs. Nelson, mother of the bride, wore a navy and white dress with navy accessories and her corsage was of white carnations. Mrs. Henry Roads, grandmother of the bride, wore a printed silk dress and her corsage was also of white carnations. Mrs. Starke, mother of the bridegroom, was attired in a navy and white sheer with wheat accessories and a white carnation corsage.

A reception was held following the ceremony at the home of the bride's parents. A three-tiered wedding cake centered the dining room table and on either side were lighted tapers in crystal holders. The house was decorated throughout with pink roses and honeysuckle. About 75 guests attended the reception. Miss Doris Nelson had charge of the guest book.

Presiding at the punch bowl was Miss Frances Jaeger and serving were Miss Starke, Miss Hanson, and Mrs. Kenneth Nelson. Mrs. J. W. Starke assisted in cutting the cake after the bride and bridegroom had cut the first piece. The couple left on a wedding trip to Rockaway Beach and upon their return will be at home in an apartment at 900 South Stewart avenue.

The bride is a graduate of the Smithton high school in the class of 1950.

The bridegroom was graduated from the Smith-Cotton high school in the class of 1947 and since graduation has been employed by the Missouri Public Service corporation.

Out-of-town relatives here for the wedding included Mr. Donald Nelson, brother of the bride, stationed in Norfolk, Va.; Mrs. J. E. Wallington, Jr., of Houston, Tex., sister of the bridegroom, and her daughter, Melody Beth; Miss Betty Hanson, Wausa, Neb., childhood friend of the bride; Mrs. Jacob Smith, Bloomington, Ill.; Mr. and Mrs. E. H. Gumpenberger, and Miss Ethel Karl Starke, of St. Louis; Mr. and Mrs. Fred Nichols, and Miss Mary Huff, Tipton; Mr. and Mrs. R. W. Boulware and son, James, and Mr. and Mrs. O. E. Cordry, of Syracuse; Mr. and Mrs. Ardee Bane and son, Max, Ottumville; Mrs. Lotie Starke, Mrs. Joe Monsees, Mr. and Mrs. Bernie Sharper, and Mr. and Mrs. Earl Momborg, and daughter, all of Smithton.

Church News

Circle No. 3, Mrs. Clayton Mitchell, chairman, and circle No. 6, Mrs. Howard Edwards, chairman, the former Mary and Martha Circle of the First Methodist church, will have a joint picnic Tuesday, June 20th, at the home of Mrs. Eugene Helman, RFD No. 4. Meet at the church at 11:15 a. m. Calling committee will

advise what to bring. Assisting hostesses will be Mrs. Emmis Sutherland, Mrs. Clinton Black, Mrs. John Rundelett, Mrs. Chester Long and Mrs. Paul Mowry.

The World Friendship Group of the Epworth Methodist church will meet at 7:30 o'clock Monday evening.

The worship will be in charge of Mary Lou Modlin. Guest Speaker will be Joanne Harrell and Mary Lou Modlin will be guest speakers.

Hostess were Neva Lee Shoemaker and Ruth Woodford.

Miss Wray Bride Of Jack W. Stephens

Miss Gloria Wray, niece of Mr. and Mrs. J. C. Hardy, became the bride of Mr. Jack W. Stephens, son of Mr. and Mrs. C. T. Stephens, of Tipton, Sunday afternoon, June 11, at 3:00 o'clock at the home of Mr. and Mrs. Hardy. The Reverend Louis Drake, pastor of the Tipton Presbyterian church read the marriage ceremony.

The home was decorated with white lilies and gladioli.

Miss Dolores Martin sang "Always" and "Because" preceding the ceremony and "I Love Thee" before the last prayer, accompanied by Miss Anita Martin.

The bride, who was given in marriage of her uncle, wore a heliotrope crepe dress with navy blue hat and accessories. She carried a shower bouquet of white roses and larkspur.

Miss Carollee Wray, sister of the bride, was her only attendant. She wore a navy chiffon dress with blue and white accessories. Mr. Richard Conn was best man. Immediately after the ceremony a reception was held. A three-tiered wedding cake encircled by orange blossoms and pink rose buds decorated the refreshment table. Assisting were Mrs. R. W. Stark, aunt of the bride, and Mrs. Howard Palmer, sister of the bridegroom.

Immediately after the reception the couple left for a honeymoon in the east. The bride chose for going away a gray gabardine suit with navy blue accessories. Her corsage was of white roses. They will reside in Tipton.

Stay Away From Chicago For The Next Two Weeks

CHICAGO, June 17—(AP)—If you're planning to visit Chicago during the next two weeks, be sure you have a bed and roof.

All major hotels are sold out. Close to 20,000 buyers are expected in town for the International Home Furnishings summer market. Even outlying and suburban hotels have no rooms.

One major hotel said rooms will be at a premium even in Waukegan and in Milwaukee, 90 miles north of Chicago.

Overstuffed Chair Damaged By Fire

The city fire department answered a call to the residence of George West 403 East Sixth street at 8:57 p. m. Friday where a tenant had set fire to a chair while smoking.

Slight damage resulted to the chair and to the house where the occupants had thrown water.

Mr. West burned his left hand slightly while trying to put the fire out and was given first aid by the firemen.

Not A Mule Left At Kiowa County Oklahoma

HOBART, Okla., June 17—(AP)—The clip-clop of mule hoofs has disappeared in Kiowa county. But a mere ten years ago 682 mules were counted. By 1948, though, the figure had dropped to an even two dozen. And last year only 12 were counted.

This year, the county tax department discovered, there isn't a mule left in these parts.

Injured When Bicycle Struck

Ronnie Hoppes, 11-year-old carrier for the St. Louis Star-Times, son of Mr. and Mrs. A. E. Hoppes, 1107 Ware avenue, was injured about 6:15 o'clock Friday evening when a 1950 Ford station wagon struck the bicycle on which he was riding. The accident occurred at Emmett avenue and Howard street.

Ralph Guymon, of 805 South Merriam avenue, a local cab driver, came upon the scene shortly after the accident. Guymon said he saw the boy was crying and appealed to be in a state of shock so he stopped and tried to comfort him. As soon as the ambulance arrived Guymon left, after the boy had told him his home address. He drove to the Hoppes home and picked up the boy's mother. Taking her to the hospital, Guymon refused to accept payment for his services.

According to a report given police, Ronnie, who was delivering papers, was riding his bicycle south on Emmett avenue and the station wagon, driven by Wiley Walter, son of Mr. and Mrs. D. E. Walter, 311 East Boonville street, approached from the north. The bicycle was thrown onto the lawn of a house located on the corner of the intersection at which the accident occurred.

He was taken to the Bothwell hospital in the Gillespie ambulance.

Baskets of pink and white gladioli, ferns, palms and lighted tapers in candelabra before the fireplace in the parlor of the First Baptist church in Columbia, formed the setting for the marriage of Miss Sara Louise Weller, daughter of Mr. and Mrs. William H. Weller, route 2, Green Ridge and Mr. Lowell Leslie Coon, son of Mr. J. M. Coon, of Sprickard, Mo., at 2:00 o'clock Saturday afternoon, June 10. The double ring service was read by the Rev. Lee Sheppard, pastor of the church.

Preceding the ceremony Mrs. Alfred Reis played "Because," "Strange Music," and "Claire de Lune" and accompanied Miss Alice Guyton, of Independence, who sang "I Love Thee" by Greig, and "Through the Years," by Vincent Youmans. Mrs. Reis also played the traditional wedding marches for the processional and recessional.

Just before the bride entered the ushers, Mr. Frank Crain of Dadeville, Mo., and Mr. Harold Gastler, of Martinburg, Mo., lighted the candles.

The bride, whose father gave her in marriage, chose for her wedding, a dress of shadow print organdie in all white, fashioned with full skirt, shirred cap sleeves, a Peter Pan collar, and buttoned down the front to the waist with self covered buttons. Her hat was of pale blue straw cloth with white veiling and completing her costume were white lace mitts. She carried a bridal bouquet of white roses and stephanotis tied with pale blue net.

Miss Anna Margaret Thomas, of Trenton, as maid of honor, wore a dress of pink embroidered organdie styled like that of the bride with which she wore white lace mitts. Her hat was of white straw cloth with pink veiling and her flowers were white carnations and stephanotis tied with pink net.

Mr. Donovan Pedersen, of Muscatine, Ia., served as best man.

Mrs. Weller, mother of the bride, wore a black sheer with white accessories and her corsage was of talisman roses.

Mrs. Amy Morrison, sister of the bridegroom, wore a navy print sheer with white accessories and a corsage of pink roses.

A reception was held at the home of Mrs. D. D. Sheppard, 1115 University avenue, immediately following the ceremony at which there were 60 guests.

The lace covered table was centered with a three-tier wedding cake decorated with pink rosebuds, on either side of which were lighted tapers and cut flowers. Arrangements of flowers in pink and white were used throughout

Mr. and Mrs. Dale Corbett, who were married at 3:00 o'clock, June 3rd in a single ring service by the Rev. H. U. Campbell, pastor of the Fifth street Methodist church. The couple was attended by Miss Norma Estes of Smithton and Mr. Gene Bybee. Mrs. Corbett was formerly Miss Deloris Knoles, daughter of Mr. and Mrs. Luther Knoles of Smithton. Mr. Corbett is the son of Mrs. Lillie Corbett, 907 North Grand avenue. The couple left for Batesland, S. Dak., where they will make their home.

the reception rooms.

Following the cutting of the

Sunday Wedding in Houstonia Church

Miss Joan Lockney, daughter of Mr. and Mrs. Cecil Lockney, of Houstonia, became the bride of Mr. Bernice Lee Nutt, son of Mr. and Mrs. Artie Nutt, of Houstonia, at 2:00 o'clock Sunday afternoon, June 11, at the Community church in Houstonia. The Rev. Clarence Fast of Kansas City read the single ring services before an altar setting of roses, mock orange blossoms.

wedding cake by the bride and bridegroom the guests were served cake and lime ice punch by Mrs. Charles Clemmons of Spickard and Miss Bernice Barnaby, of St. Louis. Miss Marianne Wilkinson, of McCredie, had charge of the guest book.

After the reception the couple left for a short motor trip, following which they will reside in Columbia where both are employed until the university opens in the fall. The bride's traveling costume was of navy shantung with white pique with white pique trim and white accessories. Her corsage was of white roses.

The bride's sororities are Phi Upsilon Omicron and Gamma Sigma Delta and the bridegroom is a member of the Chi Epsilon.

Out of town guests at the wedding were: Mr. and Mrs. W. H. Weller, Green Ridge, parents of the bride; Mr. J. N. Coon, Spickard, father of the bridegroom; Mr. and Mrs. Gerald Coon and daughter, Mrs. Amy Morrison, and Mr. and Mrs. Thomas, of Trenton; Mr. and Mrs. Donovan Pedersen, of Muscatine, Ia.; Mr. George Downing and Mr. Elmer Bullard, of Green Ridge, and Miss Emily Banning, of Sedalia.

ands and lighted candles. Proceeding the ceremony Mrs. Sarah Fricke, at the piano, played "At Dawning," and accompanied Miss Marlene Dennis, who sang: "Because," "O, Promise Me" and "At Dawning."

The bride, who was given in marriage by her father, wore a gown of white satin fashioned on princess lines, with sweetheart neckline, leg o' mutton sleeves and cathedral train. Her illusion veil in three tiers was attached to a tiara of orange blossoms, and she carried an arm bouquet of white rosebuds.

Miss Jerry Lockney, sister of the bride, as maid of honor, wore a floor length dress of lime green and her flowers were pink carnations.

Ruth Elaine Nutt, sister of the bridegroom, was flower girl and wore a dress of blue taffeta.

Mr. Emmett Howard served as best man and ushers were Mr. Richard Tolson, Mr. James Harris and Mr. Russell Rhinehart, all of Houstonia.

Candles were lighted by Miss Bonnie Jean Curry of Houstonia in a pink gown with pink rosebud corsage and Miss Billie Dean Rhinehart, of Longwood, in a white gown with corsage of pink rosebuds.

Following the ceremony a reception was held at 2:00 o'clock at the home of the bride's parents. Arrangements of orange blossoms

and red and white roses were used about the home.

Assisting in serving the guests which numbered 150 were Mrs. Ray Lockney, aunt of the bride, from Oklahoma City, Okla., Mrs. Dorothy Dennis of Houstonia and Mrs. Albert Parr, of Kansas City, also an aunt of the bride.

Mrs. Lockney, mother of the bride, was attired in a gray dress with accessories of black, and Mrs. Nutt, mother of the bridegroom, wore a green suit with with accessories. Both wore corsages of pink rosebuds.

Out-of-town guests were Mr. and Mrs. J. Olin Taylor and daughters, Betty and Linda, of Springfield; Mr. and Mrs. H. L. Gibson, of Flemington, Mo.; Mrs. C. T. Nutt, Flemington, Mr. and Mrs. Ray Lockney and daughter, Melanie and Mrs. Jack Cunningham and daughter, Polly Jane, of Kansas City, Mr. and Mrs. Ernest Craighead, of Kansas City, Miss Newton, of Kansas City, and Mrs. Carrie Cretcher and Mrs. Mel H. Gonfriz.

Following the reception the couple left for a short wedding trip to the Lake of the Ozarks. For traveling the bride wore a dress of lime green shade styled with off-the-shoulder neckline. Her corsage was of pink rosebuds.

Mr. Nutt is engaged in farming.

Miss Maxine Connor, daughter Of Charles Dove

Miss Maxine Connor, daughter of V. T. Connor, route 3, Sedalia, became the bride of Mr. Charles Dove, son of Mr. and Mrs. Charley Dove, route 4, Sedalia, at 10:30 o'clock Saturday, May 20th, in the rectory of Sacred Heart church. The Reverend Anthony Mignoli read the single ring ceremony.

The bride chose for her wedding an ice blue dress with navy blue accessories. She wore a corsage of red flowers.

Miss Mona Rose Logan was maid of honor. She wore a beige dress with navy blue accessories. Her corsage was of yellow roses.

The best man was Albert Markes, cousin of the bridegroom. Mrs. Connor, mother of the bride, wore a green dress with black accessories, and her corsage was of white flowers.

Mrs. Dove, mother of the bridegroom, wore a floral dress with black accessories. She also wore a corsage of white flowers.

They left immediately after the ceremony for a five-day honeymoon in Kansas, Arkansas, Oklahoma. After they returned May

20th the bridegroom's mother held a reception at her home. Green and white was the color scheme used to decorate the home. There was also a two tiered wedding cake with a miniature bride and bridegroom on top. They will live at 1310 South Osage avenue.

The bride is a graduate of Wind-sor high school and is now em-

played at Lamy's Manufacturing company.

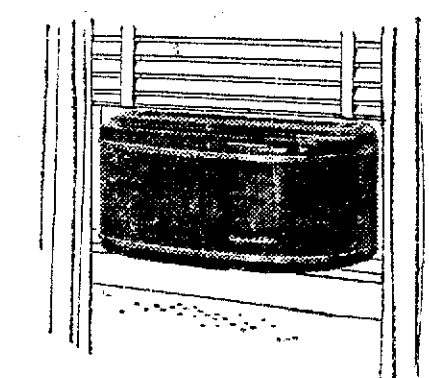

The bridegroom is employed at Parkhurst Manufacturing company.

OBITUARIES

Paul Bohm Dies
Paul Bohm, 45 years of age of Sedalia, route 3, died at 8:00 o'clock, Saturday night, after an illness of several months.
He was the son of the late Martha and Louis C. Bohm. His mother died in 1942 and his father died May 20 of this year.
Surviving are two sisters, Mrs. Layte Voss of Kansas City; Mrs. Lorence Eschbacher, 1101 West Second street; a brother, Herbert W. Bohm of Sedalia, route 3; six nephews and other relatives.
Funeral services will be held Tuesday afternoon at 2:00 o'clock at the Gillespie funeral home, where the body will remain until time of the funeral services.
Mr. Bohm was a member of the Baptist church.

Mrs. Augusta Eugenia Mason
Mrs. Augusta E. Mason, 94, of Ottumville died at the home of her daughter, Mrs. Edgar Roessler after a lingering illness, Friday night at 7:00 o'clock.
Mrs. Mason was born June 29, 1855 in Cooper county the daughter of the late Drydan and Sarah Starke. She would have been 95 the 29th of this month.
She was married June 29, 1875 to John Willis Mason.
She was a member of the Baptist church.
She is survived by three daughters: Mrs. Edgar Roessler, Mrs. O. L. Homan and Mrs. Nona Kuri all of Ottumville. Fourteen grandchildren, twenty-eight great grandchildren and four great-great grandchildren also survive her.
Funeral services will be held today at the Baptist church in Ottumville with Rev. A. K. Woods of the Ottumville Methodist church officiating.
Singers will be: C. A. Leach, Jeff Straten, Mrs. Ruth Zumsteg and Mrs. A. Y. Burford accompanied by Mrs. W. L. Burford. They will sing "What a Friend We Have in Jesus" and "How Fine a Foundation."
Palbearers will be: nephews. Interment will be in the New Lebanon cemetery.

D. B. Catterlin
D. B. Catterlin, 68, formerly Tulsa, Okla., oilman, died at his country home in Prairie Grove, Arkansas, Tuesday night, where he had been living since retiring in 1945 from the Gulf Oil Company, as auditor and assistant secretary treasurer.
Mr. Catterlin was a former Sedalian, living on North Prospect avenue, attended Sedalia high school, and also a graduate of Central Business college.
In May, 1909, he went to work for the Gypsy Oil firm in Tulsa, Okla. as a clerk, when the company had only 25 leaves, all in the Glenn pool near Sapulpa. It grew from this development to a Gulf Oil Co. division owning thousands of leases in many states.
He was a 32nd degree Mason, and a member of the Delta Masonic Lodge in Tulsa.
He is survived by his wife, Alice, and a niece Mrs. Grover Kemp and a nephew, Ben Catterlin, of Tulsa, Okla.
Funeral services were held Thursday afternoon at 3 p. m. from the Stanley funeral home in Tulsa and burial was in Memorial Park cemetery, in Tulsa.
Mrs. D. A. Rose, 1400 East Fourteenth, a sister to Mrs. D. B. Catterlin, Mr. and Mrs. John W. Welch, 1112 West Seventh and Mr. Beverly J. Rose, 1400 East Fourteenth street, attended the funeral.

Funeral Of Roy S. Kemper
Funeral services for Roy S. Kemper, secretary of the Missouri State Fair who died at a Macon hospital Wednesday afternoon, were held at the Albert Skinner funeral home there Friday afternoon. The Rev. Joseph Knierim, pastor of the Presbyterian church there, officiated.
Among the many from Sedalia attending were Rolla Singleton, Mr. and Mrs. P. V. Harris, Mr. and Mrs. Fred Overfelt, Mr. and Mrs. Floyd McFarland, Mr. and Mrs. N. U. Renshaw, Mr. and Mrs. O. L. Scott, Miss Rosalie Mountjoy, Miss Ida Cruzan, Warren E. Poindexter, R. C. McVey, Harry Moore, Charles Stuart, Henry Beck, H. F. Rice, Arch L. Graham, W. D. Strader, Thomas and Austin Hurley, Miss Mary Ellen Merrell, Mrs. Ruth Swearingen.

Service Of C. S. Foster
The Very Reverend Monsignor William F. Roels, of Boonville, gave the talk at the funeral service of Charles S. "Paddy" Foster, 1902 South Ingram avenue, who died Tuesday night at St. Joseph's hospital. The requiem mass was conducted at 9:00 o'clock Friday morning at St. Patrick's church, by the Rev. Father J. P. Hamilton, acting pastor taking the place of Father J. P. Nolan, who is abroad.
Father Edward Owens, chaplain at the Boonville hospital, conducted the services at the grave, in Calvary cemetery, and the large number of religious sisters and priests attending alternated in singing the Benedictus. Two of the deceased's daughters are members of the religious order of St. Benedict, and are located at St. Scholastica convent, in Fort Smith, Ark.
In addition to relatives here to attend the funeral were the following: Rev. John Hartigan, Martinsville; Rev. John Basket, Boonville; Rev. L. L. Engeman, Pierce City; Rev. Mother Per-

Rate Hike On Phones Granted
(Continued from Page One)
ment and operating costs, as recognized by the Commission's order. The cost of wage increases alone contracted in Missouri during the last year is approximately \$18,000,000 a year against about only \$7,000,000 a year in increased rates. The last increase in our wage cost was contracted only a few days ago.
"We will make the new rates effective as ordered," Towles said, "while we study the next step." It is clear, as the Commission plainly states, "that we are far from finished with the telephone expansion and improvement job in Missouri, despite the huge additions to plant—some \$110,000,000—in the last five years. In many places, including the largest cities, we are right now in serious difficulty in trying to meet the demand for service. The number of people waiting is increasing rapidly and thousands of others are demanding a different type of service."
"It is obvious that the demand for telephone service will continue unabated, considering the construction of many thousands of new residences and the deeper penetration of the residence market for telephone service that is stimulated by the low cost of service in relation either to value or to the family budget. To meet this demand many additional millions of dollars should be invested in Missouri telephone plant in the next few years. When adequate rates are finally established, telephone service still will be a bargain."
"To satisfy this demand, and to continue modernizing the service, it is clear that further rate relief must be had," Towles concluded.

Caroline Mars Is Ferrying Marines
PEARL HARBOR, June 17—(AP)—The huge Caroline Mars took off late today with 144 men on a 2,609-mile flight to California. The navy said it was believed to be a world record passenger load for that distance.
The four-engine flying boat, biggest of the navy's fleet of air giants, roared down the lagoon of Honolulu airport and lifted slowly into the air at 5:20 p.m., (10:20 p.m., E.S.T.) her destination is San Diego, Calif.
The takeoff came two hours and five minutes after the slightly smaller Hawaii Mars lumbered into the air jet assisted with 106 men aboard for a 2,400-mile hop to Alameda, Calif.
The Hawaii Mars set the current record of 120 men for the Hawaii-California flight in 1946.
There is no threat to the world record for the most persons ever taken aloft. The Marshall Mars set that in May of 1949 by ferrying 308 persons to San Diego from Alameda, Calif. The Marshall Mars exploded and sank off Pearl Harbor April 5.
The current flight is no mere stunt. The navy is ferrying the only company of Marine Reserve outside the continental United States to San Diego to participate in training exercises.
Each man in the reserves was equipped with a rifle, a field pack and a filled canteen.

Iowa Lawyer To Head Jaycees
CHICAGO, June 17—(AP)—Richard W. Kemler, 35 year old Marshalltown, Ia., lawyer, today was elected president of the U. S. Junior Chamber of Commerce.
Kemler was chosen unanimously on the second ballot.
Floyd Stewart of Monett, Mo., another candidate for the post, withdrew after the first ballot and asked delegates supporting him to cast their votes for Kemler.
The third candidate, Ralph Rohweder of Chicago, then also withdrew, and Kemler was elected by acclamation.
The balloting took place on the final day of the Jaycees' 30th annual convention. Ten vice-presidents were also elected. Among them was Harry G. Wilco, St. John, Kas.
Kemler has been a Jaycee since 1939 and headed the Iowa Junior Chamber in 1949. He was a flight commander in the Air Force during the war. He is a bachelor.

Peoples Own Fault Says Lt. Gov. Blair
JEFFERSON CITY, June 17—(AP)—"The man or woman who won't participate in running his own government ought to keep his mouth shut about how it is run," Lt. Gov. James T. Blair, Jr., said tonight.
He drew a cheer from delegates to the Missouri War Dads sixth annual convention with that sharp statement.
He said "Missouri is in serious danger of becoming a bureaucracy rather than a democracy."
"Most of you take no interest and most of you don't even vote," Blair is acting chief executive of Missouri while Gov. Forrest Smith is out of the state attending the national governors' conference in White Sulphur Springs, W. Va.

Only A Near Collapse Could Deprive Him Of The Crown Today
By Gayle Talbot
NEW ROCHELLE, N. Y., June 17—(AP)—That fly which landed on Lloyd Mangrum's ball and cost him two strokes in the National Open playoff at Merion 18 days ago must have made the man from Chicago mad.
In the past three days he has shot a brand of golf which breathes vengeance and tonight the mustachioed star was so far ahead of his fellow professionals in the \$15,000 Palm Beach Round Robin tournament that they were shaking their collective heads and wondering what hit him.
A Round To Go
With only a single round to go in the rich 90-hole event, Mangrum was the far away leader with a "plus" score of 35 showing the way to his closest pursuer, Herman Barron of nearby White Plains, by a big 12 points.
Only a near collapse could deprive Mangrum of the \$3,000 first prize tomorrow night.
His medal scores was 70-70-65-68, or 15 strokes under par for the 72 holes. His fourth straight sub-par round today won him 18 points over the three companions in his foursome—Ben Hogan, Paul Runyan and Norman Van Nida.
Barron, the winner two years ago, pitched up 14 points with a steady 70 today to climb from fifth into the runner up spot. Claude Harmon of Mamaroneck, N. Y., who started today in second place, fell into a third place tie with the surprising Art Ball of San Francisco, each at plus 21.
First Leader Falls
Lawson Little, the former open and amateur champion who led at the end of the first and second days dropped seven big points with a 74. That placed the veteran in sixth place with a score of plus 14.
Cary Middlecoff of Memphis, the recently deposed open champion, was in lone possession of fifth place with a plus 16 after shooting a 72 today and gaining six points.
Jimmy Demaret, whose good 70 today gave him a plus four, was the last of the players to have won more holes than he had lost. Below him, and hopelessly out of the important money, were nine others including Sammy Snead at minus one and Ben Hogan at minus 22.
Seven Soldiers Held In Assaulting Small Girl
ABERDEEN, Wash., June 17—(AP)—Seven Port Lewis soldiers have been charged in a Grays Harbor justice court with the forcible rape of a 15 year old Aberdeen girl last Saturday night.
The charges were filed yesterday by County Prosecutor Stanley J. Krause. The soldiers are being held at the county jail at Montesano in lieu of \$1,500 bond each.
Named in the charges are Larry O. Spurling, 18, Angus, Neb.; Gammon J. Haskell, 18, Batist, Okla.; Marvin T. Lanston, 19, Batesville, Ark.; Carl E. Hollifield, 19, Garret, Ky.; Paul LaBorde, 19, New Orleans, La.; Lorene Nelson, 19, Aurora, Neb.; and Raymond R. Cameron, 19, Three Rivers, Tex.
Bushman, Ailing, Gorilla Back To Normal Diet
CHICAGO June 17—(AP)—Bushman, the ailing gorilla of Lincoln Park, is back to his normal diet, his keeper reported today. The giant ape is packing away a daily menu of 30 pounds of vegetables, milk and fruit.
Edgar Robinson, his keeper, said Bushman's legs still bother him and he continues to rest much of the time.

Irish Horse Set World's Record
By RUSS NEWLAND
ALBANY, Calif., June 17—(AP)—Irish bred Noor made it three in a row over mighty Citation today with a world record shattering mile and one eighth at Golden Gate Fields. The time was 1 minute 46 4/5 seconds, clipping four fifth off the old mark.
The five year old son of Nasrullah, sold by the Ali Khan to the late Charles S. Howard, proved his superiority with a tremendous stretch run after trailing the five-horse field until the far turn.
Citation had moved into second place early in the running. At the far turn, he moved up on the pace setting On Trust. The pride of the Calumet Farm, all-time money winning champion, charged into the lead as they rounded the turn for home.
Meanwhile Noor, under urging by veteran jockey Johnny Longden, was flying as they came into the stretch.
He picked up Citation and they battled head on head to the wire with Noor winning by a neck.
Roman In was several lengths back. On Trust ran fourth and Stepfather fifth and last.
Noor beat the old record jointly held by Indian Broom, Shannon III and Citation's stablemate, Countdown.
Noor paid \$5.60 and \$2.30, Citation, the three to five favorite, returned \$2.20 for the place position. There was no show betting.

Betty Rowland Is 1950 Cood Golf Champion
COLUMBUS, O., June 17—(AP)—Ripping four strokes off par for 15 holes, 20-year-old Betty Rowland, of Rollins College, today won the sixth Women's Collegiate Golf crown with a startling 4 and 3 victory over Grace Lenczyk of John B. Stelson.
Miss Rowland, a Rollins junior who lives in Lexington, Ky., was never behind as she swept to victory over the favored Miss Lenczyk, former American and Canadian amateur queen and 1948 collegiate champion.
Miss Lenczyk, of Newington, Conn., has reached the finals in all four attempts in the coed classic, but crashed through to victory only in 1948 although established as the favorite in each.
In 1947 she was upset by red haired Shirley Spork of Michigan State Normal, and in 1949 by Marilyn Smith of the University of Kansas.
Fines Assessed, Bonds Forfeited In Police Court

NLRB Rules Miners Broke Taft-Hartley Law
WASHINGTON, June 17—(AP)—The National Labor Relations Board unanimously ruled today that the United Mine Workers broke the Taft-Hartley law by a campaign of "violence" to organize employees of a Harlan county, Ky., department store.
The board charged that members of John L. Lewis' union sought to compel workers in the Union Supply Company at Lynch, Ky., to sign membership and dues check-off cards by "physical force" and by the "display of deadly weapons."
Fined On Improper License
Charles R. Seifner of Pettis county pleaded guilty to a charge of driving with improper licenses Saturday morning in the Magistrate court.
He was fined \$5.00 and costs.

Parties Given In Honor Of Miss Garrett

Several parties have been given recently in honor of Miss Dorothy Ann Garrett, who will be married this afternoon to Mr. Robert Dean Alexander, of St. Louis.

Mrs. Bill Bodine and Mrs. Leon Swope, assisted by their mothers, Mrs. L. V. Croy and Mrs. Ross Harkless entertained with a miscellaneous shower on Friday evening, April 21st, in honor of Miss Garrett. The party was given at the home of Mrs. Bodine and the decorations were carried out in a blue and silver color theme with a table centerpiece of colorful balloons.

Guests participated in several games pertaining to a bridal theme. Miss Garrett was then asked to be seated at the dining room table, where she was told to burst the balloons in order to find written verses. These verses revealed the hiding places of the gifts which were hidden throughout the home.

Refreshments of newlywed ice cream and cake and soft drinks were served to the following guests: Miss Garrett, her mother, Mrs. Ellis G. Garrett, the mother of the groom, Mrs. Thomas E. Alexander, Mrs. C. E. Garrett, Mrs. Emma Gieschen, Mrs. William Allcorn, Mrs. Carrie Reed, Mrs. Raymond Garrett, Mrs. Leigh Allcorn, Mrs. Clay Swope, Mrs. Werner Botts, Miss Ruth Ann Botts, Mrs. John Berry, Miss Eleanor Oversby, Miss Analu Allcorn, Miss Esther Peper, Miss Stella Sperber, Miss Vivian McAtee and Miss Fay Johnson.

Unable to attend were: Miss Rae Carolyn Garrett, Mrs. G. E. Allcorn, Mrs. George Law, of Ferguson, Mrs. Henry Thomas, of Webster Groves, Mrs. G. G. Bulkley, Mrs. Emma Schaefer, Miss Patty Croy, Mrs. Clayton Perry, of Grandview and Miss Mary Ann Hildebrandt.

Mrs. Ford E. Allcorn, of Fort Leavenworth, Kansas, entertained on May 10th in the Palm Room of the Hotel Bothwell with a luncheon and bathroom shower. Guests included Miss Garrett, Mrs. Ellis G. Garrett, Mrs. Thomas E. Alexander, Miss Rae Carolyn Garrett, Miss Mary Ann Hildebrandt, Miss Vivian McAtee, Miss Eleanor Oversby, Miss Lois Green, Miss Dorothy Williams, Mrs. Bill Bodine and Mrs. Elmo Harlan.

Mrs. Leigh Allcorn and Miss Analu Allcorn honored Miss Garrett on Wednesday, May 17th with a personal shower at their home. Awards for games were presented to Miss Garrett, Mrs. Vernon Croy, Mrs. Ellis G. Garrett and Mrs. William Allcorn. In the center of the living room was a table on which was a miniature bride holding colorful streamers and flowers. A clothes line holding paper replicas of lingerie was hung across the room. Miss Garrett read the verses on the "laundry" which directed her to the hidden gifts.

Refreshments were served to the following guests: Miss Garrett, Mrs. Ellis G. Garrett, Mrs. Thomas E. Alexander, Mrs. M. O. Stevens, Mrs. Vernon Croy, Mrs. A. R. Beach, Mrs. William Allcorn, Mrs. Bill Bodine, Mrs. Emma Gieschen, Mrs. C. E. Garrett and

Memorial Service Held By Lodges

Loyal Rebekah Lodge 260 joined the Odd Fellows Friday evening at the American Legion hall, in a joint memorial service. An address was delivered by the Reverend J. W. Watts. Music was furnished by a mixed quartet. A solo was given by Mrs. Edwin Danforth. Also a solo by Mrs. Virgil Tucker.

During the business session a charter was draped for a departed member. The hall was decorated with bouquets of garden flowers.

Fortunes were made and lost in a wave of speculation in tulips in Holland and adjoining countries in the 1630s.

Now! General Electric presents a refrigerator PRE-TESTED FOR SEDALIA

This is a G-E engineer making exhaustive refrigeration tests. That specially designed test equipment you see above includes (1) kilowatt-hour meter (2) room temperature recorder (3) cabinet temperature recorder (4) door opening counter and (5) unit running-time recorder.

A refrigerator that's pre-engineered for this area, for your home!

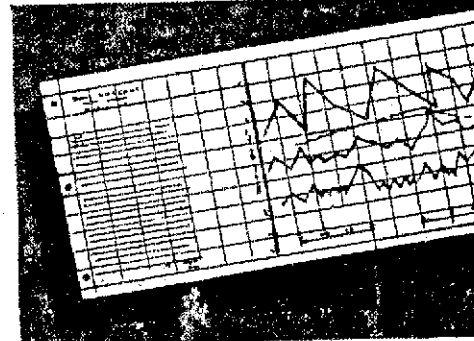

GENERAL ELECTRIC presents to you refrigerators that are *pre-tested* and *pre-engineered* for this area . . . refrigerators that are pre-tested for the varying temperature and humidity conditions in *this* climate!

Furthermore, these General Electric Refrigerators have been subjected to critical tests in a specially designed temperature and humidity room in the factory that simulates this climate!

These tests are far more severe than those encountered in your home, year after year! No wonder General Electric Refrigerators are world-famous for their **DEPENDABILITY!**

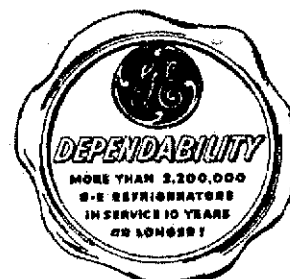

Here are two more G-E engineers out on calls. Remember: Refrigeration engineers studied refrigeration conditions and habits in various sections of this area!

This is a typical "load test" charted by one engineer as a result of his findings. Refrigerators were tested not for a few hours, but for many days, 24 hours a day. These "load tests" included precise figures on temperature, humidity, kilowatt usage . . . even the number of times the door was opened and closed under normal use!

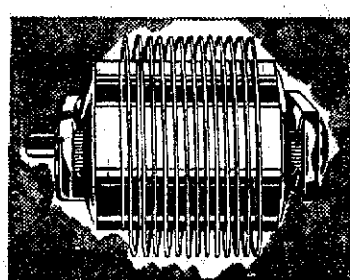

G-E REFRIGERATORS are pre-tested in this room . . . a specially designed temperature and humidity room in the factory that simulates all variations of climate in this area! Here G-E Refrigerators undergo severe tests — far harsher than you will subject them to in your home.

Greatest buy in many a year!

NOW! New Low Price!

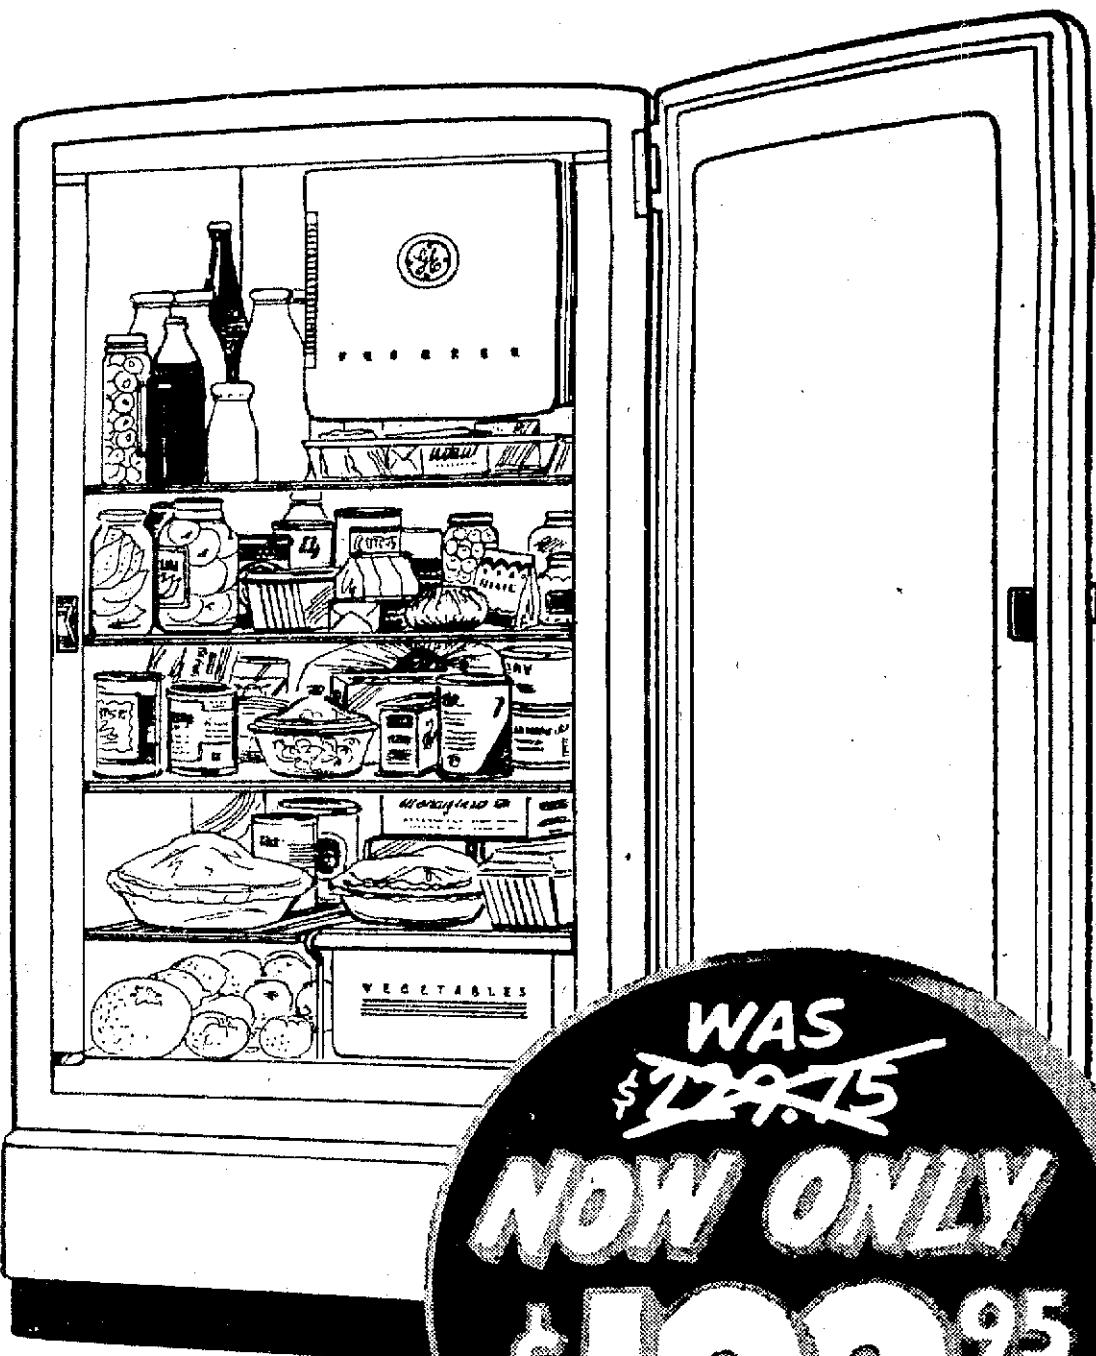

This feature, which you can't see, deserves your most important consideration!

You do not see the mechanism when you invest in a refrigerator. Yet the mechanism largely determines how economically your refrigerator will operate . . . and how many years it will serve you faithfully.

Remember that General Electric developed the hermetically sealed type of mechanism (at left). General Electric is the only maker who has more than 2,200,000 refrigerators with hermetically sealed units in use 10 years or longer.

When you buy a refrigerator you want dependable refrigeration. That means you want a G-E!
